

assistance hereinafter called (NAFTA-TAA) and in accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act as amended, the Department of Labor presents summaries of determinations regarding eligibility to apply for NAFTA-TAA issued during the month of August, 2001.

In order for an affirmative determination to be made and a certification of eligibility to apply for NAFTA-TAA the following group eligibility requirements of Section 250 of the Trade Act must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, (including workers in any agricultural firm or appropriate subdivision thereof) have become totally or partially separated from employment and either—

(2) that sales or production, or both, of such firm or subdivision have decreased absolutely,

(3) that imports from Mexico or Canada of articles like or directly competitive with articles produced by such firm or subdivision have increased, and that the increases in ports contributed importantly to such workers' separations or threat of separation and to the decline in sales or production of such firm or subdivision; or

(4) that there has been a shift in production by such workers' firm or subdivision to Mexico or Canada of articles like or directly competitive with articles which are produced by the firm or subdivision.

#### Negative Determinations NAFTA-TAA

In each of the following cases the investigation revealed that criteria (3) and (4) were not met. Imports from Canada or Mexico did not contribute importantly to workers' separations. There was no shift in production from the subject firm to Canada or Mexico during the relevant period.

#### **Sterling Diagnostic Imaging, Inc., Now Known as Agfa Corporation, Brevard, North Carolina; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility To Apply for Worker Adjustment Assistance on March 22, 2000, applicable to workers of Sterling Diagnostic Imaging, Inc., Brevard, North Carolina. The notice was published in the **Federal Register** on April 21, 2000 (65 FR 21474).

At the request of the company, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of medical X-ray film and the polyester base chemicals used in its manufacture. Information also shows that workers separated from employment at the subject firm, had their wages reported under a separate unemployment insurance (UI) tax account for Agfa Corporation.

Accordingly, the Department is amending the certification determination to properly reflect this matter.

The intent of the Department's certification is to include all workers of Sterling Diagnostic Imaging, Inc., now known as Agfa Corporation who were adversely affected by increased imports.

The amended notice applicable to TA-W-37,279 is hereby issued as follows:

All workers of Sterling Diagnostic Imaging, Inc., now known as Agfa Corporation, Brevard, North Carolina who became totally or partially separated from employment on or after January 6, 1999, through March 22, 2002, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.
