[Dockets Nos. CP00-232-000 and CP00-232-001]

Iroquois Gas Transmission System, L.P.; Notice of Availability of the Draft Environmental Impact Statement for the Proposed Eastchester Project

August 2, 2001.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared a Draft Environmental Impact Statement (DEIS) on the natural gas pipeline facilities proposed by Iroquois Gas Transmission System, L.P. (Iroquois) in the above referenced docket.

The DEIS was prepared to satisfy the requirements of the National Environmental Policy Act. The staff concludes that approval of the proposed project, with the mitigation measures recommended in the DEIS (including a route variation to Hunts Point), would have limited adverse environmental impact.

The DEIS addresses the potential environmental effects of the project proposed by Iroquois to convey natural gas from Northport, Long Island, to the Bronx, New York. The pipeline would be constructed across Long Island Sound and be comprised of the following facilities:

32.8 miles of 24-inch diameter pipe;
 Pipeline maintenance facilities constructed in Northport and the Bronx;
 One mainline valve at Locus Point;
 A gas meter, regulator, heater, odorant facility, and mainline valve at the project terminus in the Bronx;
 Two new compressor stations along the existing Iroquois pipeline;
 Additions and modifications to three existing compressor stations; and
 Workspace and access roads to construct, operate, and maintain the above facilities.

The purpose of the proposed facilities would be to provide natural gas for electric generation and to serve residential, industrial, and commercial customers in New York City. The proposed project would serve:

Consolidated Edison Energy, Inc.—
 30,000 dekatherms per day (Dth/day)
 Keyspan Ravenswood, Inc.—60,000
 Dth/day
 Orion Power Holdings, Inc.—60,000
 Dth/day
 Miriant New York Management, Inc.—
 60,000 Dth/day
 Virginia Power Energy Marketing, Inc.—
 20,000 Dth/day.

This DEIS is provided to the U.S. Fish and Wildlife Service (USFWS) and to the National Marine Fisheries Service (NMFS) as our biological assessment under the Endangered Species Act (ESA). Sections 4.7, 5, and 6 of the DEIS specifically discuss listed species and measures to mitigate any project related impacts to those species and any critical habitat in the project vicinity. Staff concludes, the project, with the proposed mitigation in the DEIS, would not likely adversely affect listed species or their critical habitat. We request written concurrence from the USFWS and the NMFS on this conclusion. Absent the requested concurrence, we request initiation of formal consultation under section 7(a)(2) of the ESA.

Pursuant to section 305(b) of the Magnuson-Stevens Fishery Conservation and Management Act, federal agencies are required to consult with the NMFS on any action that may result in adverse effects to essential fish habitat (EFH). Sections 4.6.2 through 4.6.2.2, 5, and 6 and Appendix E assess the impacts of the proposed project on EFH, and propose specific mitigation measures to minimize those impacts. We request NMFS provide any EFH Conservation Recommendations during the comment period for the DEIS.

Comment Procedures

Any person wishing to comment on the DEIS may do so. To ensure consideration prior to a Commission decision on the proposal, it is important that we receive your comments before the date specified below. Please carefully follow these instructions to ensure that your comments are received in time and properly recorded.

- Send an original and two copies of your comments to: Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Room 1A, Washington, DC 20426.
- Label one copy of the comments for the attention of GHG, PJ11.3;
- Reference Docket Nos. CP00-232-000 and 001; and
- Mail your comments so that they will be received in Washington DC on or before September 24, 2001.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

After comments are reviewed, any significant new issues are investigated, and modifications are made in the DEIS, a Final Environmental Impact Statement (FEIS) will be published and distributed by the staff. The FEIS will contain the

staff's responses to timely comments on the DEIS.

All appropriately filed comments will be considered by the Commission. Anyone with an interest in the outcome of this proceeding may wish to become an intervenor. An intervenor has certain legal rights and responsibilities, notably the right to contest any action the Commission may take in this proceeding. Commenting on the DEIS will not make you an intervenor. Any person seeking to intervene and become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214). Interventions may also be filed electronically via the Internet.

The DEIS has been placed in the public files of the FERC and is available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference and Files Maintenance Branch, 888 First Street, NE, Room 2A, Washington, DC 20426.

A limited number of copies are available from the Public Reference and Files Maintenance Branch identified above. In addition, copies of the DEIS have been mailed to federal, state and local agencies, public interest groups, individuals who have requested the DEIS, newspapers, and parties to this proceeding. It has also been distributed to the commentators and libraries listed in Appendix A of the DEIS.

Additional information about the proposed project is available from the Commission's Office of External Affairs, at (202) 208-1088 or on the FERC Internet website (www.ferc.gov) using the "RIMS" link, select "Docket #" from the RIMS Menu, and follow the instructions. For assistance with access to RIMS, the RIMS helpline can be reached at (202) 208-2222.

Similarly, the "CIPS" link on the FERC Internet website provides access to the text of formal documents issued by the Commission, such as orders, notices, and rulemakings. From the FERC Internet website, click on the "CIPS" link, select "Docket #" from the CIPS menu, and follow the instructions. For assistance with access to CIPS, the CIPS helpline can be reached at (202) 208-2474.

Linwood A. Watson, Jr.,

Acting Secretary.

[Docket Nos. RP00-336-000, RP00-336-001 and RP00-336-002]

El Paso Natural Gas Company; Notice of Technical Conference

August 2, 2001.

On July 18 and 19, 2001, a technical conference was held in the above-captioned proceeding. It was agreed at the conference that El Paso would provide the parties and the Commission staff with additional analysis of the use of capacity on its system and with written answers to several questions raised at the conference. It was also agreed that after submission of this information, a second technical conference would be held.

Take notice that a technical conference will be held in this proceeding on Tuesday, August 28, 2001 at 10 am, in a room to be designated at the offices of the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. The conference will continue through Wednesday, August 29, 2001, if necessary.

All interested parties and staff are permitted to attend.

David P. Boergers,*Secretary.*

[Project No. 2000-010]

New York Power Authority; Notice Modifying a Restricted Service List for Comments on a Programmatic Agreement for Managing Properties Included in or Eligible for Inclusion in the National Register of Historic Places

August 2, 2001.

On April 14, 2000, the Federal Energy Regulatory Commission (Commission) issued a notice for the St. Lawrence-FDR Power Project (FERC No. 2000-010) proposing to establish a restricted service list for the purpose of developing and executing a Programmatic Agreement (PA) for managing properties included in or eligible for inclusion in the National Register of Historic Places. On June 5, 2000, the restricted service list was modified to include the Department of

the Interior (Interior). The St. Lawrence-FDR Power Project is located on the St. Lawrence River, in St. Lawrence County, New York. The New York Power Authority is the licensee.

Rule 2010 of the Commission's Rules of Practice and Procedure provides that, to eliminate unnecessary expense or improve administrative efficiency, the Secretary may establish a restricted service list for a particular phase or issue in a proceeding.¹ The restricted service list should contain the names of persons on the service list who, in the judgment of the decisional authority establishing the list, are active participants with respect to the phase or issue in the proceeding for which the list is established. The following changes to the existing restricted service list are noted.

The address for Mr. Thomas Tatham has changed. Delete "1633 Broadway, 22C, New York, NY 10019-6756" and replace with "123 Main Street, White Plains, NY 10601".

The contact for the Saint Regis Mohawk Tribe has changed. Delete "Francis Jock" and replace with "Francis Boots".

The contact for Interior has changed. Delete "Lydia T. Grimm" and replace with "Kimberly Owens".

Delete "Robert Dean, Dean & Barbour, P.O. Box 176, Old Route 17, Steamburg, NY, 14783".

As a result of these changes, the revised final restricted service list, for the purpose of commenting on the PA for the St. Lawrence-FDR Power Project, is as follows:

Dr. Robert Kuhn, NY Office of Parks, Recreation, and Historic Preservation, Peebles Island, P.O. Box 189, Waterford, NY, 12188-0189

Dr. Laura Henley Dean, Advisory Council on Historic Preservation, The Old Post Office Building, Suite 803, 1100 Pennsylvania Avenue, NW, Washington, DC 20004

William Slade, New York Power Authority, 123 Main Street, White Plains, NY 10601

Thomas Tatham, New York Power Authority, 123 Main Street, White Plains, NY 10601

Kevin Mendik, National Park Service, 15 State Street, Boston, MA 02109

Judith M. Stolfo, Department of the Interior, Office of the Regional Solicitor, One Gateway Center, Suite 612, Newton, MA 02458-2802

Malka Pattison, Department of the Interior, Bureau of Indian Affairs, 1849 C Street, NW, Mail Stop 4513, Washington, DC 20240

Francis Boots, THPO, Saint Regis Mohawk Tribe, 412 State Route 37, Hogansburg, NY 13655

Salli Benedict, Henry Lickers, Mohawk Council of Akwesasne, P.O. Box 579, Cornwall, Ontario K6H 5T3

Maxine Cole, Akwesasne Task Force on the Environment, P.O. Box 992, Hogansburg, NY 13655

David Blaha, Environmental Resources Management, 2666 Riva Road, Suite 200, Annapolis, MD 21401

James Teitt, Environmental Resources Management, 355 East Campus View Blvd, Suite 250, Columbus, OH 43235

Brian Skidders, Mohawk Nation Council of Chiefs, Box 366, Rooseveltown, NY 13683

Kimberly Owens, Department of the Interior, 1849 C Street, NW, Washington, DC 20240.

ENVIRONMENTAL PROTECTION AGENCY

[OPP-34243; FRL-6789-3]

Thiophanate-methyl; Availability of Risk Assessments**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice.

SUMMARY: This notice announces the availability of risk assessments that were developed as part of EPA's process for making pesticide Reregistration Eligibility Decisions (REDs) and tolerance reassessments consistent with the Federal Food, Drug, and Cosmetic Act (FFDCA), as amended by the Food Quality Protection Act of 1996 (FQPA). These risk assessments are the human health and ecological risk assessments and related documents for thiophanate-methyl. This notice also starts a 60-day public comment period for the risk assessments. By allowing access and opportunity for comment on the risk assessments, EPA is seeking to strengthen stakeholder involvement and help ensure decisions made under FQPA are transparent and based on the best available information. The tolerance reassessment process will ensure that the United States continues to have the safest and most abundant food supply.

DATES: Comments, identified by the docket control number OPP-34243 for thiophanate-methyl, must be received on or before October 9, 2001.
