

published its preliminary countervailing duty determination in the **Federal Register**, and before August 18, 2001, the date on which the Department instructed the U.S. Customs Service to terminate the suspension of liquidation in accordance with section 703(d) of the Act, and on all entries and withdrawals on or after the date of publication of this countervailing duty order in the **Federal Register**. Section 703(d) of the Act states that the suspension of liquidation pursuant to a preliminary determination may not remain in effect for longer than four months. Entries of certain hot-rolled carbon steel flat products made on or after August 18, 2001, and prior to the date of publication of this order in the **Federal Register** are not liable for the assessment of countervailing duties as a result of the Department's termination, effective August 18, 2001, of the suspension of liquidation.

In accordance with section 706 of the Act, the Department will direct U.S. Customs (Customs) to reinstate the suspension of liquidation effective on the date of publication of this notice in the **Federal Register** and to assess, upon further advice by the Department pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the countervailable subsidy rate for the subject merchandise. In its instructions, the Department will direct Customs to exclude Highveld Steel and Vanadium Corporation Limited (Highveld), which received a *de minimis* subsidy rate in the Department's final determination, from this reinstatement of the suspension of liquidation and any subsequent assessment of countervailing duties.

On or after the date of publication of this notice in the **Federal Register**, Customs must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the countervailable subsidy rates noted below. The "All Others" rate applies to all producers and exporters, except for Highveld, of certain hot-rolled carbon steel flat products from South Africa not specifically listed below. The cash deposit rates are as follows:

Producer/exporter	Net subsidy rate
Saldanha Steel/Isacor	5.76% <i>Ad Valorem</i> .
All Others	5.76% <i>Ad Valorem</i> .

This notice constitutes the countervailing duty order with respect to certain hot-rolled carbon steel flat products from South Africa, pursuant to section 706(a) of the Act. Interested parties may contact the Central Records

Unit, for copies of an updated list of countervailing duty orders currently in effect.

This countervailing duty order is published in accordance with section 706(a) of the Act and 19 CFR 351.211.

Dated: November 26, 2001.

Richard W. Moreland,

Acting Assistant Secretary for Import Administration.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Proposed Information Collection: Comment Request

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (hereinafter the "Corporation"), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork

Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, the Corporation is soliciting comments concerning its AmeriCorps Volunteer Generation Survey. Copies of the information collection requests can be obtained by contacting the office listed below in the address section of this notice.

The Corporation is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Corporation, including whether the information will have practical utility;
- Evaluate the accuracy of the Corporation's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section by February 1, 2002.

ADDRESSES: Send comments to the Corporation for National and Community Service, Office of Evaluation, Attn: Chuck Helfer, 1201 New York Avenue, NW., Washington, DC 20525.

FOR FURTHER INFORMATION CONTACT: Chuck Helfer, (202) 606-5000, ext. 248.

SUPPLEMENTARY INFORMATION:

AmeriCorps Volunteer Generation Study

I. Background

The three AmeriCorps programs of the Corporation (AmeriCorps*State/National, National Civilian Community Corps (NCCC) and Volunteers In Service To America (VISTA)) depend on volunteers to help link program activities to individuals and institutions in the communities served by AmeriCorps. Each program plans and implements its own volunteer

mobilization and deployment strategies. Volunteer mobilization includes volunteer position development, recruitment, screening, and training. Deployment includes management (i.e. placement, scheduling, coordination, record keeping, volunteer/paid staff relations), recognition and development of appropriate volunteer policies and procedures.

II. Current Action

The Corporation seeks to evaluate the volunteer mobilization and deployment practices and outcomes of AmeriCorps programs. The evaluation will determine the extent to which the mobilization and deployment of local volunteers is meeting AmeriCorps goals for community strengthening and getting things done and AmeriCorps programs are engaging in effective volunteer mobilization and deployment practices. The evaluation will entail mail survey of approximately 1500 surveys to program/project directors and/or site staff. The Corporation will use the data collected through these activities to help programs and projects improve their volunteer-related practices.
