

be scanned using a 3-D head scanner (Cyberware Model 3030/RGB). The populations will be sampled by age, race and gender. A stratified sampling plan is being used with equal sample size in each cell (166). The strata consist of: 3 age groups (18–29, 30–44, and 45–65 years), 2 gender strata (male and female), and 4 ethnic groups (White, African Americans, Hispanic, and Others). The total number of cells is 24. The study will be conducted at five

locations nationwide. Although test sites have yet to be determined, data collection is anticipated at two facilities in the western U.S., one in the central portion of the country, and at two locations in the east.

Information generated by this research project will benefit:

(1) The participants and workers exposed to various gases and aerosols by improving fit and function of respirators worn during work; and (2) those

involved in testing, certifying, and manufacturing respirators to be used in industry, by providing them with fit-test panels that accurately represent today's workers. The panels can be used for evaluating respirator facepiece fit characteristics. The long-term potential benefits are improved respirator quality and performance and increased worker protection. There are no costs to respondents.

Respondents	Number of respondents	Number of responses respondent	Average burden per response (in hours)	Total burden in hours
Workers (Data Collection #1)	3000	1	15/60	750
Workers (Data Collection #2)	1000	1	20/60	333
Total				1083

Dated: January 15, 2002.

Nancy E. Cheal,

Acting Associate Director for Program Planning and Evaluation, Centers for Disease Control and Prevention.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639–7090. Send written comments to CDC, Desk Officer, Human

Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503. Written comments should be received within 30 days of this notice.

Proposed Project: Preventive Health and Health Services Block Grant, Annual Application and Reports (OMB #0920–0106)—Revision—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC). In 1994, OMB approved the collection of information provided in the grant applications and annual reports for the Preventive Health and Health Services (PHHS) Block Grant (OMB #0920–0106). This approval expires on November 30, 2001. CDC is requesting OMB clearance for this legislatively mandated information collection until November 30, 2004. The request is to approve the development and adherence to *Healthy People 2010*, the Nation's Health Objectives which was released the Spring of 2000. The PHHS block grant is mandated according to section 1904 to adhere to the Healthy People framework,

therefore, the current application and report format was restructured to coincide with 2010.

This information collected through the applications from the official State health agencies is required from section 1905 of the Public Health Service Act. There is a slight change in the proposed information collection from previous years. The changes include more program specific information and the relationship of block funded activities to program strategy. The information collected from the annual reports is required by section 1906. The development of a PHHS block grant Web page with data Web links from existing federal databases will be used to coincide with the collection of uniform data for the annual report. The availability to collect data through internet accessibility will allow for a more streamlined and efficient use of data processing by the states and will reduce the states burden of duplicate reporting on outcome and risk factor data. The total annual burden for this data collection is 4,270 hours.

Respondents	Number of respondents	Number of responses/ respondent	Average burden per response (in hours)
Application	61	1	30
Report	61	1	40

Dated: January 15, 2002.

Nancy E. Cheal,

*Acting Associate Director for Policy,
Planning, and Evaluation, Centers for Disease
Control and Prevention.*

[Program Announcement 02E01]

Medical Monitoring for New York Personnel Engaged in Emergency Response Activities Related to the Disaster of September 11, 2001; Notice of Award

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the award of funds for a cooperative agreement program for Medical Monitoring for New York Personnel Engaged in Emergency Response Activities Related to the Disaster of September 11, 2001. The purpose of the program is to provide medical monitoring for New York City Fire Department and New York State Personnel who may have been exposed to hazardous substances while providing emergency response services as a result of the disaster of September 11, 2001. This program addresses the "Healthy People 2010" focus areas Environmental Health and Public Health Infrastructure.

B. Eligible Applicant

Eligible applicants are Health Research, Inc./New York State Department of Health and New York City Fire Department. No other applications were solicited. New York State has received a Presidential declaration of disaster.

This project is authorized by H.R. 2888, 2001 Emergency Supplemental Appropriations Act for Recovery from and Response to Terrorist Attacks on the United States.

C. Availability of Funds

Approximately \$4,801,550 is available to fund one award to New York City Fire Department, and approximately \$2,406,000 is available to fund one award to Health Research, Inc./New York State Department of Health. It is expected that each award will be made for a 12-month budget period. As long as funds are directed for these applicants, continuation funding will be made available for up to 5 years.

Funding estimates may vary and are subject to change.

D. Where To Obtain Additional Information

If you have questions after reviewing the contents of all the documents, business management technical assistance may be obtained from: Sharon Robertson, Lead Grants Management Specialist, Grants Management Branch, Procurement and Grants Office, Centers for Disease Control and Prevention (CDC), Room 3000, 2920 Brandywine Road, Atlanta, GA 30341-4146, Telephone: (770) 488-2740, E-mail address: sqr2@cdc.gov.

For program technical assistance, contact: Ron Burger, Public Health Advisor, National Center for Environmental Health, Centers for Disease Control and Prevention, 4770 Buford Highway, NE (MS F-38) Atlanta, GA 30341-3724, Telephone number: (404) 488-4024, E-mail address: rburger@cdc.gov.

Dated: January 17, 2002.
