National Park Service

Winter Use Plan, Draft Supplemental Environmental Impact Statement for the Yellowstone and Grand Teton National Parks and the John D. Rockefeller, Jr., Memorial Parkway, Wyoming and Montana

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of availability of a Draft Supplemental Environmental Impact Statement for the Winter Use Plan for the Yellowstone and Grand Teton National Parks and the John D. Rockefeller, Jr., Memorial Parkway.

SUMMARY: Pursuant to section 102(c) of the National Environmental Policy Act of 1969, the National Park Service announces the availability of Draft Supplemental Environmental Impact Statement for the Yellowstone and Grand Teton National Parks and the John D. Rockefeller, Jr., Memorial Parkway, Wyoming and Montana. The purpose for preparing the Plan/SEIS is to further the purposes of NEPA by soliciting more public comment and to consider additional information on new snowmobile technology not available at the time of the earlier decision. It analyzes 4 winter use management alternatives for the parks and evaluates the environmental consequences of the alternatives on wildlife, air quality, natural quiet, socioeconomics, and visitor experience.

Under alternative 1a-No Action, use and management practices in the parks and Parkway as decided by the November 22, 2000 record of decision for the Winter Use Plan, Final Environmental Impact Statement for the Yellowstone and Grand Teton National Parks and John D. Rockefeller, Jr., Memorial Parkway would continue. The decision eliminated recreational snowmobile and snowplane use from the parks and Parkway by the winter of 2003–2004. Oversnow motorized access would be provided by means of mass transit snowcoaches. Alternative 1b is essentially the same as alternative 1a with the exception that an additional year would be allowed for the phasing
