

DEPARTMENT OF TRANSPORTATION**National Highway Traffic Safety Administration****Reports, Forms and Record Keeping Requirements; Agency Information Collection Activity Under OMB Review**

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The **Federal Register** Notice with a 60-day comment period was published on February 28, 2001 [66 FR 12829–12831].

DATES: Comments must be submitted on or before January 28, 2002.

FOR FURTHER INFORMATION CONTACT:

Barbara Williams at the National Highway Traffic Safety Administration, Office of Safety Performance Standards (NPS–01), 202–366–4327. 400 Seventh Street, SW, Room 5319, Washington, DC 20590.

SUPPLEMENTARY INFORMATION:**National Highway Traffic Safety Administration**

Title: 49 CFR 556, Petitions for Inconsequentiality.

OMB Number: 2127–0045.

Type of Request: Reinstatement, without change, of a previously approved collection for which has expired.

Abstract: The National Highway Traffic Safety Administration's statute at 49 U.S.C. 30113 General exemptions at subsection (b) Authority to exempt and procedures, authorizes the Secretary of Transportation upon application of a manufacturer, to exempt the applicant from the notice and remedy requirements of 49 U.S.C. Chapter 301, if the Secretary determines that the defect or noncompliance is inconsequential as it relates to motor vehicle safety. The notice and remedy requirements of Chapter 301 are set forth in 49 U.S.C. 30120 Remedies for defects and noncompliance. Those sections require a manufacturer of motor vehicles or motor vehicle equipment to notify distributors, dealers, and purchasers if any of the manufacturer's products are determined either to contain a safety-related defect or to fail to comply with an applicable Federal

motor vehicle safety standard. The manufacturer is under a concomitant obligation to remedy such defects or noncompliance. NHTSA exercised this statutory authority to excuse inconsequential defects or noncompliance when it promulgated 49 CFR part 556, Petitions for Inconsequentiality—this regulation establishes the procedures for manufacturers to submit such petitions to the agency will use in evaluating those petitions. Part 556 allows the agency to ensure that petitions filed under 15 U.S.C. 30113 (b) are both properly substantiated and efficiently processed.

Affected Public: Business or other-for-profit.

Estimated Total Annual Burden: 30.

ADDRESS: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725–17th Street, NW., Washington, DC 20503, Attention NHTSA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Departments estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A Comment to OMB is most effective if OMB receives it within 30 days of publication.

Issued in Washington, DC on December 21, 2001.

Delmas Johnson,

Acting Associate Administrator for Administration.

SUPPLEMENTARY INFORMATION:**National Highway Traffic Safety Administration**

Title: Names and Addresses First Purchasers of Motor Vehicles.

OMB Number: 2127–0044.

Type of Request: Reinstatement, with change, of a previously approved collection for which has expired.

Abstract: 49 U.S.C. 30117 Providing information to, and maintaining records on, purchasers at subparagraph (b) Maintaining purchaser records and procedures states in part: A manufacturer of motor vehicle or tire (except a retreaded tire) shall maintain a record of the name and address of the first purchasers of each vehicle or tire it produces and, to the extent prescribed by regulations of the Secretary, shall maintain a record of the name and address of the first purchaser of replacement equipment (except a tire) that the manufacturer produces. This agency has no regulation specifying how the information is to be collected or maintained. When NHTSA's authorizing statute was enacted in 1966, Congress determined that an efficient recall of defective or noncomplying motor vehicles required the vehicle manufacturers retain an accurate record of vehicle purchasers. By virtue of quick and easy access to this information, the manufacturer is able to quickly notify vehicle owners in the event of the of a recall. Experience with this statutory provision has shown that manufacturers have retained this information in a manner sufficient to enable them to expeditiously notify vehicle purchasers in case of a recall. Based on this experience, NHTSA has determined that no obligation is needed. Without this type of information readily available, manufacturers would either need to spend more time or money to notify purchasers of a recall.

Affected Public: Business or other-for-profit.

Estimated Total Annual Burden: 950,000.

ADDRESS: Send comments, within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725-17th Street, NW., Washington, DC 20503, Attention NHTSA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A Comment to OMB is most effective if OMB receives it within 30 days of publication.

National Highway Traffic Safety Administration

Reports, Forms and Record Keeping Requirements; Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collections and their expected burden. The Federal Register Notice with a 60-day comment period was published on August 16, 2001, 66 FR 43037.

DATES: Comments must be submitted on or before January 28, 2002.

FOR FURTHER INFORMATION CONTACT: Heidi L. Coleman at the National Highway Traffic Safety Administration, Office of Chief Counsel, NCC-30, 202-

366-1834, 400 Seventh Street, SW., Room 5219, Washington, DC 20590.

SUPPLEMENTARY INFORMATION: National Highway Traffic Safety Administration (NHTSA)

Title: 49 CFR Part 512, Confidential Business Information.

OMB Number: 2127-0025.

Type of Request: Extension of a currently approved collection.

Abstract: NHTSA's statutory authority under title 49 of the United States Code prohibits the agency, with certain exceptions, from making public confidential information which it obtains. On the other hand, the Administrative Procedure Act requires all agencies to make public all non-confidential information upon request (5 U.S.C. 552) and all agency rules to be supported by substantial evidence in the public record (5 U.S.C. 705). It is therefore important for the agency to determine promptly whether or not information it obtains should be accorded confidential treatment.

NHTSA promulgated 49 CFR part 512, Confidential Business Information, to establish the procedure by which NHTSA will consider claims that information submitted to the agency, or which it otherwise obtains, is confidential business information. Because of part 512, both NHTSA and the submitters of information for which confidential treatment is requested are able to ensure that confidentiality requests are properly substantiated and expeditiously processed.

Affected Public: Business and other for-profit, individuals or households.

Estimated Total Annual Burden: 1064 hours.

ADDRESSES: Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725-17th Street, NW., Washington, DC 20503, Attention: NHTSA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is most effective if OMB receives it within 30 days of publication.

Dated: Washington, DC, November 29, 2001.

John Womack,

Acting Chief Counsel.

Title: 49 CFR part 566 Manufacturer's Identification.

OMB Number: 2127-0043.

Type of Request: Reinstatement, with change, of a previously approved collection for which has expired.

Abstract: The National Highway Traffic Safety Administration's statute at 49 U.S.C. 30118 Notification of defects and noncompliance requires manufacturers to determine if the motor vehicle or item or replacement equipment contains a defect related to motor vehicle safety or fails to comply with an applicable Federal Motor Vehicle Safety Standard. Following such determination, the manufacturer is required to notify the Secretary of Transportation, owners, purchasers and dealers of motor vehicles or replacement equipment, of the defect or noncompliance and to remedy the defect or noncompliance without charge to the owner. With this determination,
