Foreign-Trade Zones Board

[Docket 3-2002]

Foreign-Trade Zone 124—LaPlace, Louisiana, Application for Expansion—Subzone 124H; Bollinger Shipyards Lockport, LLC; (Shipbuilding), LaFourche, Louisiana

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the South Louisiana Port Commission, grantee of FTZ 124, requesting authority to expand Subzone 124H, at the Bollinger Shipyards Lockport, LLC (Bollinger) shipbuilding facility located in Lockport, Louisiana, to include six new sites in Lafourche, Jefferson and Orleans Parishes. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on January 8, 2002.

Subzone 124H was approved on July 10, 1998 (Board Order 993, 63 FR 39069, 7-21-98). The subzone currently consists of five sites: *Site 1* (250 acres)—Bollinger Lockport, 8365 LA Hwy. 308, Lockport; *Site 2* (168 acres)—Bollinger Larose, LLC, 1515 Highway 24, Larose; *Site 3* (67 acres)—Bollinger Marine Fabricators, LLC, 816 Bollinger Lane, Amelia; *Site 4* (101 acres)—Bollinger Morgan City, LLC, 806 Bollinger Lane, Amelia; and, *Site 5* (50 acres)—Bollinger Amelia Repair, LLC, 606 Ford Industrial Road, Amelia. The applicant is now requesting authority to expand the subzone to include six additional sites: proposed *Site 6* (3 acres)—Bollinger Algiers, LLC, 434 Powder St., New Orleans; proposed *Site 7* (40 acres)—Bollinger Gretna, 4640 Peters Rd., Harvey; proposed *Site 8* (58 acres)—Bollinger Gulf Repair, 3900 Jourdan Road W, New Orleans; proposed *Site 9* (30 acres) Bollinger Quick Repair, 615 Destrehan Ave., Harvey; proposed *Site 10* (4 acres) Bollinger Fourchon, LLC, 106 Norman Doucet Dr., Golden Meadow; and, proposed *Site 11* (21 acres)—Chand, LLC, 157 Highway 654, Matthews. The Bollinger facilities are used for the construction and repair of commercial and government vessels for domestic and international customers.

This proposal does not request any new authority under FTZ procedures in terms of products or components, but it does involve a potential increase in the facility's level of production under FTZ procedures. Bollinger will operate the proposed sites as an integral part of Subzone 124H.

The proposed expanded manufacturing activity conducted under FTZ procedures would be subject to the "standard shipyard restriction" applicable to foreign-origin steel mill products (e.g., angles, pipe, plate), which requires that Customs duties be paid on such items.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:

1. Submissions Via Express/Package Delivery Services: Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St. NW., Washington, DC 20005; or

2. Submissions Via the U.S. Postal Service: Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Ave. NW., Washington, DC 20230. The closing period for their receipt is March 18, 2002. Rebuttal comments in response to material submitted during the foregoing period may be submitted

during the subsequent 15-day period (to April 1, 2002).

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the first address listed above, and at the U.S. Department of Commerce Export Assistance Center, One Canal Place, 365 Canal Street, Suite 1170, New Orleans, LA 70130.

Dated: January 8, 2002.

Dennis Puccinelli,

Executive Secretary.

Notice of Final Results of Antidumping Duty Administrative Review: Granular Polytetrafluoroethylene Resin From Italy

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On September 10, 2001, the Department of Commerce (the Department) published the preliminary results of its twelfth administrative review of the antidumping duty order on Granular Polytetrafluoroethylene Resin from Italy. The review covers one producer/exporter of the subject merchandise, Ausimont SpA, and its U.S. affiliate, Ausimont USA (Ausimont). The period of review (POR) is August 1, 1999, through July 31, 2000. Based on our analysis of comments received, these final results differ from the preliminary results. The final results are listed below in the *Final Results of Review* section.

EFFECTIVE DATE: January 15, 2002.

FOR FURTHER INFORMATION CONTACT: Vicki Schepker or Amber Musser, at (202) 482-1756 or (202) 482-1777, respectively; AD/CVD Enforcement, Office V, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, D.C. 20230.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless

otherwise indicated, all citations to the Department's regulations are to 19 CFR part 351 (April 2001).

Background

On September 10, 2001, the Department published in the **Federal Register** the preliminary results of the twelfth administrative review of the antidumping duty order on Granular Polytetrafluoroethylene Resin from Italy. See *Notice of Preliminary Results of Antidumping Duty Administrative Review: Granular Polytetrafluoroethylene Resin from Italy*, 66 FR 46996 (September 10, 2001) (*Preliminary Results*).

We invited parties to comment on the *Preliminary Results*. On October 10, 2001, we received a case brief from the petitioner, E.I. DuPont de Nemours & Company (DuPont). We did not receive a case brief from the respondent, Ausimont. On October 17, 2001, we received a rebuttal brief from Ausimont. No other interested parties filed case or rebuttal briefs.

Scope of the Review

The product covered by this review is granular PTFE resin, filled or unfilled. This order also covers PTFE wet raw polymer exported from Italy to the United States. See *Final Affirmative Determination; Granular Polytetrafluoroethylene Resin from Italy*, 58 FR 26100 (April 30, 1993). This order excludes PTFE dispersions in water and fine powders. During the period covered by this review, such merchandise was classified under item number 3904.61.00 of the Harmonized Tariff Schedule of the United States (HTS). We are providing this HTS number for convenience and U.S. Customs purposes only. The written description of the scope remains dispositive.

Analysis of Comments Received

All issues raised in the case briefs by parties to this administrative review are addressed in the "Issues and Decision Memorandum" (*Decision Memorandum*) from Bernard T. Carreau, Deputy Assistant Secretary, Import Administration, to Faryar Shirzad, Assistant Secretary for Import Administration, dated January 8, 2002, which is hereby adopted by this notice. Attached to this notice, as an appendix, is a list of the issues which parties have raised and to which we have responded in the *Decision Memorandum*. Parties can find a complete discussion of all issues raised in this review and the

corresponding recommendations in the public version of this memorandum, which is on file in Room B-099 of the main Commerce building. In addition, a complete version of the public version of the *Decision Memorandum* can be accessed directly on the Web at ia.ita.doc.gov. The paper copy and electronic version of the *Decision Memorandum* are identical in content.

Changes Since the Preliminary Determination

Based on our analysis of comments received, we have made an adjustment to the calculation methodology in determining the final dumping margins in the proceeding. For the final determination, we disallowed gains on the sale of securities as an offset to financial expense and recalculated the respondent's interest expense ratio. This adjustment is discussed in the *Decision Memorandum*.

As a result of our review, we determine that the following weighted-average margin exists for the period of August 1, 1999, through July 31, 2000:

Exporter/Manufacturer	Weighted-Average
Ausimont SpA	2.15

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated importer-specific assessment rates based on the ratio of the total amount of antidumping duties calculated for the importer-specific sales to the total entered value of the same sales. Where the assessment rate is above *de minimis*, we will instruct the Customs Service to assess duties on all entries of subject merchandise by that importer. The Department will issue appraisal instructions directly to the Customs Service.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of administrative review, as provided by section 751(a) of the Act: (1) For the exporter/manufacturer covered by this review, the cash deposit rate will be the rate listed above; (2) for merchandise exported by producers or exporters not covered in this review but covered in a previous segment of this proceeding, the cash deposit rate will continue to be the

company-specific rate published in the most recent final results in which that producer or exporter participated; (3) if the exporter is not a firm covered in this review or in any previous segment of this proceeding, but the producer is, the cash deposit rate will be that established for the producer of the merchandise in these final results of review or in the most recent final results in which that producer participated; and (4) if neither the exporter nor the producer is a firm covered in this review or in any previous segment of this proceeding, the cash deposit rate will be 46.46 percent, the "All Others" rate established in the less-than-fair-value investigation (53 FR 26096, July 11, 1988). These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402 (f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred, and in the subsequent assessment of double antidumping duties.

This notice also is the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results and notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: January 8, 2002.

Faryar Shirzad,
Assistant Secretary for Import
Administration.
