

a notice of investigation are served on the person, (3) the person fails to respond to the complaint and notice or otherwise fails to appear to answer the complaint and notice, (4) the person fails to show good cause why it should not be found in default, and (5) the complainant seeks relief limited to that person. Such an order shall be issued unless, after considering the effect of such exclusion, the Commission finds that such exclusion should not be issued.

The Commission found that each of the statutory requirements for the issuance of a limited exclusion order was met with respect to defaulting respondent Watex. The Commission further determined that the public interest factors enumerated in section 337(g)(1) did not preclude the issuance of such relief. Finally, the Commission determined that bond under the limited exclusion order during the Presidential review period shall be in the amount of one hundred (100) percent of the entered value of the imported articles.

This action is taken under the authority of section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, and § 210.16 of the Commission's rules of practice and procedure, 19 CFR 210.16.

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission determines, pursuant to section 705(b) of the Tariff Act of 1930 (19 U.S.C. § 1671d(b))(the Act), that an industry in the United States is materially injured by reason of imports from Italy of stainless steel bar, provided for in subheadings 7222.11.00, 7222.19.00, 7222.20.00, and 7222.30.00 of the Harmonized Tariff Schedule of the United States (HTS), that have been found by the Department of Commerce

to be subsidized by the Government of Italy.

The Commission also determines, pursuant to section 735(b) of the Act (19 U.S.C. 1673d(b)), that an industry in the United States is materially injured by reason of imports from France, Germany, Italy, Korea, and the United Kingdom of stainless steel bar, provided for in the HTS subheadings listed above, that have been found by the Department of Commerce to be sold in the United States at less than fair value (LTFV).

Background

The Commission instituted these investigations effective December 28, 2000, following receipt of a petition filed with the Commission and Commerce by Carpenter Technology Corp. (Wyomissing, PA); Crucible Specialty Metals (Syracuse, NY); Electralloy Corp. (Oil City, PA); Empire Specialty Steel, Inc. (Dunkirk, NY); Slater Steels Corp., Specialty Alloys Division (Fort Wayne, IN); and the United Steelworkers of America, AFL-CIO/CLC (Pittsburgh, PA). The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce certain imports of stainless steel bar from Italy were being subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and that certain imports of stainless steel bar from France, Germany, Italy, Korea, and the United Kingdom were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)).² Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of September 17, 2001 (66 FR 48063).³ The hearing was held in Washington, DC, on January 17, 2002, and all persons who requested the opportunity were permitted to appear in person or by counsel.

INTERNATIONAL TRADE COMMISSION

[Investigation 332-440]

Probable Economic Effect of the Reduction or Elimination of U.S. Tariffs

AGENCY: International Trade Commission.

ACTION: Institution of investigation and scheduling of public hearing.

EFFECTIVE DATE: February 28, 2002.

SUMMARY: Following receipt of a request on February 11, 2002, from the United States Trade Representative (USTR), the Commission instituted investigation No. 332-440, Probable Economic Effect of the Reduction or Elimination of U.S. Tariffs, under section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)).

As requested by USTR, the Commission will provide advice as to the probable economic effect on U.S. industries producing like or directly competitive articles and on consumers of:

- Eliminating U.S. tariffs of 5 percent ad valorem or below on dutiable imports from all U.S. trading partners and reducing all other U.S. tariffs by 50 percent;
- Eliminating U.S. tariffs on all dutiable imports from all U.S. trading partners; and
- Eliminating U.S. tariffs on all dutiable imports from FTAA countries.

The import analysis will consider each article in chapters 1 through 97 of the Harmonized Tariff Schedule of the United States for which tariffs will remain after the United States fully implements its Uruguay Round tariff commitments. The import advice will be based on the 2002 Harmonized Tariff System nomenclature and 2000 trade data. The report will identify the five largest sources of dutiable imports (including import values) for each article under the scenarios identified above. The Commission will provide its advice on the effect of reduction or elimination of U.S. tariffs no later than August 9, 2002.

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² Investigation No. 731-TA-917 (Final), concerning stainless steel bar from Taiwan, was terminated effective January 23, 2002 (67 FR 4745, January 31, 2002), consequent to Commerce's final negative LTFV determination with respect to Taiwan (67 FR 3152, January 23, 2002).

³ The Commission published notice of its revised schedule on November 20, 2001 (66 FR 58162).
