

3537(b)(1)) requires that notice and opportunity for comment be provided after the United States submits or receives a request for the establishment of a WTO dispute settlement panel. Consistent with this obligation, but in an effort to provide additional opportunity for comment, USTR is providing notice that consultations have been requested pursuant to the WTO Dispute Settlement Understanding (DSU). If such consultations should fail to resolve the matter and a dispute settlement panel is established pursuant to the DSU, such panel, which would hold its meetings in Geneva, Switzerland, would be expected to issue a report on its findings and recommendations within six to nine months after it is established.

Major Issues Raised by Brazil

Section 213 of the URAA (amending section 733(b)(3) of the Tariff Act of 1930) provides, in accordance with Article 5.8 of the ADA, that, for purposes of antidumping investigations, a dumping margin less than or equal to 2 percent is *de minimis*. However, § 351.106(c) of the DOC's regulation, 19 CFR 351.106(c), applies a 0.5 percent *de minimis* standard in the case of "sunset" reviews, which are conducted for purposes of determining whether an antidumping duty order should be revoked. Brazil claims that the DOC *de minimis* standard for reviews is inconsistent with the ADA because, according to Brazil, a 2 percent standard must be used in both investigations and reviews.

Brazil also argues that the United States practice of "zeroing," according to which negative dumping margins are counted as "zero" in both investigations and reviews, is inconsistent with the principle of fair comparison set out in Article 2 of the ADA. Brazil points out that the panel in European Communities—Anti-Dumping on Imports of Cotton-Type Bed Linen from India, WT/DS141/R, concluded that "zeroing" is inconsistent with the ADA, and that this finding was affirmed by the Appellate Body, WT/DS141/AB/R.

Public Comment: Requirements for Submissions

Interested persons are invited to submit written comments concerning the issues raised in the dispute. Comments must be in English and provided in fifteen copies. A person requesting that information contained in a comment submitted by that person be treated as confidential business information must certify that such information is business confidential and would not customarily be released to

the public by the commenter.

Confidential business information must be clearly marked, "BUSINESS CONFIDENTIAL" in a contrasting color ink at the top of each page of each copy.

Information or advice contained in a comment submitted, other than business confidential information, may be determined by USTR to be confidential in accordance with section 135(g)(2) of the Trade Act of 1974 (19 U.S.C. 2155(g)(2)). If the submitter believes that information or advice may qualify as such, the submitter—

(1) Must so designate the information or advice;

(2) Must clearly mark the material as "SUBMITTED IN CONFIDENCE" in a contrasting color ink at the top of each page of each copy; and

(3) Is encouraged to provide a non-confidential summary of the information or advice.

Pursuant to section 127(e) of the URAA (19 U.S.C. 3537(e)), USTR will maintain a file on this dispute settlement proceeding, accessible to the public, in the USTR Reading Room, which is located at 1724 F Street, NW., Washington, DC 20508. The public file will include non-confidential comments received by USTR from the public with respect to the dispute; if a dispute settlement panel is convened, the U.S. submissions to that panel, the submissions, or non-confidential summaries of submissions, to the panel received from other participants in the dispute, as well as the report of the panel; and, if applicable, the report of the Appellate Body. An appointment to review the public file (Docket WTO/DS-239, Brazil Antidumping Dispute) may be made by calling Brenda Webb, (202) 395-6186. The USTR Reading Room is open to the public from 9:30 a.m. to 12 noon and 1 p.m. to 4 p.m., Monday through Friday.
