Federal Highway Administration

Agency Information Collection Activities: Submission for OMB Emergency Review; Environmental Streamlining Survey

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Emergency notice.

SUMMARY: The FHWA has submitted the following request for emergency processing of a public information collection to the Office of Management and Budget (OMB) for review and

clearance under the Paperwork Reduction Act of 1995. The collection involves surveying transportation and resource agencies involved in environmental streamlining in order to measure their performance. The information that is collected will be used to provide benchmarks for the agencies themselves and to focus on areas where process improvements can be made.

DATES: Please submit comments by May 24, 2002.

Comments: You may send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 Seventeenth Street, NW., Washington, DC 20503, Attention: DOT Desk Officer.

FOR FURTHER INFORMATION CONTACT: Mr. Kreig Larson, 202-366-2056, Planning and Environment, Federal Highway Administration, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590. Office hours are from 7:00 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Type of Request: New.

Title: Environmental Streamlining: Measuring the Performance of Stakeholders in the Transportation Project Development Process.

Background: The U.S. Department of Transportation (DOT), FHWA, has contracted with the Gallup Organization to conduct a survey of professionals associated with transportation and resource agencies in order to gather their views on the workings of the environmental review process for transportation projects and how the process can be streamlined.

The purpose of the survey is to: (1) Collect the perceptions of agency professionals involved in conducting the decisionmaking processes mandated by the National Environmental Policy Act (NEPA) and other resource protection laws in order to develop benchmark performance measures; and (2) identify where the performance of the process might be improved by the application of techniques for streamlining.

The survey is an essential aspect of one of the goals of the U.S. DOT's Strategic Plan, which is to "Improve environmental decisionmaking processes in order to expedite surface transportation projects * * *". The FHWA Administrator has designated Environmental Stewardship and Streamlining as one of the agency's "Vital Few" initiatives, meaning it is a goal to which the FHWA will focus its activities and efforts to meet the

mandate of Sec. 1309 (Environmental Streamlining) of the Transportation Equity Act for the 21st Century.

The FHWA has requested the emergency OMB approval by May 24, 2002, in order to respond promptly to the needs of Congress, and our partners, in addressing improvements to the environmental review process for transportation projects.

Respondents: Approximately 800 professionals/officials from state and local transportation and natural resource agencies.

Frequency: This is a one-time survey.

Estimated Burdens: Approximately 15 minutes average per respondent; the total estimated annual burden is 200 hours.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: May 10, 2002.

James R. Kabel,

Chief, Management Programs and Analysis Division.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement; Chisago County, Minnesota and Polk County, Wisconsin

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an environmental impact statement (EIS) will be prepared for proposed transportation improvements in the Trunk Highway (TH) 8 corridor between Interstate 35 (I-35) to the west in Chisago County, Minnesota and the TH 8/Highway 35 intersection to the east in Polk County, Wisconsin.

FOR FURTHER INFORMATION CONTACT: Cheryl Martin, Federal Highway Administration, Galtier Plaza, 380 Jackson Street, Suite 500, St. Paul, Minnesota 55101, Telephone (651) 291-6120; or Stan Thompson, Project Manager, Minnesota Department of Transportation—Metro Division, Waters Edge Building, 1500 West County Road B-2, Roseville, Minnesota 55113, Telephone (651) 582-1307; (651) 296-9930 TTY.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Minnesota Department of Transportation (Mn/DOT) and the Wisconsin Department of

Transportation (Wis/DOT), will prepare an EIS on a proposal to provide safety, operational and capacity improvements to the TH 8 Corridor from I-35 to the west in Chisago County, Minnesota to the intersection of TH 8/Highway 35 to the east in Polk County, Wisconsin.

The proposed improvements could include capacity expansion on sections of TH 8, upgrading existing roadway systems in the Corridor, providing geometric/traffic control and access improvements along TH 8, and providing new roadway facilities including some alternatives that utilize the TH 243 bridge crossing over the St. Croix River.

The EIS will evaluate the social, economic, transportation and environmental impacts of alternatives, including: (1) No-Build (2) Improvements within the existing TH 8 Alignment (3) Improvements on a new location.

The "Trunk Highway 8 Scoping Document/Draft Scoping Decision Document" will be published in the Summer 2002. A press release will be published to inform the public of the document's availability. Copies of the scoping document will be distributed to agencies, interested persons and libraries for review to aid in identifying issues and analyses to be contained in the EIS. A thirty-day comment period for review of the document will be provided to afford an opportunity for all interested persons, agencies and groups to comment on the proposed action. A public scoping meeting will also be held during the comment period. Public notice will be given for the time and place of the meeting.

A Draft EIS will be prepared based on the outcome of the scoping process. The Draft EIS will be available for agency and public review and comment. In addition, a public hearing will be held following completion of the Draft EIS. Public Notice will be given for the time and place of the public hearing on the Draft EIS.

Coordination has been initiated and will continue with appropriate Federal, State and local agencies and private organizations and citizens who have previously expressed or are known to have an interest in the proposed action. The TH 8 Task Force made up of local agencies and citizens and a Technical Advisory Committee made up of Federal, State, and local officials has been established and has provided input in the development and refinement of alternatives and impact evaluation activities.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues

identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program).

Issued on: May 7, 2002.
