ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[Region 2 Docket No. 233, FRL-7084-3]

Approval and Promulgation of Implementation Plans; New York Ozone State Implementation Plan Revision; Delay of Effective Date and Extension of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Delay of effective date and extension of comment period.

SUMMARY: Due to the tragic events of September 11, 2001 and the resulting temporary closure of the Region 2 office of the Environmental Protection Agency (EPA) in New York City and the disruption of mail delivery and

telephone service, the EPA is extending the comment period of a revision to the New York State Implementation Plan and delaying the effective date.

DATES: The effective date of the direct final rule published on September 25, 2001 at 66 FR 48957 is delayed until December 17, 2001 unless adverse comments are received by November 15, 2001. If EPA receives such comment, EPA will publish a timely withdrawal in the **Federal Register** informing the public that this rule will not take effect.

ADDRESSES: All comments should be addressed to: Raymond Werner, Chief, Air Programs Branch, Environmental Protection Agency, Region 2 Office, 290 Broadway, New York, New York 10007-1866.

Copies of the State submittals are available for inspection at the Region 2 office in New York City. Those interested in inspecting these submittals must arrange an appointment in advance by calling (212) 637-4249. Alternatively, appointments may be arranged via e-mail by sending a message to Paul Truchan at truchan.paul@epa.gov or Kirk Wieber at wieber.kirk@epa.gov. The office address is 290 Broadway, Air Programs Branch, 25th Floor, New York, New York 10007-1866.

Copies of the state submittals are also available for inspection at the state office: New York State Department of Environmental Conservation, Division of Air Resources, 625 Broadway, 2nd floor, Albany, New York 12233.

FOR FURTHER INFORMATION CONTACT: Kirk Wieber, Air Programs Branch, Environmental Protection Agency, 290 Broadway, 25th Floor, New York, New York 10007-1866, telephone, (212) 637-4249.

Dated: October 9, 2001.

William J. Muszynski,

Acting Regional Administrator, Region 2.

[PA041-4178; FRL-7083-3]

Approval and Promulgation of Air Quality Implementation Plans; Pennsylvania; Reasonably Available Control Technology Requirements for Volatile Organic Compounds and Nitrogen Oxides in the Pittsburgh-Beaver Valley Area

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is removing the limited status of its approval of the Commonwealth of Pennsylvania State Implementation Plan (SIP) revision that requires all major sources of volatile organic compounds (VOC) and nitrogen oxides (NO_x) to implement reasonably available control technology (RACT) as it applies in the Pittsburgh-Beaver Valley ozone nonattainment area (the Pittsburgh area). EPA is proposing to convert its limited approval of Pennsylvania's VOC and NO_x RACT regulations to full approval because EPA has approved all of the case-by-case RACT determinations submitted by Pennsylvania for the affected sources located in the Pittsburgh area. The intended effect of this action is to remove the limited nature of EPA's approval of Pennsylvania's VOC and NO_x RACT regulations as they apply in the Pittsburgh area.

EFFECTIVE DATE: This final rule is effective on November 15, 2001.

ADDRESSES: Copies of the documents relevant to this action are available for public inspection during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103; Allegheny County Health Department, Bureau of Environmental Quality, Division of Air Quality, 301 39th Street, Pittsburgh, Pennsylvania 15201; and the Pennsylvania Department of Environmental Protection, Bureau of Air Quality, P.O. Box 8468, 400 Market Street, Harrisburg, Pennsylvania 17105.

FOR FURTHER INFORMATION CONTACT: Marcia Spink, (215) 814-2104 or by e-mail at spink.marcia@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

On August 24, 2001 (66 FR 44578), EPA published a notice of proposed rulemaking (NPR) for the State of Pennsylvania. The NPR proposed to remove the limited status of EPA's approval of the Commonwealth of Pennsylvania SIP revision that requires all major sources of VOC and NO_x to implement reasonably available control technology (RACT) as it applies in the Pittsburgh area. The rationale for EPA's proposed action is explained in the NPR and will not be restated here. No public comments were received on the NPR.

II. Final Action

EPA is converting its limited approval of Pennsylvania's generic VOC and NO_x RACT regulations, 25 Pa Code Chapter 129.91 through 129.95, to full approval

as they apply in the seven-county Pittsburgh-Beaver Valley ozone nonattainment area. EPA has approved all of the case-by-case RACT determinations submitted by PADEP for affected major sources of NO_x and/or VOC sources located in Allegheny, Armstrong, Beaver, Butler, Fayette, Washington, and Westmoreland Counties, the seven counties that comprise the Pittsburgh area.

III. Administrative Requirements

A. General Requirements

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this action is also not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This action merely approves state law as meeting Federal requirements and imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this rule approves pre-existing requirements under state law and does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4). This rule also does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). This action also does not have Federalism implications because it does not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999). This action merely approves a state rule implementing a Federal standard, and does not alter the relationship or the distribution of power and responsibilities established in the Clean Air Act. This rule also is not

subject to Executive Order 13045 "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant. In reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the Clean Air Act. In this context, in the absence of a prior existing requirement for the State to use voluntary consensus standards (VCS), EPA has no authority to disapprove a SIP submission for failure to use VCS. It would thus be inconsistent with applicable law for EPA, when it reviews a SIP submission, to use VCS in place of a SIP submission that otherwise satisfies the provisions of the Clean Air Act. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

B. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a "major rule" as defined by 5 U.S.C. 804(2).

C. Petitions for Judicial Review

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by December 17, 2001. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action converting EPA's limited approval of Pennsylvania's generic VOC and NO_x RACT regulations, 25 Pa Code Chapter 129.91 through 129.95, to full approval as they apply in the seven-county Pittsburgh-

Beaver Valley ozone nonattainment area may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Hydrocarbons, Nitrogen dioxide, Ozone.

Dated: October 3, 2001.

Thomas C. Voltaggio,

Acting Regional Administrator, Region III.

40 CFR part 52 is amended as follows:

PART 52—[AMENDED]

1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart NN—Pennsylvania

2. Section 52.2027 is amended by adding the following paragraph (a) to read as follows:

§ 52.2027 Approval Status of Pennsylvania's Generic NO_x and VOC RACT Rules

(a) Effective November 15, 2001, EPA removes the limited nature of its approval of 25 PA Code of Regulations, Chapter 129.91 through 129.95 (see § 52.2020 (c)(129)) as those regulations apply to the Pittsburgh-Beaver Valley area. Chapter 129.91 through 129.95 of Pennsylvania's regulations are fully approved as they apply in Allegheny, Armstrong, Beaver, Butler, Fayette, Washington, and Westmoreland Counties, the seven counties that comprise the Pittsburgh-Beaver Valley area.
