

minorities and disadvantaged individuals to enter and graduate from health professions schools. The Disadvantaged Assistance Tracking and Outcome Report (DATOR), is used to track program participants throughout the health professions pipeline into the health care workforce. This request includes minor revisions to the previously approved data collection instrument that will address a number of data collection, data entry, as well as analytical problems encountered by the respondents.

The DATOR, to be completed annually by HCOP AND COE grantees,

includes basic data on students participants (name, social security number, gender, race/ethnicity; targeted health professions, their status in the educational pipeline from pre-professional through professional training; financial assistance received through the grants funded under sections 739 and 740 of the PHS Act in the form of stipends, fellowships or per diem; and their employment or practice setting following their entry into the health care work force).

The proposed reporting instrument is not expected to add significantly to the grantees reporting burden. This

reporting instrument complements the grantees internal automated reporting mechanisms of using name and social security number in tracking students. The reporting burden includes the total time, effort, and financial resources expended to maintain, retain and provide the information including: (1) Reviewing instructions; (2) downloading and utilizing technology for the purposes of collecting, validating, and processing the data; and (3) transmitting electronically, or otherwise disclosing the information. Estimates of annualized burden are as follows:

Type of report	Number of respondents	Responses per respondent	Hours per response	Total burden hours
Dator	150	1	5.5	825

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

National Vaccine Injury Compensation Program; List of Petitions Received

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice.

SUMMARY: The Health Resources and Services Administration (HRSA) is publishing this notice of petitions received under the National Vaccine Injury Compensation Program ("the Program"), as required by section 2112(b)(2) of the Public Health Service (PHS) Act, as amended. While the Secretary of Health and Human Services is named as the respondent in all proceedings brought by the filing of petitions for compensation under the Program, the United States Court of Federal Claims is charged by statute with responsibility for considering and acting upon the petitions.

FOR FURTHER INFORMATION CONTACT: For information about requirements for

filing petitions, and the Program in general, contact the Clerk, United States Court of Federal Claims, 717 Madison Place, NW., Washington, DC 20005, (202) 219-9657. For information on HRSA's role in the Program, contact the Director, National Vaccine Injury Compensation Program, 5600 Fishers Lane, Room 8A-46, Rockville, MD 20857; (301) 443-6593.

SUPPLEMENTARY INFORMATION: The Program provides a system of no-fault compensation for certain individuals who have been injured by specified childhood vaccines. Subtitle 2 of title XXI of the PHS Act, 42 U.S.C. 300aa-10 *et seq.*, provides that those seeking compensation are to file a petition with the U.S. Court of Federal Claims and to serve a copy of the petition on the Secretary of Health and Human Services, who is named as the respondent in each proceeding. The Secretary has delegated his responsibility under the Program to HRSA. The Court is directed by statute to appoint special masters who take evidence, conduct hearings as appropriate, and make initial decisions as to eligibility for, and amount of, compensation.

A petition may be filed with respect to injuries, disabilities, illnesses, conditions, and deaths resulting from vaccines described in the Vaccine Injury Table (the Table) set forth at section 2114 of the PHS Act or as set forth at 42 CFR 100.3, as applicable. This Table lists for each covered childhood vaccine the conditions which will lead to compensation and, for each condition, the time period for occurrence of the first symptom or manifestation of onset or of significant aggravation after vaccine administration. Compensation

may also be awarded for conditions not listed in the Table and for conditions that are manifested after the time periods specified in the Table, but only if the petitioner shows that the condition was caused by one of the listed vaccines.

Section 2112(b)(2) of the PHS Act, 42 U.S.C. 300aa-12(b)(2), requires that the Secretary publish in the **Federal Register** a notice of each petition filed. Set forth below is a list of petitions received by HRSA on July 5, 2001, through September 28, 2001.

Section 2112(b)(2) also provides that the special master "shall afford all interested persons an opportunity to submit relevant, written information" relating to the following:

1. The existence of evidence "that there is not a preponderance of the evidence that the illness, disability, injury, condition, or death described in the petition is due to factors unrelated to the administration of the vaccine described in the petition," and

2. Any allegation in a petition that the petitioner either:

(a) "Sustained, or had significantly aggravated, any illness, disability, injury, or condition not set forth in the Table but which was caused by" one of the vaccines referred to in the Table, or

(b) "Sustained, or had significantly aggravated, any illness, disability, injury, or condition set forth in the Table the first symptom or manifestation of the onset or significant aggravation of which did not occur within the time period set forth in the Table but which was caused by a vaccine" referred to in the Table.

This notice will also serve as the special master's invitation to all interested persons to submit written

information relevant to the issues described above in the case of the petitions listed below. Any person choosing to do so should file an original and three (3) copies of the information with the Clerk of the U.S. Court of Federal Claims at the address listed above (under the heading "For Further Information Contact"), with a copy to HRSA addressed to Director, Division of Vaccine Injury Compensation, Office of Special Programs, 5600 Fishers Lane, Room 8-A46, Rockville, MD 20857. The Court's caption (Petitioner's Name v. Secretary of Health and Human Services) and the docket number assigned to the petition should be used as the caption for the written submission.

Chapter 35 of title 44, United States Code, related to paperwork reduction, does not apply to information required for purposes of carrying out the Program.

SUPPLEMENTARY INFORMATION: Section 108 of the IHCIA, as amended by Public Laws 100-713 and 102-573, authorizes the IHS LRP and provides in pertinent part as follows:

The Secretary, acting through the Service, shall establish a program to be known as the Indian Health Service Loan Repayment Program (hereinafter referred to as the "Loan Repayment Program") in order to assure an adequate supply of trained health professionals necessary to maintain accreditation of, and provide health care services to Indians through, Indian health programs.

Section 4(n) of the IHCIA, as amended by the Indian Health Care Improvement Technical Corrections Act of 1996, Pub. L. 104-313, provides that:

"Health Profession" means allopathic medicine, family medicine, internal medicine, pediatrics, geriatric medicine, obstetrics and gynecology, podiatric medicine, nursing, public health nursing, dentistry, psychiatry, osteopathy, optometry, pharmacy, psychology, public health, social work, marriage and family therapy, chiropractic medicine, environmental health

and engineering, an allied health profession, or any other health profession.

For the purposes of this program, the term "Indian health program" is defined in section 108(a)(2)(A), as follows:

* * * any health program or facility funded, in whole or in part, by the IHS for the benefit of Indians and administered:

a. directly by the Service;
b. by any Indian tribe or tribal or Indian organization pursuant to a contract under:

(1) The Indian Self-Determination Act; or

(2) Section 23 of the Act of April 30, 1908 (25 U.S.C. 47), popularly known as the Buy Indian Act; or

(3) by an urban Indian organization pursuant to Title V of this act.

Applicants may sign contractual agreements with the Secretary for 2 years. The IHS will repay all, or a portion of the applicant's health profession educational loans (undergraduate and graduate) for tuition expenses and reasonable educational, and living expenses in amounts up to \$20,000 per year for each year of contracted service. Payments will be made annually to the participant for the purpose of repaying his/her outstanding health profession educational loans. Payment of health profession education loans will be made to the participant within 120 days, from the date the contract becomes effective.

The Secretary must approve the contract before the disbursement of loan repayments can be made to the participant. Participants will be required to fulfill their contract service agreements through full-time clinical practice at an Indian health program site determined by the Secretary. Loan repayment sites are characterized by physical, cultural, and professional isolation, and have histories of frequent staff turnover. All Indian health program sites are annually prioritized within the Agency by discipline, based on need or vacancy.

All health professions will receive up to \$20,000 per year for the length of their contract. Where the amount of the LRP award may result in an increase in Federal income tax liability, the IHS will pay an additional 20 percent of the participant's total loan repayments to the Internal Revenue Service for the increased tax liability.

Pursuant to section 108(b), to be eligible to participate in the LRP, an individual must:

(1) A. Be enrolled:

(i) In a course of study or program in an accredited institution, as determined by the Secretary, within any State and
