[Docket No. GT02-12-000]

#### Enbridge Pipelines (KPC); Notice of Proposed Changes in FERC Gas Tariff

March 19, 2002.

Take notice that on March 13, 2002, Enbridge Pipelines (KPC), formerly Kansas Pipeline Company (Enbridge KPC) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, Original Sheet No. 121A, to be made effective April 1, 2002.

Enbridge KPC states that the purpose of the filing was to correct an error resulting from Enbridge KPC's filing of First Revised Volume No. 1 of its FERC Gas Tariff on September 12, 2001 in FERC Docket No. GT01-32-000. The omission happened because Original Sheet No. 222 (Original Volume No. 1) was not on the FERC Fastr System, therefore, when Enbridge KPC made the changes noted above and filed it with the Commission, it did not file the General Terms and Conditions language shown on that sheet.

Enbridge KPC states that copies of its transmittal letter has been provided by First Class mail and/or electronic communication, depending on the method that such party elected to receive such copies, to all affected customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party

must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

#### Florida Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

March 19, 2002.

Take notice that on March 13, 2002, Florida Gas Transmission Company (FGT) tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheets, with an effective date of April 12, 2002:

Fifth Revised Sheet No. 650  
Fourth Revised Sheet No. 651  
Fourth Revised Sheet No. 652  
Fourth Revised Sheet No. 653  
Fifth Revised Sheet No. 654

FGT states that on September 1, 1994, it filed a Stipulation and Agreement of Settlement (Settlement) and pro forma tariff sheets setting forth procedures for the interruption of interruptible transportation and the curtailment of firm service during periods of diminished capacity on FGT's system. The Settlement was supported by most of the customers on FGT's system. On January 12, 1995 the Commission issued an order which accepted and clarified the Settlement. (70 FERC ¶ 61,017.) The Commission issued an order on rehearing on June 2, 1995. (71 FERC ¶ 61,274.)

Also, FGT states that the Settlement, as approved and modified by the Commission, establishes procedures in subsections (g) and (h) of section 17.A.4. of the General Terms and Conditions (GT&C) of FGT's Tariff to review the Exempt Use classifications under FGT's curtailment plan. These procedures require that: the DVC [Data Verification

Committee] shall meet one year after the date [November 1, 1995] of the implementation of these curtailment provisions to review the Exempt Use classifications. Thereafter, unless otherwise agreed to by the DVC, the DVC shall meet the earlier of: (i) each three years after the plan's implementation date or anniversary thereof or (ii) within sixty (60) days following the second of two firm curtailment events on FGT's system occurring within a 12-month period.

FGT states that pursuant to the terms of FGT's Tariff, the DVC met on October 4, 2001, to review, classify and establish exempt uses as shown on the referenced tariff sheets.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. [Docket No. RP02-199-000]

#### Mississippi River Transmission Corporation; Notice of Tariff Filing

March 19, 2002.

Take notice that on March 13, 2002, Mississippi River Transmission Corporation (MRT) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, the following revised tariff sheets to be effective April 12, 2002:

First Revised Sheet No. 37  
First Revised Sheet No. 39  
Second Revised Sheet No. 40  
First Revised Sheet No. 43  
First Revised Sheet No. 45  
First Revised Sheet No. 50  
1st Rev. First Revised Sheet No. 183

MRT states that the revised tariff sheets will modify the Tariff's General Terms and Conditions and the Tariff provisions applicable to No Notice Transportation Service (Rate Schedule NNT) and Firm Storage Service (Rate Schedule FSS), to grant greater flexibility to customers in securing through their service agreements the exact services that best suit their needs,

in a manner consistent with Commission policy. Specifically, MRT states that it is proposing the ability to negotiate (1) a contractual right of first refusal ("ROFR") in certain circumstances where a regulatory ROFR otherwise would not be available to the customer pursuant to Commission regulations, (2) a reduction of a customer's contract entitlements where there has been a bypass of that customer by a third party, and (3) a process for cooperative efforts between MRT and a customer to implement any regulatory or other governmental order whereby a customer is to unbundle the services that it provides to its own customers. MRT states that the revised tariff sheets also provide additional flexibility for a storage customer with regard to the requirements governing injections into and withdrawals from MRT's storage facilities.

MRT states that it has served copies of the filing upon all customers and relevant state regulatory commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.
