Estimated Available Funds:
 Approximately \$6 million for the second FY 2001 FIS cycle.

Estimated Range of Awards: The size of the awards will be commensurate with the nature and scope of the work proposed. In the most recent FIS competition, the grant awards ranged from approximately \$77,000 to about \$660,000 (for 12 months).

Budget Period: 12-month period.

Project Period: 12 to 36 months.

Note: The Department is not bound by any estimates in this notice.

Page Limit: The application narrative may not exceed the equivalent of 20 double-spaced pages, with printing on only one side of 8½ x 11-inch paper. Our reviewers will not read any pages of your application that—

- Exceed the page limit if you apply these standards; or
- Exceed the equivalent of the page limit if you apply other standards.

Thus we will remove all pages in excess of the 20-page narrative maximum or its equivalent.

Note: We have found that reviewers are able to conduct the highest quality review

when applications are concise and easy to read. We strongly encourage applicants to use a 12-point or larger size font, one-inch margins at the top, bottom, and both sides, and pages numbered consecutively.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 80, 81, 82, 85, 86 (part 86 applies to IHEs only), 97, 98, and 99. (b) The regulations in 34 CFR part 700.

Application Review Procedures: On September 22, 2000 we published in the **Federal Register** (65 FR 57326–57327) a Notice of Application Review Procedures for New Awards for FY 2001. That notice will apply to the awards to be made under this announcement.

SUPPLEMENTARY INFORMATION: The FIS Education Research Grant Program is highly competitive. Strong applications for FIS grants clearly address each of the applicable selection criteria. They make a well-reasoned and compelling case for the national significance of the problems or issues that will be the subject of the proposed research, and present a research design that is complete, clearly delineated, and incorporates sound research methods. In addition, the personnel descriptions included in strong applications make it apparent that the project director, principal investigator, and other key personnel possess training and experience commensurate with their duties.

The project period of the grant may be from one to three years. In the application, the project period should be divided into 12-month budget periods. Each 12-month budget should be clearly delineated and justified in terms of the proposed activities.

Collaboration: We encourage collaboration in the conduct of research. For example, major research universities and institutions may collaborate with historically underrepresented institutions, such as Historically Black Colleges and Universities, Hispanic-Serving Institutions, and Tribal Colleges and Universities.
