## INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-921 (Final)]

### Folding Gift Boxes From China

**AGENCY:** United States International Trade Commission.

**ACTION:** Scheduling of the final phase of an antidumping investigation.

**SUMMARY:** The Commission hereby gives notice of the scheduling of the final phase of antidumping investigation No. 731-TA-921 (Final) under section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of less-than-fair-value imports from China of folding gift boxes, covered by statistical reporting numbers 4819.20.00.40 and 4819.50.40.60 of the Harmonized Tariff Schedule of the United States.<sup>1</sup>

<sup>1</sup> For purposes of this investigation, the Department of Commerce has defined the subject merchandise as folding gift boxes. Folding gift boxes are a type of folding or knock-down carton manufactured from paper or paperboard. The boxes are produced from a variety of recycled and virgin paper or paperboard materials, including, but not limited to, clay-coated paper or paperboard and kraft (bleached or unbleached) paper or paperboard. Excluded from the scope of this investigation are folding gift boxes manufactured from paper or paperboard of a thickness of more than 0.8 millimeters, corrugated paperboard, or paper mache. Also excluded are folding gift boxes for which no side of the box, when assembled, is at least 9 inches in length. Folding gift boxes are typically decorated with a holiday motif using various processes, including printing, embossing, debossing, and foil stamping, but may also be plain white or printed with a single color. The term folding gift boxes includes folding gift boxes, with or without handles, whether finished or unfinished, and whether in one-piece or multi-piece configuration. One-piece gift boxes are die-cut or otherwise formed so that the top, bottom, and sides form a single, contiguous unit. Two-piece gift boxes are those with a folded bottom and a folded top as separate pieces. Folding gift boxes are generally packaged in shrink-wrap, cellophane, or other packaging materials, in single or multi-box packs for sale to the retail customer. The subject merchandise also excludes folding gift boxes that have a retailer's name, logo, trademark or similar company information printed prominently on the box's top exterior (such folding gift boxes are often known as "not-for-resale" gift boxes or "give-away" gift boxes and may be provided by department and specialty stores at no charge to their retail customers). Also excluded are folding gift boxes where both the outside of the box is a single color

For further information concerning the conduct of this phase of the investigation, hearing procedures, and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

**EFFECTIVE DATE:** August 6, 2001.

##### Background

The final phase of this investigation is being scheduled as a result of an affirmative preliminary determination by the Department of Commerce that imports of folding gift boxes from China are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). The investigation was requested in a petition filed on February 20, 2001, by counsel on behalf of Simkins Industries, Inc., New Haven, CT, and Field Container Company, L.P., Elk Grove Village, IL (the Commission was subsequently notified that the producer is Harvard Folding Box Company, Inc., Lynn, MA, not Simkins).

and the box is not packaged in shrink-wrap, cellophane, other resin-based packaging films, or paperboard. Imports of the subject folding gift boxes are covered by statistical reporting numbers 4819.20.00.40 and 4819.50.40.60 of the Harmonized Tariff Schedule of the United States.

## DEPARTMENT OF LABOR

### Bureau of Labor Statistics

#### Proposed Collection; Comment Request

**ACTION:** Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the "BLS Occupational Safety and Health Statistics Federal/State Cooperative Agreement Application Package." A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

**DATES:** Written comments must be submitted to the office listed in the **ADDRESSES** section of this notice on or before October 29, 2001.

#### SUPPLEMENTARY INFORMATION:

#### I. Background

The Secretary of Labor has delegated to the BLS the authority to collect,

compile, and analyze statistical data on work-related injuries and illnesses. The Cooperative Agreement is designed to allow the BLS to ensure conformance with program objectives. The BLS has full authority over the financial operations of the statistical program. The BLS requires financial reporting that will produce the information that is needed to monitor the financial activities of the BLS Occupational Safety and Health Statistics grantees.

#### II. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

#### III. Current Action

Continued collection of grantee financial information is necessary to maintain an effective program of collection, compilation, and analysis of occupational safety and health statistics, as authorized by the Occupational Safety and Health Act of 1970 (Pub. L. 91-596). The burden estimates are based on actual experience of grantees completing the forms.

Public comments on the accuracy of the burden estimates, as well as suggestions for reducing the burden, are encouraged. Signatures that certify the authenticity of the information will continue to be required.
