

costs; risks; technical readiness; operational readiness and budget requirements.

The user interface process is designed to allow FAA to both report progress and receive feedback from industry users. Each AWTT Board meeting will be preceded by a half-day industry review session approximately one month prior to each Board meeting. These industry review sessions will be announced in the **Federal Register** and open to all interested parties.

This meeting is the second industry review session and is intended to receive feedback on weather R&D products that will be presented for consideration at the December 2001 AWTT Board meeting. The products to be considered are the Integrated Icing Diagnosis Algorithm (IIDA) and the Integrated Icing Forecast Algorithm (IIFA).

Meeting Procedures

(a) The meeting will be informal in nature and will be conducted by representatives of the FAA Headquarters.

(b) The meeting will be open to all persons on a space-available basis. Every effort was made to provide a meeting site with sufficient seating capacity for the expected participation. There will be neither admission fee nor other charge to attend and participate.

(c) FAA personnel present will conduct a briefing on how the AWTT system works and changes to the process made in the last year. Any person will be allowed to ask questions during the presentation and FAA personnel will clarify any part of the process that is not clear.

(d) FAA personnel will present a briefing on the specific products to be reviewed at the December 2001 AWTT Board Meeting. Any person will be allowed to ask questions during the presentation and FAA personnel will clarify any part of the presentation that is not clear.

(e) Any person present may give feedback on the products to be presented. Feedback on the proposed products will be captured through discussion between FAA personnel and any persons attending the meeting. The meeting will not be formally recorded. However, informal tape recordings may be made of the presentation to ensure that each respondent's comments are noted accurately.

(f) An official verbatim transcript or minutes of the informal meeting will not be made. However, a list of the attendees, a digest of discussion during the meeting and an action item list will be produced. Any person attending may

receive a copy of the written information upon request to the information contact, above.

(g) Every reasonable effort will be made to hear each person's feedback consistent with a reasonable closing time for the meeting. Written feedback may also be submitted to FAA personnel for up to seven (7) days after the close of the meeting.

Agenda

- (a) Opening Remarks and Discussion of Meeting Procedures
- (b) Briefing on AWTT Process
- (c) Briefing on Weather Products
- (d) Request for User Input
- (e) Closing Comments

Issued in Washington, DC, on October 3, 2001.

Title: 49 CFR part 543, Exemption from Vehicle Theft Prevention Standard.

OMB Number: 2127–0542.

Type of Request: Extension of a currently approved information collection.

Abstract: 49 U.S.C. Chapter 331 requires the Secretary of Transportation to promulgate a theft prevention standard to provide for the identification of certain motor vehicles and their major replacement parts to impede motor vehicle theft. 49 U.S.C. 33106 provides for an exemption to this identification process by petitions from manufacturers who equip covered vehicles with standard original equipment anti-theft devices, which the Secretary determines are likely to be as effective in reducing or deterring theft as the identification system.

Affected Public: Business or other for-profit.
