

Executive Order 12372—intergovernmental review of federal programs. The agency preparing the CIAP plan should submit the plan for consistency review through the intergovernmental review process or directly to the state coastal management agency responsible for implementing the coastal management program (CMP). In addition to the plan, the state agency should provide a brief evaluation of the relationship of the proposed activities in the plan and any reasonably foreseeable effects on the state's coastal uses or resources to the CMP's enforceable policies. 15 CFR § 930.94(c).

Please contact the federal consistency coordinator in your state coastal management agency or the CIAP contacts at NOAA for further information on federal consistency.

VII. Disbursing the Coastal Impact Assistance Program Funds

NOAA will award individual grants directly to the state and all coastal political subdivisions within the state. The NOAA Grants Management Division has developed a streamlined grant application process for CIAP awards. Subsequent to NOAA approval of the state CIAP plans, the state and local CIAP points of contact will be receiving a "Coastal Impact Assistance Program Award Notification" letter containing information on how to access CIAP funds and information on Administrative/Programmatic requirements. The state and local recipients of CIAP awards will fill out several standard forms, sign the notification letter, and return the package to NOAA.

States and coastal political subdivisions will be able to draw down funds on a "pay as you go" basis. This means that funds may be drawn down a reasonable amount of time in advance of when they are needed in order to comply with 15 CFR Part 24.21.

The CIAP legislation does not have a time limit for use of the appropriated funds. However, a NOAA grant to a state or coastal political subdivision will need an end date. NOAA will issue grants with a 3-year award period. A no-cost extension of the award period could be requested if necessary.

A. Trust Funds

The CIAP legislation allows states and coastal political subdivisions to deposit funds in trust funds dedicated to uses consistent with the legislation (§ 31(e)). Trust funds should be established in accordance to relevant state or local laws and procedures. However, the Department of Commerce has determined that any interest generated

from the trust fund must be returned to the federal government. The "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments" (15 CFR part 24) provide that advance payments made to a recipient are to be placed in an interest-bearing account until actually disbursed and that the interest earned is to be returned to the Federal government. The issue, then, is whether placing the money in the trust funds constitutes a "disbursement." The Department of Commerce has determined that placing the CIAP grant money in the trust fund would not be considered a disbursement and therefore the interest would need to be returned to the federal government.

VIII. Compliance With Authorized Uses of Funds

The CIAP legislation states that if NOAA finds that a state or coastal political subdivision has expended funds inconsistent with the specified uses, NOAA will not disburse any further amounts under the CIAP until the funds in question have been repaid or obligated for authorized uses (§ 31(f)). NOAA would cease disbursing funds directed only toward the specific jurisdiction, not all funds covered under a single grant, under this scenario.

To ensure all funds are spent on authorized uses, the states and coastal political subdivisions will submit annual progress reports to NOAA until all funds have been expended. NOAA will accept separate reports from the state and each coastal political subdivision, so the state will not need to receive and collate local reports (the state may choose to receive local reports). The report must include all uses of state and local funds. At a minimum, the report should include:

- (1) The status of each project, including accomplishments to date, estimated time for completion, and explanation for any anticipated delays;
- (2) any approved amendments and/or extensions to the CIAP plan; and
- (3) for completed projects, submittal of relevant work products (e.g., reports, data sets, links to on-line photographs, etc.)

If some or all the funds have been deposited in a trust fund, the trust fund must report annually on the uses of those funds.

Defense Science Board

AGENCY: Department of Defense.

ACTION: Notice of advisory committee meetings.

SUMMARY: The Defense Science Board (DSB) Task Force on Training for Future Conflict will meet in closed session on November 5-6, 2001, at SAIC, Inc., 4001 N. Fairfax Drive, Arlington, VA. This Task Force will focus on identifying and characterizing what education and training are demanded by Joint Vision 2010/2020, and will address the development and demonstration time phasing over the next two decades for the combined triad of technology modernization, operational concepts, and training.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting, the Defense Science Board Task Force will also identify those approaches and techniques that potential enemies might take that could prepare them to revolutionize their warfare capabilities, thereby achieving a training surprise against the U.S. or its allies. This review will include, not be limited to, unique training/education developments which might be spawned by allies or an adversary, training techniques and methodologies which might be transferred from the U.S. or through third parties, and finally, the possibilities emerging as a result of the globalization of military and information technologies, related commercial services and their application by other nations.

In accordance with Section 10(d) of the Federal Advisory Committee Act,

Pub. L. No. 92-463, as amended (5 U.S.C. App. II), it has been determined that this Defense Science Board meeting concerns matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, this meeting will be closed to the public.

Dated: October 2, 2001.
