

Anchorage, 212 *Windshield Retention*, 214 *Side Impact Protection*, 216 *Roof Crush Resistance*, 219 *Windshield Zone Intrusion*, 225 *Child Restraint Anchorage Systems*, 301 *Fuel System Integrity*, and 302 *Flammability of Interior Materials*.

In addition, the petitioner claims that the vehicles comply with the Bumper Standard found in 49 CFR Part 581.

The petitioner also contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated:

Standard No. 101 *Controls and Displays*: replacement of the instrument cluster and the cruise control lever, when necessary, with U.S.-model components.

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment*: (a) installation of U.S.-model headlamps and front sidemarker lamps, and (b) installation of U.S.-model taillamp assemblies that incorporate rear sidemarker lamps.

Standard No. 110 *Tire Selection and Rims*: installation of a tire information placard.

Standard No. 111 *Rearview Mirror*: replacement of the passenger side rearview mirror with a U.S.-model component, or inscription of the required warning statement on that mirror.

Standard No. 114 *Theft Protection*: reprogramming to activate the theft prevention warning system.

Standard No. 118 *Power Window Systems*: reprogramming to meet the standard.

Standard No. 208 *Occupant Crash Protection*: (a) reprogramming of the seat belt warning system so that it actuates in the proper manner; (b) inspection of all vehicles and replacement of the driver's and passenger's side air bags, knee bolsters, control units, sensors, and seat belts with U.S.-model components on vehicles that are not already so equipped. Petitioner states that the front and rear outboard designated seating positions have combination lap and shoulder belts that are self-tensioning and that release by means of a single red pushbutton. Petitioner further states that the vehicles are equipped with a seat belt warning lamp that is identical to the lamp installed on U.S.-certified models.

The petitioner states that a vehicle identification plate must be affixed to the vehicles near the left windshield post and a reference and certification label must be affixed in the area of the left front door post to meet the requirements of 49 CFR part 565.

The petitioner also states that all vehicles must be inspected for compliance with the Theft Prevention Standard in 49 CFR part 541, and that required markings must be added to vehicles that are not already marked in compliance with that standard.

Interested persons are invited to submit comments on the petition described above. Comments should refer to the docket number and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 am to 5 pm]. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: April 10, 2002.

National Highway Traffic Safety Administration

[Docket No. NHTSA-2002-12047]

Notice of Receipt of Petition for Decision That Nonconforming 2001 Jeep Grand Cherokee Multipurpose Passenger Vehicles Are Eligible for Importation

AGENCY: National Highway Traffic Safety Administration, DOT

ACTION: Notice of receipt of petition for decision that nonconforming 2001 Jeep Grand Cherokee multipurpose passenger vehicles (MPVs) are eligible for importation.

SUMMARY: This document announces receipt by the National Highway Traffic Safety Administration (NHTSA) of a petition for a decision that 2001 Jeep Grand Cherokee MPVs that were not originally manufactured to comply with all applicable Federal motor vehicle safety standards are eligible for importation into the United States because (1) they are substantially

similar to vehicles that were originally manufactured for sale in the United States and that were certified by their manufacturer as complying with the safety standards, and (2) they are capable of being readily altered to conform to the standards.

DATES: The closing date for comments on the petition is May 16, 2002.

ADDRESSES: Comments should refer to the docket number and notice number, and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 a.m. to 5 p.m.].

FOR FURTHER INFORMATION CONTACT: George Entwistle, Office of Vehicle Safety Compliance, NHTSA (202-366-5306).

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. § 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. § 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety standards.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

Wallace Environmental Testing Laboratories, Inc. of Houston, Texas ("WETL") (Registered Importer 90-005) has petitioned NHTSA to decide whether 2001 Jeep Grand Cherokee MPVs originally manufactured for sale in the European market are eligible for importation into the United States. The vehicles which WETL believes are substantially similar are 2001 Jeep Grand Cherokee MPVs that were manufactured for importation into, and sale in, the United States and certified

by their manufacturer as conforming to all applicable Federal motor vehicle safety standards.

The petitioner claims that it carefully compared non-U.S. certified 2001 Jeep Grand Cherokee MPVs to their U.S.-certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most Federal motor vehicle safety standards.

WETL submitted information with its petition intended to demonstrate that non-U.S. certified 2001 Jeep Grand Cherokee MPVs, as originally manufactured, conform to many Federal motor vehicle safety standards in the same manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 2001 Jeep Grand Cherokee MPVs are identical to their U.S. certified counterparts with respect to compliance with Standard Nos. 102 *Transmission Shift Lever Sequence* * * *, 103 *Defrosting and Defogging Systems*, 104 *Windshield Wiping and Washing Systems*, 105 *Hydraulic and Electric Brake Systems*, 106 *Brake Hoses*, 113 *Hood Latch Systems*, 114 *Theft Protection*, 116 *Motor Vehicle Brake Fluids*, 118 *Power Window Systems*, 119 *New Pneumatic Tires for Vehicles other than Passenger Cars*, 124 *Accelerator Control Systems*, 201 *Occupant Protection in Interior Impact*, 202 *Head Restraints*, 204 *Steering Control Rearward Displacement*, 205 *Glazing Materials*, 206 *Door Locks and Door Retention Components*, 207 *Seating Systems*, 208 *Occupant Crash Protection*, 209 *Seat Belt Assemblies*, 210 *Seat Belt Assembly Anchorages*, 212 *Windshield Retention*, 214 *Side Impact Protection*, 216 *Roof Crush Resistance*, 219 *Windshield Zone Intrusion*, 301 *Fuel System Integrity*, and 302 *Flammability of Interior Materials*.

Additionally, the petitioner states that non-U.S. certified 2001 Jeep Grand Cherokee MPVs comply with the Vehicle Identification Number plate requirement of 49 CFR part 565.

Petitioner further contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated:

Standard No. 101 *Controls and Displays*: addition of brake warning indicator symbol that conforms to the standard.

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment*: replacement of headlight assemblies with U.S.-model components that include sidemarker lights.

Standard No. 111 *Rearview Mirror*: replacement of the passenger side

rearview mirror with one that has the required warning statement permanently etched into the glass.

Standard No. 120 *Tire Selection and Rims for Motor Vehicles other than Passenger Cars*: installation of a tire information placard.

The petitioner states that all vehicles must be inspected prior to importation for compliance with the Theft Prevention Standard found in 49 CFR Part 541, and that U.S.-model anti-theft devices must be installed on all vehicles lacking that equipment.

The petitioner also states that a certification label must be affixed to the driver's side doorjamb to meet the requirements of 49 CFR Part 567.

Interested persons are invited to submit comments on the petition described above. Comments should refer to the docket number and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 am to 5 pm]. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.
