Agency Information Collection Activities: Comment Request and Emergency Request

The Social Security Administration (SSA) publishes a list of information collection packages that will require clearance by the Office of Management and Budget (OMB) in compliance with Pub. L. 104-13 effective October 1, 1995, The Paperwork Reduction Act of 1995. SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility and clarity; and on ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology.

Written comments and recommendations regarding the information collection(s) should be submitted to the OMB Desk Officer and the SSA Reports Clearance Officer and at the following addresses:
(OMB) Office of Management and Budget, Attn: Desk Officer for SSA, New Executive Office Building, Room 10230, 725 17th St., NW, Washington, D.C. 20503
(SSA) Social Security Administration, DCFAM, Attn: Frederick W.

Brickenkamp, 1-A-21 Operations Bldg., 6401 Security Blvd., Baltimore, MD 21235

I. The information collections listed below have been submitted to OMB for clearance. Your comments on the information collections would be most useful if received by OMB and SSA within 30 days from the date of this publication. 1. National Study of Health and Activity (NSHA)—0960-0609. The Social Security Administration is sponsoring the NSHA to serve as the cornerstone of SSA's future disability policy development and research agenda. NSHA is a national disability study that consists of gathering information from interviews, medical examinations and medical records to be used to make simulated Disability Determination Service disability decisions. A pilot study was conducted in 2000 and revisions were made to the study instruments and procedures based on the analysis of the pilot data. To test the usability of the revisions, a pretest of the survey instruments and procedures is necessary prior to beginning the main study.

This pretest will be conducted on volunteers obtained from SSA disability rolls and nondisabled individuals recruited from the community. Pretesting activities will encompass all components of the study including screening, interviewing, medical examinations, collection of medical records, and assembling a folder of all data for the study's simulated disability decision process. A major goal of the proposed pretest is to improve the content of the disability determination folder. Once the results from this pretest are available, the NSHA instruments and procedures will be further refined for the dress rehearsal and main study.

SSA will screen up to 400 individuals to obtain 140 volunteers to participate in activities (2) through (5) below. SSA will contact approximately 420 health care providers to obtain the medical records of the volunteers (item (6) below). The public reporting burden is as follows:

1. State Agency Ticket Assignment Form, SSA–1365, State Vocational Rehabilitation Ticket to Work

Information Sheet, SSA–1366 and Individual Work Plans (IWP) Information Sheet, SSA–1367–0960–NEW.

Background

Public Law (Pub. L.) 106–170, the Ticket to Work and Work Incentives Improvement Act of 1999, creates a new Ticket to Work (TTW) program for providing work access services to SSA beneficiaries. The new program requires SSA to monitor the services provided under the Law. SSA has developed three data collection forms that request service provider and beneficiary information that is essential to SSA's administration of this new program. Employment networks (ENs) providing TTW services under contracts with SSA are required to submit to SSA the information listed in form SSA–1367. State vocational rehabilitation agencies (VRAs) that provide services to SSA beneficiaries under either the traditional VR reimbursement mechanism or the new Ticket to Work program are required to submit to SSA the information listed in forms SSA–1365 and SSA–1366. SSA does not require that ENs or VRAs use forms SSA–1366 and SSA–1367 *per se*, but does require that any alternative forms submitted in place of these SSA forms include the SSA listed information at a minimum. VRAs are required to submit from SSA–1365 in all cases as a means of assigning Tickets to VRAs.

a. State Agency Ticket Assignment Form-SSA–1365. The information collected on this form will be used by SSA's contracted Program Manager (PM) to perform the task of assigning beneficiaries' tickets and monitoring the use of tickets under the Ticket to Work and Self-Sufficiency Program. The State VRA answers the questions and the beneficiary reviews the data and if in agreement will sign the form acknowledging their Ticket assignment.

The respondents are State VR agencies.

Number of Respondents: 21.

Frequency of Response: 4,048 annually per respondent.

Average Burden Per Response: 3 minutes.

Estimated Annual Burden: 4,250 hours.

b. State Vocational Rehabilitation Ticket to Work Information Sheet-SSA-1366. The information collected on Form SSA-1366 will be used by SSA's contracted PM when a State VRA elects to participate in the Program as an EN. In this case, form SSA-1366, when combined with the SSA-1365, is intended to meet the minimum information requirements for IWPs and to monitor the appropriateness of the IWPs as required under the Pub. L. 106-107. The respondents are VRAs acting as ENs under the Ticket to Work Program.

Number of Respondents: 21.

Frequency of Response: 132 annually per respondent.

Average Burden Per Response: 2 minutes.

Estimated Annual Burden: 92 hours.

Please Note: The Ticket to Work Program is being implemented in stages. The above represents the initial phase of the program with 13 participating states that include 21 State VR agencies. As the program continues to be phased in, each initial program year will result in a larger number of new tickets for the participating State VRs because existing clients will also be brought into the program.

c. Individual Work Plans (IWP) Information Sheet-SSA-1367. The information collected on Form SSA-1367 will be used to monitor the appropriateness of IWPs that have been assigned to ENs under the Ticket To Work Act. The respondents are ENs under the ticket to work program.

Number of Respondents: 31,450.

Frequency of Response: 1 annually per respondent.

Average Burden Per Response: 3 minutes.

Estimated Annual Burden: 1,573 hours.

Dated: October 2, 2001.

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket No. WTO/DS-239]

WTO Dispute Settlement Proceeding Brought by Brazil Pertaining to Certain Measures Regarding Antidumping Methodology

AGENCY: Office of the United States Trade Representative.

ACTION: Notice; request for comments.

SUMMARY: The Office of the United States Trade Representative (USTR) is providing notice that on September 21, 2001, the United States received from Brazil a request for consultations under the Marrakesh Agreement Establishing the World Trade Organization (WTO Agreement) pertaining to certain measures regarding antidumping methodology as applied by the U.S. Department of Commerce (DOC). Brazil alleges that:

- Current U.S. methodology pursuant to which the DOC applies a *de minimis* standard of 0.5 percent in "sunset" reviews is inconsistent with Articles 5, 11 and 18 of the Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994 (Antidumping Agreement, or ADA), insofar as these provisions allegedly require a 2 percent *de minimis* standard to be applied to both investigations and reviews; and
- The DOC's practice of "zeroing", when calculating the dumping margin, is disallowed under Articles 2 and 9 of the ADA, as interpreted in a prior case by a panel and the Appellate Body, in reviews as well as in investigations.

USTR invites written comments from the public concerning the issues raised in this dispute.

DATES: Although USTR will accept any comments received during the course of the dispute settlement proceedings, comments should be submitted on or before October 20, 2001 to be assured of timely consideration by USTR.

ADDRESSES: Submit comments to Sandy McKinzy, Monitoring and Enforcement Unit, Office of the General Counsel, Room 122, Office of the United States Trade Representative, 600 17th Street, NW., Washington, DC 20508, Attn: Brazil Antidumping Dispute. Telephone (202) 395-3582.
