

o. Notice of Intent—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

p. Proposed Scope of Studies under Permit—A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide whether to proceed with the preparation of a development application to construct and operate the project.

q. Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

r. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS", "NOTICE OF INTENT TO FILE COMPETING APPLICATION", "COMPETING APPLICATION", "PROTEST", "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426. An additional copy must be sent to Director, Division of Hydropower Administration and Compliance, Federal Energy Regulatory Commission, at the above-mentioned address. A copy of any notice of intent, competing application or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

s. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Linwood A. Watson, Jr.

Acting Secretary.

Federal Energy Regulatory Commission

[Docket No. AD02-6-000]

Conference on Energy Infrastructure; Notice of Conference

December 11, 2001.

The Federal Energy Regulatory Commission (FERC) will hold a conference on energy infrastructure issues in the northeastern states on Thursday, January 31, 2002 at the Helmsley Park Lane Hotel, 36 Central Park South, New York City, New York.

The conference will discuss the adequacy of the electric, gas and hydropower infrastructure in the Northeast, and related matters. The Governors of the northeastern states have been invited to participate. The goal is to identify present infrastructure needs, investment and other barriers to expansion, and environmental and landowner concerns. We look forward to an informative discussion of the issues to clarify how we can facilitate and enhance a comprehensive collaborative approach to energy infrastructure development and reliability for the northeastern states. It is our firm belief that an adequate, well-functioning energy infrastructure is a keystone of workable, competitive energy markets.

The one-day meeting will begin at 9 a.m. and conclude at 4 p.m. All interested parties are invited to attend. Hotel rooms have been blocked at the Helmsley Park Lane under the name of the Federal Energy Regulatory Commission for any attending guests to reserve a one- or two-night stay but will be released by January 9, 2002 (212-371-4000).

We will issue further details on the conference, including the agenda and a list of participants, as plans evolve. For additional information, please contact

Carol Connors at 202-208-0870 or carol.connors@ferc.fed.us.

Linwood A. Watson, Jr.,

Acting Secretary.

[Project No. 2634]

Great Northern Paper, Inc.; Notice of Final Restricted Service List for Comments on a Programmatic Agreement for Managing Properties Included in or Eligible for Inclusion in the National Register of Historic Places

December 11, 2001.

On September 24, 2001, the Federal Energy Regulatory Commission (Commission) issued a notice for the Storage Project (FERC No. 2634-007) proposing to establish a restricted service list for the purpose of developing and executing a Programmatic Agreement (PA) for managing properties included in or eligible for inclusion in the National Register of Historic Places. On November 21, 2001, the Commission issued a notice modifying the restricted service list for the purpose of revising the participates. The Storage project is located in Piscataquis and Somerset Counties in Maine. Great Northern Paper, Inc. is the licensee.

Rule 2010 of the Commission's Rules of Practice and Procedure provides that, to eliminate unnecessary expense or improve administrative efficiency, the Secretary may establish a restricted service list for a particular phase or issue in a proceeding.¹ The restricted service list should contain the names of persons on the service list who, in the judgment of the decisional authority establishing the list, are active participants with respect to the phase or issue in the proceeding for which the list is established. The following change to the existing restricted service list is noted.

Add "Donald Soctomah,

Passamaquoddy Tribe, PO Box 301, Princeton, Maine 04668".

As a result of these changes, the final restricted service list for purposes of commenting on the PA, for Project No. P-2634 is as follows:

Dr. Laura Henley Dean, Advisory Council on Historic Preservation, The Old Post Office

¹18 CFR 385.2010.

Building, Suite 803,1100
Pennsylvania Avenue,
NW.,Washington, DC 20004.

Earle G. Shettleworth, Jr.,State Historic
Preservation Officer,Maine Historic
Preservation Commission, 55
Capitol Street, 65 State House
Station, Augusta, Maine 04333.

Brian R. Stetson, Manager of
Environmental Affairs, Great
Northern Paper, Inc., Engineering
and Research Building, 1 Katahdin
Ave.,Millinocket, Maine 04462–
1373.

Gregory W. Sample, Drummond
Woodsum & MacMahon, 245
Commercial Street, PO Box 9781,
Portland, Maine 04104–5081.

Land and Water Associates, 9 Union
Street,Hallowell, Maine 04347.

M. Kirstin Rohrer, Office of the
Solicitor, MS–6456, 1849 C St.,
NW., Washington, DC 20240.

Judith M. Stolfo, Office of the Regional
Solicitor, One Gateway Center,
Suite 612, Newton, Massachusetts
02458–02802.

Barry Dana, Chief, Penobscot Indian
Nation, River Road; Indian Island,
Old Town, Maine 04468.

Franklin Keel, Bureau of Indian Affairs,
Eastern Regional Office, 711 Stewarts
Ferry Pike, Nashville, Tennessee
37214.

Donald Soctomah, Passamaquoddy
Tribe, PO Box 301, Princeton, Maine
04668.

Kevin R. Mendik, National Park Service,
Northeast Field Area, 15 State Street,
Boston, Massachusetts 02109.

Linwood A. Watson, Jr.,
Acting Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[FRL–7119–3]

Office of Environmental Justice Small Grants Program—Application Guidance FY 2002

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice; correction.

SUMMARY: The Environmental Protection
Agency published a document in the
Federal Register of November 5, 2001,
concerning application guidance for
environmental justice small grants. The
document contained incorrect dates.

FOR FURTHER INFORMATION CONTACT:
Sheila Lewis, Senior Program Analyst,

EPA Office of Environmental Justice,
(202) 564–0152.

Correction

In the **Federal Register** of November
5, 2001, in FR Doc. 01–27591, beginning
on page 55986, make the following
corrections:

The date “February 21, 2002” is corrected
to read “February 22, 2002 in the following
places: page 55986, in the first column, in the
second paragraph identified as **DATES**; page
55988, second column, in the last paragraph,
in the second sentence and third column, in
the first line; and page 55989, second
column, third paragraph.

Dated: December 12, 2001.

Sheila Lewis,

Small Grants Program Manager.

ENVIRONMENTAL PROTECTION AGENCY

[FRL–7119–4]

Database of Sources of Environmental Releases of Dioxin-Like Compounds in the United States: Reference Years 1987 and 1995

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice of availability of a final
product.

SUMMARY: The National Center for
Environmental Assessment within the
Office of Research and Development, U.
S. Environmental Protection Agency,
announces the availability of the final
*Database of Sources of Environmental
Releases of Dioxin-Like Compounds in
the United States: Reference Years 1987
and 1995* (EPA/600/C–01/012, March
2001) and *Users Manual* (EPA/600/R–
01/012, March 2001). The database is an
electronic repository of congener-
specific chlorinated dibenzo-p-dioxin
and chlorinated dibenzofuran (CDD/
CDF) emissions and environmental
release data from all known sources in
the United States. The database contains
information that can be analyzed to
track emissions and releases of CDD/
CDF over time, compare congener-
specific profiles between and among
source categories, and develop source-
specific emission factors that can then
be used to estimate emissions. The
information contained in the current
version of the database is associated
with two reference years: 1995 and
1987.

The structure of the database and the
flow of information into and out of the
database are described in the Users
Manual. The database was created using

Microsoft® Excel 97 (hereafter, Excel) in
the manner of linked “workbooks.”
Certain calculations and manipulations
of data performed in Excel may be lost
if the database is converted to another
software; therefore, any recalculations
for the data in the database should be
performed using Excel. The Excel
workbooks should be compatible with
the Macintosh® version of Excel.
Because the database and Users Manual
are stored on a CD-ROM, a CD player
is required for use.

ADDRESSES: The database is available
electronically through the National
Center for Environmental Assessment
website at the following URL: [http://
www.epa.gov/ncea](http://www.epa.gov/ncea). Copies of the
database are also available without cost
from EPA’s National Service Center for
Environmental Publications (NSCEP) in
Cincinnati, Ohio (telephone: 1–800–
490–9198, or 513–489–8190; facsimile
513–489–8695). When requesting a copy
of the CD-ROM, please provide your
name, mailing address, and the
document number (EPA/600/C–01/012).
No paper copies will be made available.

FOR FURTHER INFORMATION CONTACT:
David Cleverly, National Center for
Environmental Assessment-Washington
Office (8623D), U.S. Environmental
Protection Agency, Washington DC
20460 by email (cleverly.david@epa.gov)
or telephone(202–564–3238).

SUPPLEMENTARY INFORMATION: CDD/CDF
emissions data were extracted from
original engineering test reports of the
results of sampling the stacks,
wastewater discharges, and other
emission streams at specific facilities
and sources. The database was designed
to accommodate facility-based
emissions, mobile source emissions, and
area source emissions. Test reports from
various state agencies, trade
associations, EPA program offices, and
EPA regulatory dockets were
consolidated and assimilated into the
database. Most of the emissions data in
Version 3.0 of the database concern
releases to the air because few data are
currently available on releases to other
media.

EPA intends to periodically update
the Database of Sources of
Environmental Releases of Dioxin-Like
Compounds in the United States:
Reference Years 1987 and 1995 to reflect
changes in emissions of dioxin-like
compounds that may be associated with
regulatory activity, advances in
pollution control, abatement, and
source-specific technologies. The next
update to the database is scheduled for
the fall of 2002, and will represent
emissions of dioxin-like compounds in
the United States for reference year
