Applicants' Representations

1. Accessor Funds, a Maryland corporation, is an open-end management investment company registered under the Act. Accessor Funds has nine existing series (the "Underlying Funds") and has created six additional series (the "Funds of Funds",² each of which offers two classes of shares, the Advisor class (the "Advisor Class") and the Investor class ("the Investor Class"), which are issued in accordance with rule 18f-3 under the Act. the Funds of Funds will invest in mixes of four to nine Advisor Class shares of the following Underlying Funds in reliance on section 12(d)(1)(G) of the Act: Growth Fund, Value Fund, Small to Mid Cap Fund, International Equity fund, Intermediate Fixed-Income Fund, short-Innermediate Fixed-Income Fund, Mortgage Securities Fund, U.S. Government Money Fund, and High Yield Bond Fund.³ Advisor Class shares of the Funds of Funds and the Underlying Funds have no sales charges and pay no distribution or shareholder service or administrative service fees.

3. ACM is the investment adviser for the Accessor Funds. ACM advises the U.S. Government Money Fund, one of the Underlying Funds; unaffiliated investment management organizations ("Money Managers") serve as sub-advisers to the other eight Underlying Funds. ACM and the Money Managers are registered under the Investment Advisers Act of 1940. ACM also provides transfer agent, administrative, and recordkeeping services to the Underlying Funds.

3. Applicants propose that the Underlying Funds and the Funds of Funds enter into a Funds of Funds Service Agreement ("Service Agreement"). Under the Service Agreement, the Underlying Fund will bear some portion or all of the Fund of Funds' expenses (except for (a) any administrative or distribution fees on Investor Class shares and (b) the management fee paid to ACM) in proportion to the average daily value of the Underlying Fund's shares owned by the Fund of Funds. Payments by an Underlying Fund pursuant to the Service Agreement will be a fund-wide expense of the Underlying Fund.

² "Funds of Funds" refers to each existing and future registered open-end management investment company or any series of that company that (1) is part of the same group of investment companies as the Underlying Funds under section 12(d)(1)(G)(ii) of the Act and is, or will be, advised by ACM or any entity controlling, controlled by, or under common control with ACM, and (2) intends to invest substantially all of its assets in the Underlying Funds.

³ No Fund of Funds may be an Underlying Fund and no Funds will invest in another Fund of Funds.

4. Applicants state that an investment by the Funds of Funds in the Underlying Funds increases the assets of the Underlying Funds, which should enable the Underlying Funds to control and reduce their expense ratios because their expenses will be spread over a larger asset base. Applicants further state that an Underlying Fund may experience savings because it would be servicing only one account *i.e.*, the Fund of Funds), instead of multiple accounts of the shareholders of the Fund of Funds. No Underlying Fund will bear any expenses of a Fund of Funds that exceed Net Benefits, as defined in the condition below, to the Underlying Fund from the arrangement.

Applicants' Legal Analysis

1. Section 17(d) of the Act and rule 17d-1 under the Act provide that an affiliated person of a registered investment company, or an affiliate of such person, acting as principal, shall not participate in, or effect any transaction in connection with, any joint enterprise or other joint arrangement in which the registered investment company is a participant unless the Commission has issued an order approving the arrangement. Each of the Underlying Funds and Funds of Funds advised by ACM could be deemed to be under common control with all the other Underlying Funds and Funds of Funds, and therefore, affiliated persons of each other. Consequently, the Service Agreement could be deemed to be a joint transaction.

2. Rule 17d-1 under the Act provides that, in passing upon a joint arrangement under the rule, the Commission considers whether the investment company's participation in the joint enterprise is consistent with the provisions, policies, and purposes of the Act, and the extent to which the participation is on a basis different from, or less advantageous than that of other participants.

3. Applicants request an order under section 17(d) and rule 17d-1 to permit them to enter into and operate under the Service Agreement. Applicants contend that each Underlying Fund will pay a Fund of Funds' expenses only in direct proportion to the average daily value of each Underlying Fund's shares owned by the Fund of Funds to ensure that the Fund of Funds' expenses are borne proportionately and fairly. Applicants also state that prior to an Underlying Fund's entering into the Service Agreement, and at least annually thereafter, the board of directors of the Underlying Fund (the "Board"), including a majority of directors who are not interested persons of the

Underlying Fund as defined in section 2(a)(19) of the Act ("Disinterested Directors"), must determine that the Service Agreement will result in Net Benefits, as defined in the condition below, to the Underlying Fund. In making the annual determination, one of the factors that the Board must consider is the amount of Net Benefits actually experienced by each class of shareholders of the Underlying Fund and the Underlying Fund as a whole during the preceding year. For these reasons, applicants believe that the requested relief meets the standards of section 17(d) and rule 17d-1.

Applicants' Condition

Applicants agree that any order granting the requested relief will be subject to the following condition:

Prior to an Underlying Fund's entering into a Service Agreement, and at least annually thereafter, the Board of the Underlying Fund, including a majority of the Disinterested Directors, must determine that the Service Agreement will result in quantifiable benefits to each class of shareholders of the Underlying Fund and to the Underlying Fund as a whole that will exceed the costs of the Service Agreement borne by each class of shareholders of the Underlying Fund and by the Underlying Fund as a whole ("Net Benefits"). In making the annual determination, one of the factors the Board must consider is the amount of Net Benefits actually experienced by each class of shareholders of the Underlying Fund and the Underlying Fund as a whole during the preceding year. The Underlying Fund will preserve for a period of not less than six years from the date of a Board determination, the first two years in an easily accessible place, a record of the determination and the basis and information upon which the determination was made. This record will be subject to examination by the Commission and its staff.

For the Commission, by the Division of Investment Management, under delegated authority.

Jonathan G. Katz,

Secretary.
