Final Results of Changed Circumstances Review and Revocation of the Antidumping Duty Order

Pursuant to section 782(h)(2) of the Act, the Department may revoke an antidumping or countervailing duty order based on a review under section 751(b) of the Act (*i.e.*, a changed circumstances review). Section 751(b)(1) of the Act requires a changed circumstances review to be conducted upon receipt of a request which shows changed circumstances sufficient to warrant a review. 19 CFR 351.222(g) provides that the Department will conduct a changed circumstances review under 19 CFR 351.216, and may revoke an order (in whole or in part), if it determines that producers accounting for substantially all of the production of the domestic like product to which the order (or the part of the order to be revoked) pertains have expressed a lack of interest in the relief provided by the order, in whole or in part, or if other changed circumstances exist sufficient to warrant revocation.

The Department finds that the producer accounting for all of the domestic like product to which the order pertains has expressed a lack of interest in the relief provided by this order, dating back to December 1, 1995. On the facts of this case, sufficient changed circumstances exist to warrant revocation of the order. Therefore, effective December 1, 1995, the Department is revoking the order on porcelain-on-steel cookware from Mexico in whole, pursuant to sections 751(b) and (d) and 782(h) of the Act, as well as 19 CFR 351.216 and 19 CFR 351.222(g).

Rescission of Antidumping Administrative Reviews

On November 13, 2001, the Department published in the **Federal Register** (66 FR 56799) the preliminary results of the 14th administrative review for the period December 1, 1999, through November 30, 2000. On January 29, 2002, the Department published in the **Federal Register** (67 FR 4236) a notice of initiation of the 15th

administrative review for the period December 1, 2000, through November 30, 2001. Because we are revoking the order for the reason stated above, effective December 1, 1995, we are also rescinding the ongoing administrative reviews of porcelain-on-steel cookware from Mexico pursuant to section 751(d)(3) of the Act.

Instructions to Customs Service

The Department, in accordance with 19 CFR 351.222(g)(4), expects to instruct the Customs Service to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, all unliquidated entries of porcelain-on-steel cookware from Mexico, entered, or withdrawn from warehouse, for consumption on or after December 1, 1995. We will further instruct the Customs Service to refund with interest any estimated duties collected with respect to unliquidated entries of porcelain-on-steel cookware from Mexico entered, or withdrawn from warehouse, for consumption on or after December 1, 1995, in accordance with section 778 of the Act. The instructions covering the period December 1, 1995, through November 30, 1999, will not be issued until the dismissal of the ongoing litigation with respect to the administrative reviews of porcelain-on-steel cookware from Mexico, pursuant to which entries have been enjoined from liquidation. We will instruct the Customs Service to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, all unliquidated entries of porcelain-on-steel cookware from Mexico, entered, or withdrawn from warehouse, for consumption during the periods December 1, 1999, through November 30, 2000, and December 1, 2000, through November 30, 2001, upon publication of this notice.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.306. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This changed circumstances review, revocation of the antidumping duty order, and notice are in accordance with sections 751(b) and (d) and 782(h) of the Act and 19 CFR 351.216(d) and 351.222(g). The rescission of the 1999–2000 and 2000–2001 antidumping duty

administrative reviews of porcelain-on-steel cookware from Mexico is in accordance with section 751(d)(3) of the Act.

Notice of Extension of Time Limits of the Preliminary Results of Administrative Review of Agreement Suspending the Antidumping Investigation of Uranium from the Russian Federation, as Amended

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Extension of Time Limits of the Preliminary Results of Administrative Review.

SUMMARY: The Department of Commerce ("the Department") is extending the time limits by 120 days for the preliminary results of the administrative review of the Agreement Suspending the Antidumping Investigation of Uranium from the Russian Federation, as Amended.

EFFECTIVE DATE: April 22, 2002.

FOR FURTHER INFORMATION CONTACT: Lori Ellison or James Doyle; Import Administration, International Trade Administration, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington DC 20230; telephone: (202) 482–5811 or (202) 482–0159, respectively.

SUPPLEMENTARY INFORMATION:

Extension of Preliminary Results:

The Department published its notice of initiation of this review in the **Federal Register** on November 21, 2001 (66 FR 58432). The Department's preliminary results are currently due on July 3, 2002.

Section 751(a)(3)(A) of the Tariff Act of 1930 ("the Act"), as amended by the Uruguay Round Agreements Act, states that if it is not practicable to complete the review within the time specified, the administering authority may extend the 245-day period to issue its preliminary results by an additional 120 days. Because of the complex and novel issues presented by this review, it is impracticable for the Department to complete its analysis within the 245 day

time frame provided under section 751(a)(3)(A) of the Act. Completion of the preliminary results within this period is impracticable for the following reasons: (1) This is the first administrative review of this suspension agreement, raising a number of issues of first impression; (2) the agreement has been in force since October 1992, making a particularly enormous quantity of information subject to review; (3) the agreement has been amended four times, thereby complicating the analysis; and (4) analysis of the Russian uranium industry will be complicated due to the complexity of uranium transactions in Russia and the high degree of integration between Russia's nuclear power and uranium production entities, and government.

The Department is therefore extending the preliminary results due date by 120 additional days in accordance with section 751(a)(3)(A) of the Act. The new due date for the preliminary results is October 31, 2002.

Dated: April 12, 2002

Joseph A. Spetrini,

Deputy Assistant Secretary for Import Administration, Group III.
