Participants

Any U.S.-flag vessel operator organized under the laws of a state of the United States, or the District of Columbia, who is able and willing to commit militarily useful sealift assets and assume the related consequential risks of commercial disruption, may be eligible to participate in the VISA program. While vessel brokers and agents play an important role as a conduit to locate and secure appropriate vessels for the carriage of DOD cargo, they may not become participants in the VISA program due to lack of requisite vessel ownership or operation. However, brokers and agents should encourage the carriers they represent to join the program.

Commitment

Any U.S.-flag vessel operator desiring to receive priority consideration in the award of DOD peacetime contracts must commit no less than 50 percent of its total U.S.-flag militarily useful capacity in Stage III of the VISA program. A participant desiring to bid on DOD peacetime contracts will be required to provide commitment levels to meet DOD-established Stages I and/or II minimum percentages of the participant's military useful, oceangoing U.S.-flag fleet capacity on an annual basis. The USTRANSCOM and MARAD will coordinate to ensure that the amount of sealift assets committed to Stages I and II will not have an adverse national economic impact. To minimize domestic commercial disruption, participants operating vessels exclusively in the domestic Jones Act trades are not required to commit the capacity of those U.S. domestic trading vessels to VISA Stages I and II. Overall VISA commitment requirements are based on annual enrollment.

In order to protect a U.S.-flag vessel operator's market share during contingency activation, VISA allows participants to join with other vessel operators in Carrier Coordination

Agreements (CCA's) to satisfy commercial or DOD requirements. VISA provides a defense against antitrust laws in accordance with the DPA. CCA's must be submitted to MARAD for coordination with the Department of Justice for approval, before they can be utilized.

Compensation

In addition to receiving priority in the award of DOD peacetime cargo, a participant will receive compensation during contingency activation. During enrollment, each participant may choose a compensation methodology which is commensurate with risk and service provided. The compensation methodology selection will be completed with the appropriate DOD agency.

Enrollment

New applicants may enroll by obtaining a VISA application package (Form MA-1020 (OMB Approval No. 2133-0532)) from the Director, Office of Sealift Support, at the address indicated below. Form MA-1020 includes instructions for completing and submitting the application, blank VISA Application forms and a request for information regarding the operations and U.S. citizenship of the applicant company. A copy of the February 20, 2001 VISA will also be provided with the package. This information is needed in order to assist MARAD in making a determination of the applicant's eligibility. An applicant company must be able to provide an affidavit that demonstrates that the company is a citizen of the United States, at least for purposes of vessel documentation, within the meaning of 46 U.S.C., section 12102, and that it owns, or bareboat charters and controls, oceangoing, militarily useful vessel(s) for purposes of committing assets to VISA. As previously mentioned, VISA applicants must return the completed VISA application documents to MARAD not later than May 31, 2002. Once MARAD has reviewed the application and determined VISA eligibility, MARAD will sign the VISA application document which completes the eligibility phase of the VISA enrollment process.

In addition, the applicant will be required to enter into a contingency contract with the DOD. For the FY 2003 VISA open season, and prior to being enrolled in VISA, eligible VISA applicants will be required to execute a joint VISA Enrollment Contract (VEC) with the DOD [Military Traffic Management Command (MTMC) and Military Sealift Command (MSC)] which

will specify the participant's Stage III commitment for FY 2003. Once the VEC is completed, the applicant completes the DOD contracting process by executing a Drytime Contingency Contract (DCC) with MSC (for Charter Operators) and/or as applicable, a VISA Contingency Contract (VCC) with MTMC (for Liner Operators). Upon completion of the DOD contingency contract(s), the Maritime Administrator will confirm the participant's enrollment by letter agreement, with a copy to all appropriate parties.
