Description: The state of the nation's numbering resources has a direct effect on the growth of competition in the telecommunications industry. The nation's numbering resources are depleting rapidly. Under the Communications Act of 1934, as amended by the Telecommunications Act of 1996, Congress granted the Federal Communications Commission (FCC) exclusive jurisdiction over the United States' portion of the North American Numbering Plan (NANP). Consistent with this authority, the FCC adopted an audit requirement to preserve numbering resources. The
