

unlisted trading privileges ("OTC/UTP") pilot program for trading activity during regular trading hours.⁴ SCCP expects that some of its margin members will be registered in certain of the eligible Nasdaq NM securities once the Phlx begins trading Nasdaq NM securities again.

It also should be noted that no other aspects of the SCCP procedures respecting Rule 9 are being modified. The rule change establishes a margin financing threshold rate of 25 percent for margin members registered as specialists or alternative specialists in certain Nasdaq NM securities.

II. Discussion

Section 17A(b)(3)(F)⁵ of the Act requires that the rules of a clearing agency be designed to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which the clearing agency is responsible. Once the Phlx begins trading Nasdaq NM securities again, it will be prudent for SCCP to require a higher margin financing threshold rate (25 percent) for Nasdaq NM securities than for exchange listed securities (15 percent).⁶ Accordingly, the Commission finds that the higher margin financing threshold rate for Nasdaq NM securities should help SCCP meet its statutory safeguarding obligations.

III. Conclusion

On the basis of the foregoing, the Commission finds that the proposal is consistent with the requirements of the Act and in particular with the requirements of section 17A(b)(3)(F) of the Act and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (File No. SR-SCCP-2001-06) be and hereby is approved.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.⁷

Margaret H. McFarland,
Deputy Secretary.
