[Program Announcement 02091]

National Programs To Support Healthy Aging, Epilepsy, Prevention Activities, and Arthritis; Notice of Availability of Funds

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2002 funds for National Programs to Support Healthy Aging, Epilepsy, Prevention Activities, and Arthritis. These programs address the "Healthy People 2010" focus areas of Access to Quality Health Services, Educational and Community Based Programs, Physical Activity and Fitness, Disability and Secondary Conditions, Arthritis, Osteoporosis, and Chronic Back Conditions, and Health Communication.

The CDC, National Center for Chronic Disease Prevention and Health Promotion, is issuing this Program Announcement in an effort to simplify and streamline the grant and cooperative agreement pre-award and post-award administrative process, provide increased flexibility in the use of funds, and measure performance related to each grantee's stated objectives. Some advantages of the streamlined process are: elimination of separate documents (continuation application and semi-annual progress report) to issue a continuation award; consistency in reporting expectations; and increased flexibility within approved budget categories.

This program announcement covers the following program areas:

Program Area 1: Healthy Aging

The purpose of the Healthy Aging Program is to establish national partnerships to enhance health and quality of life for older adults through a broad national strategy to: (1) Promote oral, physical, and mental health healthy behaviors, (2) reduce the impact of injuries and chronic diseases, and (3) maintain function and independence for older Americans. Applicants may apply for one or more of the following priority areas:

Priority A—Collaboration and Health Promotion: To strengthen and enhance collaborations between health departments at the state and local level, and/or community organizations/networks that focus on older adults, e.g. senior centers and area agencies on aging, to promote behaviors and practices that lead to healthier, more fulfilling, and more satisfying lives for older adults.

Priority B—Implementation and Evaluation: To strengthen the capacity of national, state, and/or local agencies to conduct and evaluate programs that promote health, reduce the impact of injuries and chronic diseases, and maintain function and independence for older adults.

Priority C—Evaluate and Develop Tools: To assess and develop consumer education tools and strategies to improve health, reduce the impact of disease and injury, and delay disability and the need for long-term care among older adults.

Program Area 2: Epilepsy

The purpose of this program is to conduct epilepsy programs that enhance the health and quality of life of people with epilepsy through health promotion, education and enhancement of communication channels. Applicants may apply for one or more of the following priority areas:

Priority A—Partnership Building: To promote public awareness of epilepsy and facilitate collaborative partnerships at all levels of public health.

Priority B—Create Awareness/Improve Health Communications: To expand the outreach of media campaigns to promote understanding and awareness and improve communication strategies to develop, disseminate, and evaluate epilepsy educational materials and programs.

Priority C—Consumer and Provider Education: To expand the availability of carefully designed and well tested low-literacy epilepsy education materials for minority groups, self-management materials for those with epilepsy, and continuing medical education for health care providers.

Program Area 3: Prevention Activities

The purpose of this program is to develop national health promotion and disease prevention strategies for health care organizations, state and local health departments, businesses, and other non profit organizations whose mission is to promote prevention, improve health care quality and improve the public's health.

Program Area 4: Arthritis

The purpose of the Arthritis program is to implement the National Arthritis Action Plan: A Public Health Strategy (NAAP). Specific activities are intended to improve the availability and quality of information and services in order to improve the quality of life for persons with arthritis.

B. Eligible Applicants

Assistance will be provided only to existing grantees under the following program announcements:

a. National Programs to Support Healthy Aging—Program Announcement 01133.

b. Initiatives to Develop and Implement Programs to Enhance Epilepsy, Public Awareness and Partnerships, Education, and Communication—Program Announcement 01134.

c. Implementation of the National Arthritis Action Plan: A Public Health Strategy—Program Announcement 99128.

d. National Strategies to Promote Disease Prevention and Health Promotion—Program Announcement 99153.

Attachment I at the end of this document contains a sole source justification for the Arthritis Foundation. **Note:** Title 2 of the United States Code section 1611 states that an organization described in section 501(c)(4) of the Internal Revenue Code that engages in lobbying activities is not eligible to receive Federal funds constituting an award, grant or loan.

C. Availability of Funds

Program Area 1: Healthy Aging

Approximately \$500,000 is available in FY 2002 to fund five awards. The average award will be \$100,000, with a range from \$75,000 to \$200,000.

Priority Area A—Collaboration and Health Promotion: Approximately \$100,000 is available to fund one award under Priority Area A in FY 2002.

Priority Area B—Implementation and Evaluation: Approximately \$200,000 is available to fund two awards under Priority Area B in FY 2002. The average award is expected to be \$100,000.

Priority Area C—Evaluating and Developing Tools: Approximately \$200,000 is available to fund two awards under Priority Area C in FY 2002. The average award is expected to be \$100,000.

Program Area 2: Epilepsy

Approximately \$2,100,000 is available in FY 2002 to fund one award.
