

Form Number: NOAA Form 88-30.

Type of Review: Regular submission.

Affected Public: Business and other for-profit organizations (seafood dealers and fishermen).

Estimated Number of Respondents: 5,500.

Estimated Time Per Response: 15 minutes for a dealer report in the golden crab, red snapper, rock shrimp, and Puerto Rican prohibited coral fisheries; 5 additional minutes to fax or mail a red snapper dealer report; 5 minutes for a dealer report in the snowy grouper, tilefish, and mackerel fisheries; 5 minutes for an annual vessel interview; 10 minutes for other interviews; 10 minutes for a dealer and vessel report in the eastern Gulf of Mexico runaround gill mackerel fishery; 8 minutes for a dealer report for swordfish and sharks; 17 minutes for a swordfish importer report; and 4.5 minutes for a wreckfish dealer report.

Estimated Total Annual Burden Hours: 3,256.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: January 19, 2001.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

Evaluation of State Coastal Management Programs and National Estuarine Research Reserves

AGENCY: Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), DOC.

ACTION: Notice of availability of final evaluation findings.

SUMMARY: Notice is hereby given of the availability of the final evaluation findings for the Delaware, Florida, Massachusetts, New Hampshire, Oregon, and Virginia Coastal Management Programs, and the Elkhorn Slough (California), Narragansett Bay (Rhode Island), Sapelo Island (Georgia), and Tijuana River (California) National Estuarine Research Reserves (NERRs). Sections 312 and 315 of the Coastal Zone Management Act of 1972 (CZMA), as amended, require a continuing review of the performance of coastal states with respect to approval of coastal management programs, and the operation and management of NERRs.

The states of Delaware, Florida, Massachusetts, New Hampshire, Oregon and Virginia were found to be implementing and enforcing their federally approved coastal management programs, addressing the national coastal management objectives identified in CZMA section 303(2)(A)-(K), and adhering to the programmatic terms of their financial assistance awards.

Elkhorn Slough, Narragansett Bay, Sapelo Island, and Tijuana River NERRs were found to be adhering to programmatic requirements of the NERR System. Copies of these final evaluation findings may be obtained upon written request from: Margo E. Jackson, Deputy Director, Office of Ocean and Coastal Resource Management, NOS/NOAA, 1305 East-West Highway, 10th Floor, Silver Spring, Maryland 20910, or Margo.E.Jackson@noaa.gov, (301) 713-3155 Extension 114.

(Federal Domestic Assistance Catalog 11.419, Coastal Zone Management Program Administration.)

Capt. Ted Lillestolen,

Deputy Assistant Administrator for Ocean Services and Coastal Zone Management.

National Oceanic and Atmospheric Administration

Availability of Seats for the Monterey Bay National Marine Sanctuary Advisory Council

AGENCY: National Marine Sanctuary Program (NMSPP), National Ocean Service (NOS), National Oceanic and Atmospheric Administration, Department of Commerce (DOC).

ACTION: Notice and request for applications.

SUMMARY: The Monterey Bay National Marine Sanctuary (MBNMS or Sanctuary) is seeking applicants to fill vacant fishing (primary) and conservation (alternate) seats on its Sanctuary Advisory Council (Council). Applicants are chosen based upon their particular expertise and experience in relation to the seat for which they are applying; community and professional affiliations; philosophy regarding the conservation and management of marine resources; and the length of residence in the area affected by the Sanctuary. Applicants who are chosen as members should expect to serve three-year terms, pursuant to the Council's Charter.

DATES: Applications are due by February 19, 2001.

ADDRESSES: Application kits may be obtained from Brady Phillips at the Monterey Bay National Marine Sanctuary, 299 Foam Street, Monterey, California, 93940. Completed applications should be sent to the same address.

FOR FURTHER INFORMATION CONTACT: Brady Phillips at (831) 647-4237, or Brady.Phillips@noaa.gov.

SUPPLEMENTARY INFORMATION: The MBNMS Advisory Council was established in March 1994 (the current Council has served since March 1998) to assure continued public participation in the management of the Sanctuary. Since its establishment, the Council has played a vital role in the decisions affecting the Sanctuary along the central California Coast.

The Council's nineteen voting members represent a variety of local user groups, the general public, and seven local, state and federal governmental jurisdictions. In addition, the respective managers for the four California National Marine Sanctuaries (Channel Islands National Marine Sanctuary, Cordell Bank National Marine Sanctuary, Gulf of the Farallones National Marine Sanctuary, and the Monterey Bay National Marine

Sanctuary) and the Elkhorn Slough National Estuarine Research Reserve sit as non-voting members.

The Council is supported by three working groups: the Research Activity Panel (RAP) chaired by the Research Representative, the Sanctuary Education Panel (SEP) chaired by the Education Representative, and the Conservation Working Group (CWG) chaired by the Conservation Representative, each respectively dealing with matters concerning research, education and resource protection. The working groups are composed of experts from the appropriate fields of interest and all meet monthly, serving as invaluable advisors to the Council and the Sanctuary Superintendent. Several task forces have been established to assist in developing specific programmatic goals. Most notable is the formation of the Business and Tourism Activity Panel (BTAP), whose purpose is to strengthen economic partnerships with the Sanctuary Program.

The Council represents the coordination link between the Sanctuary and the state and federal management agencies, user groups, researchers, educators, policy makers, and other various groups that help to focus efforts and attention on the central California coastal and marine ecosystems.

The Council functions in an advisory capacity to the Sanctuary Manager and is instrumental in helping develop policies, program goals, and identify education, outreach, research, long-term monitoring, resource protection and revenue enhancement priorities. The Council works in concert with the Sanctuary Manager by keeping him or her informed about issues of concern throughout the Sanctuary, offering recommendations on specific issues, and aiding the Manager in achieving the goals of the Sanctuary program within the context of California's marine programs and policies.

Authority: 16 U.S.C. Section 1431 *et seq.* (Federal Domestic Assistance Catalog Number 11.429 Marine Sanctuary Program)

Dated: January 24, 2001.

Ted Lillestolen,

Deputy Assistant Administrator for Ocean Services and Coastal Zone Management.

Caribbean Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Caribbean Fishery Management Council (Council) will hold a meeting.

DATES: The meeting will be held on February 21, 2001, from 1 p.m. until 5 p.m. The closed session will take place after 5 p.m.

ADDRESSES: The meeting will be held at the Wyndham Sugar Bay Beach Club and Resort, 6500 Estate Smith Bay, St. Thomas, U.S.V.I.

FOR FURTHER INFORMATION CONTACT: Caribbean Fishery Management Council, 268 Muñoz Rivera Avenue, Suite 1108, San Juan, Puerto Rico 00918-2577; telephone: (787) 766-5926.

SUPPLEMENTARY INFORMATION: The Council will hold its 103rd regular public meeting to discuss the items contained in the following agenda:

Call to Order

Adoption of Agenda

Consideration of 102nd Council Meeting Summary Minutes

Presentation on Proposed Marine Protected Areas and Parks for the U.S.V.I.

Dolphin/Wahoo Fishery Management Plan Final Action

Queen Conch FMP Amendment - Proposed Rule

Other Business

Next Council Meeting

Closed Session for Administrative Matters

The meeting is open to the public, and will be conducted in English. Fishers and other interested persons are invited to attend and participate with oral or written statements regarding agenda issues.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice

that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. For more information or request for sign language interpretation and/or other auxiliary aids, please contact Mr. Miguel A. Rolón, Executive Director, Caribbean Fishery Management Council, (see **FOR FURTHER INFORMATION CONTACT**) at least 5 days prior to the meeting date.

Dated: January 22, 2001.

Richard W. Surdi,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
