### Tribal Self-Governance Amendments of 2000

**AGENCY:** Indian Health Service, DHHS.  
**ACTION:** Final rule.

**SUMMARY:** The Secretary of the Department of Health and Human Services (DHHS) hereby issues this final rule to implement Title V of the Tribal Self-Governance Amendments of 2000 (the Act). The final rule has been negotiated among representatives of Self-Governance and non-Self-Governance Tribes and the DHHS. The final rule includes provisions governing how DHHS/Indian Health Service (IHS) carries out its responsibility to Indian Tribes under the Act and how Indian Tribes carry out their responsibilities under the Act. As required by section 517 (b) of the Act, the Department has developed this final rule with active Tribal participation of Indian Tribes, inter-Tribal consortia, Tribal organizations and individual Tribal members, using the guidance of the Negotiated Rulemaking Act.

**DATES:** This rule will become effective on June 17, 2002.

**FOR FURTHER INFORMATION CONTACT:** Paula Williams, Director, Office of Tribal Self-Governance, The Reyes Building, 801 Thompson Ave., Suite 240, Rockville, MD 20852, Telephone 301-443-7821. (This is not a toll-free number.)

**SUPPLEMENTARY INFORMATION:** The "Tribal Self-Governance Amendments of 2000," Pub. L. 106-260, repeals Title III of the Indian Self-Determination Act, Pub. L. 93-638, as amended, (ISDA) and enacts a new Title V that establishes a permanent Self-Governance program within DHHS. Thus, Indian and Alaska Native Tribes are now able to compact for the operation, control, and redesign of various IHS activities on a permanent basis. Section 517 of Title V requires the Secretary, not later than 90 days after the date of the enactment of the Act, to initiate procedures under the Negotiated Rulemaking Act, 5 U.S.C. 561 et seq, to negotiate and promulgate the regulations necessary to carry out Title V. The Act calls for the establishment of a negotiated rulemaking committee pursuant to 5 U.S.C. 565, comprised only of Federal and Tribal representatives, with a majority of the Tribal government representatives

representing Self-Governance Tribes. The Negotiated Rulemaking Committee on Joint Tribal and Federal Self-Governance (the Committee) conferred with and allowed representatives of Indian Tribes, inter-Tribal consortia, Tribal organizations, and individual Tribal members to actively participate in the rulemaking process.

Copies of the Committee's charter are on file with the appropriate committees of Congress and with the Library of Congress in accordance with section 9(c) of the Federal Advisory Committee Act, 5 U.S.C. Appendix.

### Public Participation in Pre-Rulemaking Activity

A Notice of Intent to establish the Committee was published in the **Federal Register** at 65 FR 75906 on December 5, 2000. In the Notice of Intent, we proposed a rulemaking committee of representatives from 12 Self-Governance Tribes, 11 non-Self-Governance Tribes, and 7 Federal officials totaling 30 members. The Notice of Intent established a deadline of January 4, 2001, for submission of written comments. Twenty comments were received. The comments provided valuable input from Indian Tribes, organizations, and individuals. In order to change the composition of the Committee, as suggested by some comments, the Committee would have needed to be increased to more than 30 members. Carrying out the negotiated rulemaking process through a committee with more than 30 members would be cumbersome and challenging in reaching consensus under the time period required by section 517. Therefore, the size of the Committee was not changed. The members, representing 12 Self-Governance Tribes, 11 non-Self-Governance Tribes, and 7 Federal officials, met the requirements of the Act. The Committee was co-chaired by one Tribal representative and one Federal representative.

The negotiated rulemaking meetings were open to the public. Individuals that were not voting members of the Committee had an opportunity to attend meetings and to give input to the 30 members of the Committee. The public was informed about the establishment of the Committee through a notice in the **Federal Register** at 66 FR 15063 on March 15, 2001.

The first meeting of the Negotiated Rulemaking Committee on Joint Tribal and Federal Self-Governance was held in San Diego, California on March 15-16, 2001. At that meeting, the Committee established three sub-committees, a meeting schedule, and a protocol for deliberations. The

Committee agreed to operate based on consensus decision-making. The DHHS committed to publish all consensus decisions as the proposed rule. The Committee further agreed that any committee member and his/her constituents could comment on this proposed rule.

To complete the regulations within the statutory timeframe, the Committee divided the areas subject to regulation among three subcommittees, each co-chaired by one Federal and one Tribal representative. The sub-committees made recommendations to the Committee on whether regulations in a particular area were desirable. If the Committee agreed that regulations were desirable, the sub-committees developed options for draft regulations. The sub-committees presented their options to the Committee, which discussed them and eventually approved the proposed regulations.

Between April 2001 and August 2001, the Committee met five times in different locations throughout the country. All meetings were announced in the **Federal Register** at 66 FR 10182, 66 FR 17657, and 66 FR 27620. Generally, the meetings lasted three days. Sub-committees also met and held teleconferences to develop draft material in support of the Committee meetings.

The Department published proposed regulations in a Notice of Proposed Rulemaking in the **Federal Register** on February 14, 2002, at 67 FR 6998 (NPRM). In the NPRM the Department invited the public to comment on the proposed provisions. In addition, the Department outlined three issues where consensus was not yet reached and invited the public to comment on those issues as well.

Ultimately, the Department received comments from 36 Indian Tribes and Tribal organizations, one individual, and one State. The full committee reconvened in Bethesda, Maryland, between April 15 and April 18, 2002, to review the comments, to evaluate changes suggested by the comments, and to recommend final regulatory language.

As a result of the meeting, the full committee was able to reach consensus on regulatory language on all but three issues. Discussion of these three issues are contained under the appropriate subpart in the following Summary of Regulation and Comments Received.

The Department commends the ability of the committee to cooperate and develop a rule that addresses the interests of the Tribes and the Agency. We believe this negotiated rulemaking process has been a model for developing

successful Federal and Tribal partnership in other endeavors.

#### **Summary of Regulations and Comments Received**

The narrative and discussion of comments below is keyed to specific subparts of the rule.

##### *Subpart A—General Provisions*

#### **Summary of Subpart**

This subpart contains provisions describing the authority, purpose and scope of these regulations. This subpart contains Congressional policies set forth in Title V. This subpart also contains provisions regarding the effect of these regulations on existing Tribal rights, whether Title V may be construed to reduce funding for programs serving a Indian Tribe under this Title or other laws, and the effect of these regulations on Federal policy directives.

#### **Discussion of Comments**

Several comments noted the lack of any Secretarial policy in the NPRM for Title V. In negotiating the NPRM for Title V, Federal and Tribal members reached an impasse based on this issue. However, to respond to the comments, Federal and Tribal committee members further negotiated language on Secretarial policy. Based upon this Administration's statements before Congress and other policy directives, the Federal representatives drafted language which recognizes the sovereign status of Indian Tribes and the Administration's support of the government-to-government relationship between Tribes and the United States. The following language was agreed upon by the Federal and Tribal members and is included as a new section 137.6:

##### *Section 137.6 Secretarial Policy.*

In carrying out Tribal self-governance under Title V, the Secretary recognizes the right of Tribes to self-government and supports Tribal sovereignty and self-determination. The Secretary recognizes a unique legal relationship with Tribal governments as set forth in the Constitution of the United States, treaties, statutes, Executive Orders, and court decisions. The Secretary supports the self-determination choices of each Tribe and will continue to work with all Tribes on a government-to-government basis to address issues concerning Tribal self-determination.

##### *Subpart B—Definitions*

#### **Summary of Subpart**

This subpart sets forth definitions for key terms used in the balance of the

regulations. Most of the definitions come from definitions set forth in Title I or Title V.

#### **Discussion of Comments**

There were two comments regarding the definitions in section 137.10. One comment recommended that the definition of "Compact" be clarified. With a slight change to the proposal, the Committee agreed with the recommendation and amended the definition to include the phrase "including such terms as the parties intend shall control year after year."

One comment suggested that the term "Tribal Self-Governance Advisory Committee," a term used in section 137.204, be defined. The Committee agreed and added the following definition:

Tribal Self-Governance Advisory Committee means the Committee established by the Director of IHS that consists of Tribal representatives from each of the IHS Areas participating in Self-Governance, and that provides advocacy and policy guidance for implementation of Tribal Self-Governance within IHS.

##### *Subpart C—Selection of Indian Tribes for Participation in Self-Governance*

#### **Summary of Subpart**

This subpart describes the eligibility criteria an Indian Tribe must satisfy to participate in self-governance. This subpart also describes that planning and negotiation grants may be available, but not required, for participation.

#### **Discussion of Comments**

A comment was received regarding section 137.25, recommending that the timing of planning and negotiation grants be spelled out in more detail. The Committee did not accept this comment because this matter can be dealt with more effectively in annual announcements regarding these grants. Therefore no change was made.

One comment recommended that the answer to section 137.26 should be amended to make it parallel to the question by adding "and to negotiate" at the end of the sentence. The Committee agreed and made the change. Another comment suggested adding additional questions and answers that provide instructions to Tribes seeking to participate in self-governance. The Committee determined that these issues are better addressed in annual agency announcements.

##### *Subpart D—Compact*

#### **Summary of Subpart**

This subpart describes the authority for Self-Governance Tribes to negotiate compacts and identifies what is included in a compact.

#### **Discussion of Comments**

No comments were received on Subpart D.

##### *Subpart E—Funding Agreements*

#### **Summary of Subpart**

This subpart describes the authority for Self-Governance Tribes to negotiate funding agreements and identifies what is included in a funding agreement. This subpart also describes the terms required to be included in a funding agreement and the terms that may be included at the Self-Governance Tribe's option.

#### **Discussion of Comments**

One comment to section 137.42 recommended explaining more about the effect of including "Tribal shares of IHS discretionary grants" in a funding agreement. The Committee concluded that Subpart E adequately addresses this matter and did not accept the recommendation.

One comment to section 137.43 suggested amending the question to make it clearer. The Committee agreed and amended the question to read: "May a Tribe negotiate and leave funds with IHS for retained services?" The Committee also changed the first word of the answer to "Yes" to be consistent with the revised question.

One comment suggested adding "or portions thereof" after "PSFAS" in the answer to section 137.43. The answer already states that "Tribal shares may be left, in whole or in part with IHS". The proposed language would be redundant and the Committee did not make the requested change.

One comment recommended substituting statutory language for the term "Tribal share" in section 137.43. The Committee made no change because the term "Tribal share" is already defined in section 137.10 and is used appropriately in section 137.43.

One comment suggested adding in the answer to section 137.56 the words "including all recurring increases received and continuing eligibility for other increases." The Committee agreed and made the change.

##### *Subpart F—Statutorily Mandated Grants*

#### **Summary of Subpart**

This subpart describes to what extent statutorily mandated grants may be

added to a funding agreement after award. It also addresses annual lump sum advance payment after the grant is awarded, interest on grant awards, reallocation and redesign, and FTCA coverage of statutorily mandated grants added to a funding agreement.

#### Discussion of Comments

Several comments were submitted supporting the Tribal position in the Preamble that Title V provisions apply to statutorily mandated grants. The Committee did not reach agreement on this issue. Tribal committee members urged that the rule state clearly that Title V applies to statutorily mandated grants. Federal committee members rejected the Tribal view. The Secretary has included the following question and answer to the final rule as new question and answer 137.73:

*Section 137.73 What provisions of Title V apply to statutorily mandated grants added to the funding agreement?*

None of the provisions of Title V apply.

While the final rule includes the question and answer, Tribal committee members wish to make clear that they strongly disagree with the Department's interpretation of the statute on this issue. The full discussion of the conflict in statutory construction is found in the NPRM at 67 Fed. Reg. 6999 (February 14, 2002).

#### Subpart G—Funding

##### Summary of Subpart

This subpart describes what funds must be transferred to a Self-Governance Tribe in a funding agreement and when those funds must be transferred. This subpart describes those circumstances where the Secretary is prohibited from reducing or failing to transfer funds and where the Secretary is permitted to increase funds. This subpart also describes miscellaneous provisions pertaining to funding provided under a funding agreement. This subpart describes that a funding agreement may provide for a stable base budget and describes what funds are included in the stable base budget.

#### Discussion of Comments

In negotiating proposed rules, the Committee agreed to the following language which was published in the NPRM as section 137.77:

*Section 137.77 When must the Secretary transfer funds identified in a funding agreement which does not correspond to the Federal fiscal year, e.g., calendar year?*

When the period covered by a funding agreement crosses Federal fiscal years and unless 100 percent of the funding is available and agreed to in the funding agreement, funding for the funding agreement will be apportioned between the two fiscal years and payments due under the funding agreement associated with each respective fiscal year and will be made on the later of:

- (a) The effective date of the funding agreement, or
- (b) Ten days after apportionment from OMB.

One comment was received which recommended replacing section 137.77 with language reflecting the holding *St. Regis Mohawk Tribe v. Area Director, Nashville Area, Indian Health Service*, (D.A.B. Jan. 17, 2002). The comment proposed a new question and answer:

*When must the Secretary transfer funds identified in a funding agreement which does not correspond to the Federal fiscal year, e.g., calendar year?*

When a period covered by a funding agreement crosses Federal fiscal years a Tribe is entitled to be paid one hundred percent of the funding for both fiscal years at the beginning of the funding agreement.

Tribal Committee members agreed with the comment. Federal Committee members clarified that under Title V IHS provides a process for transfer of funds for this purpose. Because the Tribal and Federal Committee members disagreed on the interpretation of the holding to application of this case, the Secretary decided to delete section 137.77.

A comment on section 137.78 recommended that specific conditions be set forth in the rule regarding the timing of payments. The Committee believes that the rule adequately addresses this matter and did not make a change.

One comment recommended addressing carryover of grants in section 137.105. The Committee believes that the provisions applicable to various grants are adequately addressed in other sections and that no changes to the regulations are needed.

One comment recommended clarifying a citation to the Indian Health Care Improvement Act (IHCIA) found in Section 137.110. The Committee believes it is best not to try to interpret the IHCIA in these regulations and did not make a change.

Several comments were made regarding funds that may be included in a stable base budget. In response to the comment that the words "including direct contract support" be included in section 137.121(a), the Department is committed to recognizing all allowable program and contract support costs under section 106(a) of the Act, whether those costs are classified as direct or indirect. The proposed regulations reflect this commitment without singling out any particular classification of costs. The suggestion that Section 137.121 identify other funds that IHS agrees to is dealt with in Section 137.122. Thus, the Committee has made no change to section 137.121.

#### Subpart H—Final Offer

##### Summary of Subpart

This subpart describes the final offer and rejection process.

#### Discussion of Comments

One comment suggested adding more detail about the process by which Tribes and IHS achieve resolution after a final offer. The Committee determined that Subpart H provides sufficient detail and the Committee did not add additional questions and answers.

The Committee noted that "or" was inadvertently omitted at the end of subsection 137.132(a)(1) and has inserted it in the final rule.

In section 137.143 of the NPRM the term "Tribal shares" was substituted for the statutory language approved by the Committee. Several comments were received recommending reinsertion of the statutory language which is more accurate in the context of this rule. The Committee agreed and replaced the term "Tribal shares" with "any funds that are specifically or functionally related to the provision by the Secretary of services and benefits to the Indian Tribe or its members, all without regard to the organizational level within the Department where such functions are carried out."

One comment recommended that section 137.190 be improved to make clear that the duplication prohibition applies to both funds and PSFAs. The comment was agreed to and the reference to "such funds" was changed to "the same funds or PSFA". In addition, for additional clarification the concluding clause regarding eligibility for other, non-duplicative PSFAs was set forth as a free-standing sentence, and the words "except that" were deleted.

One comment recommended that section 137.210 be expanded to explain how savings are identified and distributed. In light of the provision in

section 137.407(a) requiring that savings be included in the Secretary's annual report, the Committee did not accept the recommendation.

#### *Subpart I—Operational Provisions*

##### Summary of Subpart

This subpart contains provisions that address most of the operational aspects of self-governance.

##### Discussion of Comments

One comment recommended that section 137.215 address what happens to Federally furnished property upon retrocession or reassumption. This is addressed expressly in the subparts regarding retrocession and reassumption at sections 137.251 and 137.264, respectively and thus, no action was required.

#### *Subpart J—Regulation Waiver*

##### Summary of Subpart

This subpart contains procedures authorizing the Secretary to waive regulations promulgated to implement Title V or regulations promulgated under the authority specified in section 505(b) of the Act.

##### Discussion of Comments

No comments were received on Subpart J.

#### *Subpart K—Withdrawal*

##### Summary of Subpart

This subpart addresses the procedures that apply when a Self-Governance Tribe withdraws from a Tribal organization or inter-Tribal consortium.

##### Discussion of Comments

Several comments objected to the NPRM's deletion of an additional sentence in section 137.238 and section 137.250 regarding the handling of contract support cost funds. Since the Act is clear and does not distinguish funds by type or treat them differently in this regard, there is no need to reference an agency policy to deal with one type of funding in a compact or funding agreement. Contract support costs are generally handled pursuant to the IHS contract support cost circular in effect.

#### *Subpart L—Retrocession*

##### Summary of Subpart

This subpart addresses the procedures that apply when a Self-Governance Tribe retrocedes a program to the Secretary.

##### Discussion of Comments

No comments were received on Subpart L.

#### *Subpart M—Reassumption*

##### Summary of Subpart

This subpart addresses procedures by which the Secretary, without the consent of the Self-Governance Tribe, may reassume the operation of a program and associated funding in a compact or funding agreement.

##### Discussion of Comments

The citation in section 137.257(d) regarding appeals was corrected in response to a comment.

One comment noted that in section 137.264, the word "reassume" should be "reassumed." The Committee agreed and has made the change in both the question and answer.

#### *Subpart N—Construction*

##### Summary of Subpart

This subpart addresses the process by which participating Self-Governance Tribes may agree to undertake construction projects and programs under section 509 of the Act. In its scope, this subpart distinguishes between construction projects, and ongoing programs that support construction projects. This subpart sets forth the process for Self-Governance Tribes to enter into and administer self-governance construction project agreements for construction projects, which may include Tribal shares of related construction programs. Alternatively, Self-Governance Tribes may assume construction programs (but not projects) using the compact and funding agreement process set forth in Subparts D and E.

Definitions are provided that are unique to this subpart. Self-Governance Tribes performing construction under section 509 are required to assume the Secretary's responsibilities for the completion of the construction project under the National Environmental Policy Act of 1969 (NEPA), the National Historic Preservation Act (NHPA), and related Federal environmental laws. This subpart describes the Secretary's responsibility to notify and consult with Indian Tribes concerning the development of construction budgets and new funding allocation methodologies, as well as when funds are available for the planning, design and construction of IHS construction projects. This subpart further describes the process that Self-Governance Tribes and the Secretary use to develop, negotiate and approve (or reject) construction project agreements under Title V. This subpart describes the Self-Governance Tribes' responsibility to complete construction project

agreements and provide day-to-day management and administration for construction projects, within available funding. This subpart sets forth how Self-Governance Tribes will receive payments for construction project agreements, the process for Secretarial review and approval of project planning and design documents, as well as Secretarial review and approval of any proposed amendments to the construction project agreement.

##### Discussion of Comments

One comment recommended changing the term "scope of work" in the definitions in section 137.280 to read "specific scope of work" to resolve an inconsistency between the proposed definition and section 501(a)(2)(B) of the Act. The comment further recommended that the definition of "specific scope of work" be revised to clarify the level of detail required for the construction project agreement. The Committee agreed to modify the term in the final rule to resolve the inconsistency, and further agreed to specify that a scope of work is a brief, written description of the work.

One comment asked if the Department may delegate its responsibilities under the NHPA without the participation or approval of the Advisory Council on Historic Preservation. Section 509(a) of the Act provides:

Indian Tribes participating under Tribal self-governance may carry out construction projects under this part if they elect to assume all Federal responsibilities under the National Environmental Policy Act \* \* \* the National Historic Preservation Act \* \* \* and related provisions of law that would apply if the Secretary were to undertake the construction project.

This provision requires the Department to delegate Federal environmental responsibilities for construction project agreements to Self-Governance Tribes, including the Department's responsibilities under NHPA. Subpart N sets forth procedures for a Self-Governance Tribe to assume these Federal environmental responsibilities, but is not intended to modify the statutory role of either the Council on Environmental Quality or the Advisory Council on Historic Preservation. Section 137.285 clarifies that Self-Governance Tribes must assume these Federal environmental responsibilities to carry out a construction project under Title V of the Act. Section 137.288 summarizes the Federal responsibility under section 106 of the NHPA to "afford the Advisory Council on Historic Preservation, acting through the State Historic Preservation Officer or the Tribal Historic

Preservation Officer, a reasonable opportunity to comment” on applicable undertakings. For these reasons, the Committee believed that Subpart N is consistent with the statutory requirements of the NHPA.

One comment suggested that because the abbreviations NEPA and NHPA are provided in the definitions, they should be used consistently throughout Subpart N. The Committee agreed with the comment and the abbreviations are used throughout Subpart N. The Committee also corrected the statutory reference to the NHPA in 137.288 to read 16 U.S.C. 470f.

One comment suggested that section 137.294 (a)(1) be revised to read “consult with *applicable* Tribal, Federal, State, and local officials and interested parties \* \* \*.” The Committee agreed that the regulation should be revised but concluded that “appropriate” should be inserted instead of “applicable.” The Committee did not intend to use “appropriate” as a term of art but only to indicate that IHS consultation requirements vary based on the project under review.

One comment referenced section 137.297, which provides that if a Tribe adopts a Federal agency’s environmental review policy, then the Federal agency is responsible for ensuring that the policy meets the requirements of NEPA, NHPA, and any related environmental laws. This comment also recommended that an additional question and answer be added to clarify that if a Tribe adopts its own environmental review procedures, then the Tribe is responsible for deciding that it has met the requirements of these related environmental laws. The Committee agreed that Tribes are to be permitted to adopt their own environmental review policies and procedures that comply with these Federal environmental statutes without oversight by the Department, but believed that sections 137.295, 137.296, 137.308 adequately discuss the Tribes’ authority to develop such policies and procedures.

One comment asked if Subpart N will apply to construction projects carried out on non-Tribal lands. The comment stated that under the Advisory Council on Historic Preservation’s regulations, 36 CFR Part 800, Tribes may only apply Tribal policies and procedures to Tribal lands. Subpart N applies to all construction project agreements carried out under Title V of the Act. The Department is required to carry out its Federal environmental responsibilities wherever it undertakes construction projects, whether on Tribal or non-Tribal lands. Section 509(a) of the Act

requires that the Self-Governance Tribe assume the same responsibilities that would apply if the Department were to undertake the construction project. Section 509(a) of the Act does not exempt non-Tribal lands from its coverage. As discussed above, Subpart N only sets forth procedures for the delegation of Federal environmental procedures and does not modify any Federal environmental statutory requirements.

One comment expressed concern that the regulations do not assure that Tribal policies and procedures are the same or equivalent to the Advisory Council of Historic Preservation regulations at 36 CFR part 800. The Comment further stated that Section 137.296 does not appear to be consistent with the 36 CFR part 800 provisions regarding the approval of alternate procedures.

As discussed above, Section 509(a) independently requires the Department to delegate its Federal environmental responsibilities to Self-Governance Tribes carrying out construction projects under Title V. Notwithstanding section 106 of the NHPA, section 517(a)(1) of the ISDEAA provides “the Secretary shall initiate procedures under subchapter III of chapter 5 of Title 5 [the Negotiated Rulemaking Act] to negotiate and promulgate such regulations as are necessary to carry out [Title V of the Act].” Pursuant to this authority, Subpart N sets forth the procedures for Self-Governance Tribes to assume Federal environmental responsibilities when carrying out construction projects under Title V of the Act. Section 137.296 authorizes Self-Governance Tribes to adopt Tribal or Federal environmental review procedures that comply with the statutory requirements.

One comment recommended that section 137.301(b) be revised to clarify when the Secretary is involved in addressing unforeseen environmental review costs. The Committee agreed with the comment and revised section 137.301(b) to provide that it is at the request of the Self-Governance Tribe that the Secretary will become involved. The Committee further revised section 137.301(b) to clarify that this regulation applies to unforeseen environmental review costs identified during any phase of the construction project.

One comment stated that the last sentence of section 137.307 is not grammatically correct. The committee agreed and revised the sentence in the final rule.

One comment recommended that language be restored in Section 137.320 to reflect the answer that was originally proposed by the Committee but was deleted in the NPRM. The Committee

agreed with the concerns raised by the comment that the final rule reflect the consensus of the Committee and revised section 137.320 to read in part as follows:

the Secretary must consult with any Indian Tribe that would be significantly affected by the expenditure to determine and to honor Tribal preferences whenever practicable concerning the size, location, type, and other characteristics of the project.

This language is consistent with the Secretary’s duty under 25 U.S.C. § 1631 to honor Tribal preferences as determined through consultation.

The Committee received four comments on behalf of twenty eight Tribes and Tribal organizations supporting the Tribal position on Department of Justice representation of Tribes and Tribal certifying officers for environmental claims brought under Section 509 of the Act. The comments proposed adding the additional question and answer suggested in the Tribal position on this area of disagreement in the NPRM:

Q: Are Indian Tribes and Tribal certifying officers entitled to the benefit of a Federal defense if they are sued as a result of carrying out their Federal environmental responsibilities?

A: Yes. Indian Tribes and Tribal certifying officers are performing Federal functions when carrying out these Federal environmental responsibilities, and they are deemed to be Federal agencies and Federal officials for this limited purpose. Under section 314 of Public Law 101–512, as amended, the Department of Justice is authorized and directed to defend Indian Tribes and Tribal employees who are sued with respect to claims resulting from the performance of these Federal functions.

The Federal and Tribal committee members did not reach consensus on whether the Department of Justice would represent Tribes and Tribal certifying officers in environmental actions. The Tribal representatives believe that the potential for Self-Governance Tribes to assume Federal responsibilities for NEPA and NHPA compliance under Title V removes a substantial burden from IHS construction program managers and places that burden on Tribal officials. In transferring this burden, it is important to treat Tribal and Federal certifying officials equally. The Tribal representatives believe this can best be achieved by assuring Tribal certifying officials the benefit of a Federal defense under section 314 of Pub. L. 101–512 for NEPA enforcement actions brought against them. This protection is essential and fundamentally fair.

The Tribal representatives believe their position is fully consistent with the language of the statute and greatly furthers the Title V Congressional policy of providing Self-Governance Tribes with all the resources, benefits and protections that IHS officials would have in carrying out this core governmental function.

The Tribal representatives believe that a narrow interpretation of the coverage of section 314 would shift the burden from the Department of Justice to the IHS, or worse still, to American Indian and Alaska Native beneficiaries of IHS health programs. A narrow interpretation would require Self-Governance Tribes to incur substantial expense for liability insurance and/or legal representation. The IHS would then, in the Tribal representatives' view, be legally obliged to provide adequate contract support funds to cover these expenses. If it failed to do so as a result of shortfalls or for some other reason, funds that should be used to provide direct services would be diverted and the beneficiaries would suffer from diminished health care services, again contrary to Congress' intent. An unduly narrow interpretation would thus conflict with Congressional intent in Title V and impair the Federal trust responsibility to deliver health care to Indian people. See S. Rep. 100-274, Dec. 21, 1987 at 2646 ("The United States has assumed a trust responsibility to provide health care to Native Americans. The intent of the Committee is to prevent the Federal Government from divesting itself, through the self-determination process, of the obligation it has to properly carry out that responsibility.").

The Tribal Representatives believe that Congress clearly intended to confer on Self-Governance Tribes the same benefits that Federal officials enjoy when performing these Federal functions. It is clear that Self-Governance Tribes are carrying out Federal responsibilities. The nature of the legal liability associated with such responsibilities does not change because a Tribal government is performing a Federal function. The unique nature of the legal trust relationship between the Federal Government and Tribal governments requires that the Federal Government provide liability insurance coverage in the same manner as such coverage is provided when the Federal Government performs the function. S. Rep. 100-274, Dec. 21, 1987 at 2645. Similarly, transferring the obligation to perform NEPA compliance determinations from Federal to Tribal officials, with virtually no additional funding and without providing these

officials with a Federal defense, would create a windfall for the Federal Government, at the expense of Indian health care, contrary to Congressional intent. Department of Justice attorneys are well-experienced in APA litigation and would be in a better position to defend Tribal government officials in NEPA enforcement actions than would members of the private bar. The rare cases likely to be brought under this law will create no undue hardship or expense for the Department of Justice.

Tribal representatives are committed to working with the Secretary to address the concerns identified by the Committee through Secretarial interpretation, further rulemaking, and clarifying legislation that further fosters self-governance. Further clarification of the Tribal position may be found at 67 FR 7000-01 (February 14, 2002).

While the Department has carefully considered the views of the Tribal representatives on this issue, it cannot accept the Tribal proposal to add a question and answer providing Department of Justice representation for environmental actions brought under section 509(a). Section 314 of Public Law 101-512 applies only to actions brought under the Federal Tort Claims Act, not suits seeking to enforce NEPA, NHPA, or related environmental statutes. Moreover, as a matter of law, the Act treats the enforcement of environmental responsibilities differently from any other claims brought against a Self-Governance Tribe arising from self-governance compacts or construction project agreements. Section 509 of the Act specifically requires that the Self-Governance Tribe designate a certifying officer and accept the jurisdiction of the Federal court for purposes of enforcement of environmental statutes. The Tribal position, that suits to enforce environmental responsibilities are to be deemed suits against the United States, conflicts with these statutory requirements.

One comment recommended revising section 137.336(b)(5) and adding a new section 137.343(c) to allow Self-Governance Tribes to designate excess funds remaining at the end of a lump sum fixed price project as either savings or profit. The Committee agreed and adopted the recommendation in the final rule.

One comment recommended that section 137.338 be revised to replace the word "may" with "shall" to be consistent with similar provisions in Title I of the Act. The Committee agreed with the recommendation and revised section 137.338 to replace the word "may" with the word "must."

One comment expressed appreciation to the Committee for the payment provisions set forth in section 137.341 "as a prime example of a regulatory provision that seeks to liberally construe the Act to favor Self-Governance Tribes." No action was required.

One comment read section 137.372 as requiring that Self-Governance Tribes submit fee to trust applications to the Secretary of Health and Human Services for real property purchased with construction project agreement funds. The comment questioned why the Secretary of DHHS needs to be involved at all in the process of transferring fee land into trust when the Department of Interior's regulations at 25 CFR Part 151 already set forth a detailed process for transferring land into trust. The Committee agreed with the comment and revised section 137.372 in the final rule.

Consistent with this comment, the Committee also revised sections 137.373 and 137.374 to clarify that all references to the Secretary taking title to property purchased with construction project agreement funds refer to fee title, not trust title. The question in section 137.374 was also revised to include leasing to be consistent with the answer. One Committee member recommended that section 137.374 be further revised to discuss Tribal acquisitions of government surplus property. The Committee did not accept this recommendation because the revised regulation covers all acquisitions of property, including government surplus property.

The Committee received four comments on behalf of twenty-eight Tribes and Tribal organizations supporting the Tribal position on whether the Davis-Bacon Act applies to construction project agreements that include funds from both Federal and non-Federal sources, including Tribal contributions and State funds. The comments proposed adding the additional question and answer suggested in the Tribal position on this area of disagreement in the NPRM:

Q: Do Davis-Bacon wage rates apply to construction projects performed by Tribes using both Federal funds and non-Federal funds?

A: The Davis-Bacon wage rates only apply to the portion of the project that is funded with Federal funds. The Davis-Bacon Act and wage rates do not apply to portions of the project funded with non-Federal funds or when Tribes perform work with their own employees.

The Federal and Tribal committee members did not reach consensus on whether the Davis-Bacon Act applies to

projects funded with both Federal and non-Federal funds. Tribal and Federal officials included this issue in their non-consensus reports. The Tribal representatives believe this proposed regulation would give Self-Governance Tribes performing Title V construction projects greater autonomy and would advance Title V's goal of effectively "implementing the Federal policy of government-to-government relations with Indian Tribes" and of further "strengthen[ing] the Federal policy of Indian self-determination." See 25 U.S.C.A. § 458aaa (Pub. L. 106–260, Sec. 2(6), Title V Congressional findings reproduced as note following section 458aaa).

The Tribal representatives believe the proposed regulation is supported by 509(g) of the Act, and at best, this section of the Act is ambiguous. Section 512 requires that the "Secretary shall interpret all Federal laws \* \* \* in a manner that will facilitate \* \* \* the achievement of Tribal health goals and objectives." Furthermore, even if the language of Title V is open to more than one reasonable interpretation, rules of statutory construction for Indian legislation require that the statute be construed liberally in favor of the Self-Governance Tribes. *South Dakota v. Bourland*, 508 U.S. 679, 687 (1993); *Montana v. Blackfeet Tribe of Indians*, 471 U.S. 759, 766 (1985) ("Statutes are to be construed liberally in favor of the Indians; ambiguous provisions are to be interpreted to the Indians' benefit."). In *Ramah Navajo Chapter v. Lujan*, the Tenth Circuit held that, "if the [ISDA] can reasonably be construed as the Tribe would have it construed, it must be construed that way." Id. at 1462 (quoting *Muscogee (Creek) Nation v. Hodel*, 851 F.2d 1439, 1445 (D.C. Cir. 1988)).

Tribal representatives are committed to working with the Secretary to address the concerns identified by the Committee through Secretarial interpretation, further rulemaking, and clarifying legislation that further fosters self-governance. Further clarification of the Tribal position may be found at 67 FR 7000 (February 14, 2002).

While the Department has given careful consideration to the views of the Tribal representatives on this issue, it cannot accept the Tribal proposal. The Department recognizes that requiring the use of Federal Davis-Bacon wage rates on jointly funded projects is cumbersome, especially for Self-Governance Tribes located in multiple prevailing wage jurisdictions. Moreover, the Department is concerned that this requirement may discourage Self-Governance Tribes from using non-

Federal funds to build or improve health care facilities. However, the Department is persuaded that the wording of section 509(e) of the Act precludes adopting the proposed Q&A.

#### *Subpart O—Secretarial Responsibility and Budget Request*

##### Summary of Subpart

This subpart addresses consultation with Self-Governance Tribes in the budget formulation process.

##### Discussion of Comments

Several comments raised concerns about the deletion of sections 137.400, 401 and 402 and asked that they be reinstated in the final rule. Sections 137.400 and 137.402 were included in the proposed rule recommended by the rulemaking committee but deleted from the proposed rule published in the **Federal Register** because they purported to require the President, in consultation with Indian Tribes, to identify in his annual budget request to the Congress all funds necessary to fully fund all funding agreements authorized under Title V. To include the provisions in Departmental regulations raised concerns under Article II, Section 3 of the United States Constitution, because they would place requirements on the President and Administration officials regarding what to include in the President's budget request to the Congress. With respect to section 137.401, which concerned Tribal consultation on budget issues, the Committee decided to include in the final rule a revised section 137.401 on Tribal consultation, as follows:

#### *Section 137.401 What Role Does Tribal Consultation Play in the IHS Annual Budget Request Process?*

The IHS will consult with Tribes on budget issues consistent with Administration policy on Tribal consultation.

One comment noted that the term "Title I" in section 137.405 should be capitalized. The correction was made.

In response to a comment regarding a grammatical correction to section 137.407(d), the word "headquarter's" was changed to "headquarters".

The committee found that the word "and" had been misplaced in section 137.419(b). The word has been moved to section 137.419(c).

#### *Subpart P—Appeals*

##### Summary of Subpart

This subpart addresses post-award appeals, pre-award appeals (including informal conferences), appeals of immediate reassumptions, and attorneys

fees and costs under the Equal Access to Justice Act.

##### Discussion of Comments

One comment recommended that section 137.421 be clarified to have the deadline to request an informal conference run from the date of receipt, and to provide Tribes with 45 days rather than 30 days to request an informal conference. Since section 137.421 already provides that the deadline runs from the date of receipt, rather than mailing, the Committee made no change.

One comment suggested additional language in subsection 137.422(c) to address the participation by an OTSG representative in the informal conference. In response, the Committee agreed to add the following sentence to the end of section 137.422(d):

Such designated representatives may include OTSG.

##### Administrative Matters

We have examined the impacts of this rule as required by Executive Order 12866 and the Regulatory Flexibility Act (5 U.S.C. 601–612) as amended by subtitle D of the Small Business Regulatory Fairness Act of 1996 (Public Law 104–121) and the Unfunded Mandates Reform Act of 1995 (Public Law 104–4). Executive Order 12866 directs agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Unless it is certified that the final rule is not expected to have a significant economic impact on a substantial number of small entities, the Regulatory Flexibility Act requires analysis of regulatory options that minimize any significant economic impact of a rule on small entities. Section 202 of the Unfunded Mandates Reform Act (Public Law 104–4) requires an assessment of anticipated costs and benefits before proposing any rule that may result in expenditure by State, local, and Tribal governments, in aggregate, or by the private sector, of \$110 million in any one year (adjusted annually for inflation). We have determined that this rule is consistent with the principles set forth in the Executive Order and in these statutes and find that this rule will not have an effect on the economy that exceeds \$110 million in any one year (adjusted for inflation). Therefore, no further analysis is required under the Unfunded Mandates Reform Act. Because this rule

does not impose any new costs on small entities, it will not result in a significant economic impact on a substantial number of small entities. Thus, a Regulatory Flexibility Analysis is not required. In accordance with the provisions of Executive Order 12866, this regulation was reviewed by the Office of Management and Budget.

Executive Order 13132 establishes certain requirements that an agency must meet when it promulgates a final rule that imposes substantial direct requirement costs on State and local governments, preempts State law, or otherwise has Federalism implications. We have reviewed this final rule under the threshold criteria of Executive Order 13132, Federalism, and have determined that this final rule would not have substantial direct effect on the States, on the relationship between the National Government and States, or on the distribution of power and responsibilities among the various levels of government. As this rule has no Federalism implications, a Federalism summary impact statement is not required.

In accordance with the Act, this final rule was developed by a negotiated rulemaking committee comprised only of Federal and Tribal representatives, with a majority of the Tribal government representatives representing Self-Governance Tribes. The committee agreed to operate based on consensus decisionmaking. The regulations have been agreed on by consensus except as noted in the preamble.

The DHHS has determined that this final rule does not constitute a major Federal action significantly affecting the quality of the human environment and that no detailed statement is required pursuant to NEPA.

#### **Paperwork Reduction Act (PRA) of 1995**

This regulation contains information collection provisions that are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). The information collection requirements were negotiated between the Department and Tribal representatives through the negotiated rulemaking process and were agreed to by the parties in the negotiation. Health status reporting requirements will be negotiated on an individual Tribal basis and included in individual compacts or funding agreements. Response to the data collection is voluntary; however, submission of the data is essential to participation in the Tribal Self-governance process. Self-governance Tribes have the option of participating

in a voluntary national uniform data collection effort with the IHS. Final submission of these requirements have been sent to OMB for approval pursuant to PRA. In the course of its review, OMB will consider any public comments received on these requirements as expressed in the proposed rule. The information to be collected is as follows:

#### *Subpart C—Selection of Tribes for Participation in Self-Governance*

The provisions in this subpart require collection of information that indicates successful completion of the planning phase, a Tribal resolution requesting participation in self-governance, and information that demonstrates financial stability and financial capacity for participation in self-governance. The Department needs and uses this information to determine the qualified applicant pool for the self-governance project. The information is collected at the time the Indian Tribe requests participation in self-governance. The annual reporting and record keeping burden for this collection of information is estimated to average 10 hours for each new request for 50 respondents. The total annual reporting and record keeping burden for this collection is estimated to be 500 hours.

#### *Subparts D and E—Compact and Funding Agreement*

The compact sets forth the general terms of the government-to-government relationship between the Self-Governance Tribe and the Secretary and any terms the parties intend to control year after year. A funding agreement is required for each Self-Governance Tribe participating in self-governance and it provides the information that authorizes the Self-Governance Tribe to plan, conduct, consolidate, administer, and receive funding. The funding agreement identifies the programs, services, functions, and activities (or portions thereof) (PSFAs) to be performed or administered; the budget category; the funds to be provided; the time and method of transfer of the funds; and, information regarding any other negotiated provisions or Tribal requests for stable base funding.

The provisions in this subpart require collection of information or record-keeping requirements that may be contained in either the compact or the funding agreement, such as the information provided in health status reports or the information needed when requesting multi-year funding. The Department needs and uses this information to determine eligibility of the applicant; to evaluate applicant capabilities; and to protect the service

population and safeguard Federal funds and other resources. The information serves as the official record of the compact or funding agreement terms agreed to by the negotiating parties. The information is collected at the time the Self-Governance Tribe makes an initial request to compact or when the Self-Governance Tribe decides to take specific action to retrocede. The annual reporting and record keeping burden for this collection of information is estimated to average 34 hours for each response for 50 respondents. The total annual reporting and record keeping burden for this collection is estimated to be 1700 hours.

#### *Subpart N—Construction Projects*

The provisions in this subpart require collection of information regarding the Self-Governance Tribes' assumption of Federal responsibilities with respect to construction, including building codes and architectural and engineering standards (including health and safety), the successful completion of the construction project, and carrying out the negotiated construction project agreement. The information needed includes the semi-annual construction project progress and financial reports.

The Department needs and uses this information to determine eligibility of the applicant and to protect the service population and safeguard Federal funds and other resources. The information serves as the official record of the compact or funding agreement terms agreed to by the negotiating parties.

The information is collected at the time the Self-Governance Tribe negotiates the construction project agreement and through semi-annual reports. The annual reporting and record keeping burden for this collection of information is estimated to average 40 hours for each response for 30 respondents. The total annual burden for the collection is estimated to be 1200 hours.

#### *Subpart P—Appeals*

This subpart provides the appeals procedures available to Indian Tribes. It explains how to file a notice of appeal and what the notice should contain as well as instructions for submitting a written statement of objections. The Department uses this information to evaluate and grant or deny an appeal. The information is collected and reported once an Indian Tribe files an appeal. The annual reporting and record keeping burden for this collection of information is estimated to average 40 hours for each response for 8 respondents. The total annual reporting

and record keeping burden for this collection is estimated to be 320 hours.

In accordance with the PRA, no person is required to respond to an information collection request unless the form or regulation requesting the information has a currently valid OMB control number. This number will appear in 42 CFR part 137 upon approval.

This rule imposes no unfunded mandates on any governmental or private entity and is in compliance with the provisions of the Unfunded Mandates Act of 1995.

**Subpart A—General Provisions****§ 137.1 Authority, purpose and scope**

(a) Authority. These regulations are prepared, issued and maintained with the active participation and representation of Indian Tribes, Tribal organizations and inter-Tribal consortia pursuant to the guidance of the negotiated rulemaking procedures required by section 517 of the Act [25 U.S.C. 458aaa–16].

(b) Purpose. These regulations codify rules for self-governance compacts, funding agreements, and construction project agreements between the Department of Health and Human Services (DHHS) and Self-Governance Tribes to implement sections 2, 3, and 4 of Pub. L. 106–260.

(c) Scope. These regulations are binding on the Secretary and on Indian Tribes carrying out programs, services, functions, and activities (or portions thereof) (PSFAs) under Title V except as otherwise specifically authorized by a waiver under section 512(b) of the Act [25 U.S.C. 458aaa–11(b)].

**§ 137.2 Congressional policy.**

(a) According to section 2 of Pub. L. 106–260, Congress has declared that:

(1) The Tribal right of self-government flows from the inherent sovereignty of Indian Tribes and nations;

(2) The United States recognizes a special government-to-government relationship with Indian Tribes, including the right of the Indian Tribes to self-governance, as reflected in the Constitution, treaties, Federal statutes, and the course of dealings of the United States with Indian Tribes;

(3) Although progress has been made, the Federal bureaucracy, with its centralized rules and regulations, has eroded Tribal Self-Governance and dominates Tribal affairs.

(4) The Tribal Self-Governance Demonstration Project, established under title III of the Indian Self-Determination Act (ISDA) [25 U.S.C. 450f note] was designed to improve and perpetuate the government-to-government relationship between Indian Tribes and the United States and to strengthen Tribal control over Federal funding and program management;

(5) Although the Federal Government has made considerable strides in improving Indian health care, it has failed to fully meet its trust responsibilities and to satisfy its

obligations to the Indian Tribes under treaties and other laws; and

(6) Congress has reviewed the results of the Tribal Self-Governance Demonstration Project and finds that transferring full control and funding to Tribal governments, upon Tribal request, over decision making for Federal PSFAs:

(i) Is an appropriate and effective means of implementing the Federal policy of government-to-government relations with Indian Tribes; and

(ii) Strengthens the Federal policy of Indian self-determination.

(b) According to section 3 of Pub. L. 106–260, Congress has declared its policy to:

(1) Permanently establish and implement Tribal Self-Governance within the DHHS;

(2) Call for full cooperation from the DHHS and its constituent agencies in the implementation of Tribal Self-Governance to—

(i) Enable the United States to maintain and improve its unique and continuing relationship with, and responsibility to, Indian Tribes;

(ii) Permit each Indian Tribe to choose the extent of its participation in self-governance in accordance with the provisions of the ISDA relating to the provision of Federal services to Indian Tribes;

(iii) Ensure the continuation of the trust responsibility of the United States to Indian Tribes and Indians;

(iv) Affirm and enable the United States to fulfill its obligations to the Indian Tribes under treaties and other laws;

(v) Strengthen the government-to-government relationship between the United States and Indian Tribes through direct and meaningful consultation with all Tribes;

(vi) Permit an orderly transition from Federal domination of programs and services to provide Indian Tribes with meaningful authority, control, funding, and discretion to plan, conduct, redesign, and administer PSFAs that meet the needs of the individual Tribal communities;

(vii) Provide for a measurable parallel reduction in the Federal bureaucracy as programs, services, functions, and activities (or portion thereof) are assumed by Indian Tribes;

(viii) Encourage the Secretary to identify all PSFAs of the DHHS that may be managed by an Indian Tribe under this Act and to assist Indian Tribes in assuming responsibility for such PSFAs; and

(ix) Provide Indian Tribes with the earliest opportunity to administer PSFAs from throughout the Department.

(c) According to section 512(a) of the Act [25 U.S.C. 458aaa–11(a)], Congress has declared, except as otherwise provided by law, the Secretary shall interpret all Federal laws, Executive Orders, and regulations in a manner that will facilitate:

(e) According to section 515(b) of the Act [25 U.S.C. 458aaa–14(b)], Congress has declared that nothing in the Act shall be construed to diminish in any way the trust responsibility of the United States to Indian Tribes and individual Indians that exists under treaties, Executive orders, or other laws and court decisions.

(f) According to section 507(g) of the Act [25 U.S.C. 458aaa–6(g)], Congress has declared that the Secretary is prohibited from waiving, modifying, or diminishing in any way the trust responsibility of the United States with respect to Indian Tribes and individual Indians that exists under treaties, Executive orders, other laws, or court decisions.

(g) According to section 515(c) of the Act [25 U.S.C. 458aaa–14(c)], Congress has declared that the Indian Health Service (IHS) under this Act shall neither bill nor charge those Indians who may have the economic means to pay for services, nor require any Tribe to do so. Nothing in this section shall impair the right of the IHS or an Indian Tribe to seek recovery from third parties section 206 of the Indian Health Care Improvement Act [25 U.S.C. 1621e], under section 1 of the Federal Medical Care Recovery Act [42 U.S.C. 2651], and any other applicable Federal, State or Tribal law.

## Health Status Reports

### **§ 137.200 Are there reporting requirements for Self-Governance Tribes under Title V?**

Yes, compacts or funding agreements negotiated between the Secretary and a Self-Governance Tribe must include a provision that requires the Self-Governance Tribe to report on health status and services delivery. These reports may only impose minimal burdens on the Self-Governance Tribes.

### **§ 137.201 What are the purposes of the Tribal reporting requirements?**

Tribal reports enable the Secretary to prepare reports required under Title V and to develop the budget request. The reporting requirements are not intended as a quality assessment or monitoring tool, although such provision may be included at the option of the Self-Governance Tribe. ### **§ 137.205 Will this voluntary uniform data set reporting activity be required of all Self-Governance Tribes entering into a compact with the IHS under Title V?**

No, to the extent that specific resources are available or have not otherwise been provided to Self-Governance Tribes for this purpose, and if the Self-Governance Tribes choose to participate, the IHS will provide resources, hardware, software, and technical assistance to the Self-Governance Tribes to facilitate data gathering to ensure data consistency and integrity under this voluntary effort.

### **§ 137.206 Why does the IHS need this information?**

This information will be used to comply with sections 513 [25 U.S.C. 458aaa–12] and 514 [25 U.S.C. 458aaa–13] of the Act as well as to assist IHS in advocating for the Indian health system, budget formulation, and other reporting required by statute, development of partnerships with other organizations that benefit the health status of Indian Tribes, and sharing of best practices.

### **§ 137.207 Will funding be provided to the Self-Governance Tribe to compensate for the costs of reporting?**

Yes, reporting requirements are subject to the Secretary providing specific funds for this purpose in the funding agreement.

## Savings

### **§ 137.210 What happens if self-governance activities under Title V reduce the administrative or other responsibilities of the Secretary with respect to the operation of Indian programs and result in savings?**

**§ 137.271 Why is there a separate subpart in these regulations for construction project agreements?**

Construction projects are separately defined in Title V and are subject to a separate proposal and review process. Provisions of a construction project agreement and this subpart shall be liberally construed in favor of the Self-Governance Tribe.

**§ 137.272 What other alternatives are available for Self-Governance Tribes to perform construction projects?**

Self-Governance Tribes also have the option of performing IHS construction projects under a variety of other legal authorities, including but not limited to Title I of the Act, the Indian Health Care Improvement Act, Public Law 94-437, and Public Law 86-121. This subpart does not cover projects constructed pursuant to agreements entered into under these authorities.

**§ 137.273 What are IHS construction PSFAs?**

IHS construction PSFAs are a combination of construction projects as defined in § 137.280 and construction programs.

**§ 137.274 Does this subpart cover construction programs?**

No, except as provided in § 137.275, this subpart does not cover construction programs such as the:

- (a) Maintenance and Improvement Program;
- (b) Construction program functions; and,
- (c) Planning services and construction management services.

**§ 137.275 May Self-Governance Tribes include IHS construction programs in a construction project agreement or in a funding agreement?**

Yes, Self-Governance Tribes may choose to assume construction programs in a construction project agreement, in a funding agreement, or in a

combination of the two. These programs may include the following:

- (a) Maintenance and improvement program;
- (b) Construction program functions; and
- (c) Planning services and construction management services.

**Construction Definitions**

**§ 137.280 Construction Definitions.**

ALJ means administrative law judge.  
APA means Administrative Procedures Act, 5 U.S.C. 701–706.

Budget means a statement of the funds required to complete the scope of work in a construction project agreement. For cost reimbursement agreements, budgets may be stated using broad categories such as planning, design, construction, project administration, and contingency. For fixed price agreements, budgets may be stated as lump sums, unit cost pricing, or a combination thereof.

Categorical exclusion means a category of actions that do not individually or cumulatively have a significant effect on the human environment and that have been found to have no such effect in procedures adopted by a Federal agency in implementation of these regulations and for which, therefore, neither an environmental assessment nor an environmental impact statement is required. Any procedures under this section shall provide for extraordinary circumstances in which a normally excluded action may have a significant environmental effect.

CEQ means Council on Environmental Quality in the Office of the President.

Construction management services (CMS) means activities limited to administrative support services; coordination; and monitoring oversight of the planning, design, and construction process. CMS activities typically include:

- (1) Coordination and information exchange between the Self-Governance Tribe and the Federal Government;
- (2) Preparation of a Self-Governance Tribe's project agreement; and
- (3) A Self-Governance Tribe's subcontract scope of work identification and subcontract preparation, and competitive selection of construction contract subcontractors.

Construction phase is the phase of a construction project agreement during which the project is constructed, and includes labor, materials, equipment and services necessary to complete the work, in accordance with the construction project agreement.

Construction project means:

(1) An organized noncontinuous undertaking to complete a specific set of predetermined objectives for the planning, environmental determination, design, construction, repair, improvement, or expansion of buildings or facilities described in a project agreement, and

(2) Does not include construction program administration and activities described in sections 4(m)(1) through (3) of the Act [25 U.S.C. 4b(m)(1) through (3)], that may otherwise be included in a funding agreement under section 505 of the Act [25 U.S.C. 458aaa-4].

Construction project agreement means a negotiated agreement between the Secretary and a Self-Governance Tribe, that at a minimum:

(1) Establishes project phase start and completion dates;

(2) Defines a specific scope of work and standards by which it will be accomplished;

(3) Identifies the responsibilities of the Self-Governance Tribe and the Secretary;

(4) Addresses environmental considerations;

(5) Identifies the owner and operations and maintenance entity of the proposed work;

(6) Provides a budget;

(7) Provides a payment process; and

(8) Establishes the duration of the agreement based on the time necessary to complete the specified scope of work, which may be 1 or more years.

Design phase is the phase of a construction project agreement during which project plans, specifications, and other documents are prepared that are used to build the project. Site investigation, final site selection activities and environmental review and determination activities are completed in this phase if not conducted as a part of the planning phase.

Maintenance and improvement program:

(1) As used in this subpart means the program that provides funds for eligible facilities for the purpose of:

(i) Performing routine maintenance;

(ii) Achieving compliance with accreditation standards;

(iii) Improving and renovating facilities;

(iv) Ensuring that Indian health care facilities meet existing building codes and standards; and

(v) Ensuring compliance with public law building requirements.

(2) The maintenance and improvement program is comprised of routine maintenance and repair funding and project funding. Typical maintenance and improvement projects

have historically been funded out of regional or national project pools and may include, but are not limited to, total replacement of a heating or cooling system, remodel of a medical laboratory, removal of lead based paint, abatement of asbestos and abatement of underground fuel storage tanks. Maintenance and repair program funding provided under a funding agreement is not covered under this subpart.

NEPA means the National Environmental Policy Act of 1969 [42 U.S.C. 4321 *et seq.*].

NHPA means the National Historic Preservation Act [16 U.S.C. 470 *et seq.*].

Planning phase is the phase of a construction project agreement during which planning services are provided.

Planning services may include performing a needs assessment, completing and/or verifying master plans, developing justification documents, conducting pre-design site investigations, developing budget cost estimates, conducting feasibility studies as needed, conducting environmental review activities and justifying the need for the project.

SHPO means State Historic Preservation Officer.

Scope of work or specific scope of work means a brief written description of the work to be accomplished under the construction project agreement, sufficient to confirm that the project is consistent with the purpose for which the Secretary has allocated funds.

THPO means Tribal Historic Preservation Officer.

## NEPA Process

### § 137.285 Are Self-Governance Tribes required to accept Federal environmental responsibilities to enter into a construction project agreement?

Yes, under section 509 of the Act [25 U.S.C. 458aaa-8], Self-Governance Tribes must assume all Federal responsibilities under the NEPA of 1969 [42 U.S.C. 4321 *et seq.*] and the National Historic Preservation Act [16 U.S.C. 470 *et seq.*] and related provisions of law that would apply if the Secretary were to undertake a construction project, but only those responsibilities directly related to the completion of the construction project being assumed.

### § 137.286 Do Self-Governance Tribes become Federal agencies when they assume these Federal environmental responsibilities?

No, while Self-Governance Tribes are required to assume Federal environmental responsibilities for projects in place of the Secretary, Self-Governance Tribes do not thereby

become Federal agencies. However, because Self-Governance Tribes are assuming the responsibilities of the Secretary for the purposes of performing these Federal environmental responsibilities, Self-Governance Tribes will be considered the equivalent of Federal agencies for certain purposes as set forth in this subpart.

### § 137.287 What is the National Environmental Policy Act (NEPA)?

The NEPA is a procedural law that requires Federal agencies to follow established environmental review procedures, which include reviewing and documenting the environmental impact of their actions. NEPA establishes a comprehensive policy for protection and enhancement of the environment by the Federal Government; creates the Council on Environmental Quality in the Office of the President; and directs Federal agencies to carry out the policies and procedures of the Act. CEQ regulations (40 CFR 1500-1508) establish three levels of environmental review: categorical exclusions, environmental assessments, and environmental impact statements.

### § 137.288 What is the National Historic Preservation Act (NHPA)?

The NHPA requires Federal agencies to take into account the effects of their undertakings, such as construction projects, on properties covered by the NHPA, such as historic properties, properties eligible for listing on the National Register of Historic Places, or properties that an Indian Tribe regards as having religious and/or cultural importance. Section 106 of the NHPA [16 U.S.C. 470f] requires Federal agencies to afford the Advisory Council on Historic Preservation, acting through the SHPO or the THPO, a reasonable opportunity to comment on such undertakings.

### § 137.289 What is a Federal undertaking under NHPA?

The Advisory Council on Historic Preservation has defined a Federal undertaking in 36 CFR 800.16(y) as a project, activity, or program funded in whole or in part under the direct or indirect jurisdiction of a Federal agency, including those carried out by or on behalf of a Federal agency; those carried out with Federal financial assistance; those requiring a Federal permit, license or approval; and those subject to State or local regulation administered pursuant to a delegation or approval by a Federal agency.

**§ 137.290 What additional provisions of law are related to NEPA and NHPA?**

(a) Depending upon the nature and the location of the construction project, environmental laws related to NEPA and NHPA may include:

- (1) Archaeological and Historical Data Preservation Act [16 U.S.C. 469];
- (2) Archeological Resources Protection Act [16 U.S.C. 470aa];
- (3) Clean Air Act [42 U.S.C. 7401];
- (4) Clean Water Act [33 U.S.C. 1251];
- (5) Coastal Barrier Improvement Act [42 U.S.C. 4028 and 16 U.S.C. Sec. 3501];
- (6) Coastal Barrier Resources Act [16 U.S.C. 3501];
- (7) Coastal Zone Management Act [16 U.S.C. 1451];
- (8) Comprehensive Environmental Response, Compensation, and Liability Act [42 U.S.C. 9601];
- (9) Endangered Species Act [16 U.S.C. 1531 *et seq.*];
- (10) Farmland Protection Policy Act [7 U.S.C. 4201 *et seq.*];
- (11) Marine Protection, Research, and Sanctuaries Act [33 U.S.C. 1401–1445; 16 U.S.C. 1431–1447F; 33 U.S.C. 2801–2805];
- (12) National Historic Preservation Act [16 U.S.C. 470 *et seq.*];
- (13) National Trails System Act [16 U.S.C. 1241];
- (14) Native American Graves Protection and Repatriation Act [25 U.S.C. 3001];
- (15) Noise Control Act [42 U.S.C. 4901];
- (16) Resource Conservation and Recovery Act [42 U.S.C. 6901];
- (17) Safe Drinking Water Act [42 U.S.C. 300F];
- (18) Toxic Substance Control Act [15 U.S.C. 2601];
- (19) Wild and Scenic Rivers Act [16 U.S.C. 1271]; and
- (20) Wilderness Act [16 U.S.C. 1131].

(b) This section provides a list of environmental laws for informational purposes only and does not create any legal rights or remedies, or imply private rights of action.

**§ 137.291 May Self-Governance Tribes carry out construction projects without assuming these Federal environmental responsibilities?**

Yes, but not under section 509 of the Act [25 U.S.C. 458aaa–8]. Self-Governance Tribes may otherwise elect to perform construction projects, or phases of construction projects, under other legal authorities (see § 137.272).

**§ 137.292 How do Self-Governance Tribes assume environmental responsibilities for construction projects under section 509 of the Act [25 U.S.C. 458aaa–8]?**

Self-Governance Tribes assume environmental responsibilities by:

(a) Adopting a resolution or taking an equivalent Tribal action which:

(1) Designates a certifying officer to represent the Self-Governance Tribe and to assume the status of a responsible Federal official under NEPA, NHPA, and related provisions of law; and

(2) Accepts the jurisdiction of the Federal court, as provided in § 137.310 and § 137.311 for purposes of enforcement of the Federal environmental responsibilities assumed by the Self-Governance Tribe; and

(b) Entering into a construction project agreement under section 509 of the Act [25 U.S.C. 458aaa–8].

**§ 137.293 Are Self-Governance Tribes required to adopt a separate resolution or take equivalent Tribal action to assume environmental responsibilities for each construction project agreement?**

No, the Self-Governance Tribe may adopt a single resolution or take equivalent Tribal action to assume environmental responsibilities for a single project, multiple projects, a class of projects, or all projects performed under section 509 of the Act [25 U.S.C. 458aaa–8].

**§ 137.294 What is the typical IHS environmental review process for construction projects?**

(a) Most IHS construction projects normally do not have a significant impact on the environment, and therefore do not require environmental impact statements (EIS). Under current IHS procedures, an environmental review is performed on all construction projects. During the IHS environmental review process, the following activities may occur:

(1) Consult with appropriate Tribal, Federal, state, and local officials and interested parties on potential environmental effects;

(2) Document assessment of potential environmental effects; (IHS has developed a form to facilitate this process.)

(3) Perform necessary environmental surveys and inventories;

(4) Consult with the Advisory Council on Historic Preservation, acting through the SHPO or THPO, to ensure compliance with the NHPA;

(5) Determine if extraordinary or exceptional circumstances exist that would prevent the project from meeting the criteria for categorical exclusion from further environmental review under NEPA, or if an environmental assessment is required;

(6) Obtain environmental permits and approvals; and

(7) Identify methods to avoid or mitigate potential adverse effects;

(b) This section is for informational purposes only and does not create any legal rights or remedies, or imply private rights of action.

**§ 137.295 May Self-Governance Tribes elect to develop their own environmental review process?**

Yes, Self-Governance Tribes may develop their own environmental review process or adopt the procedures of the IHS or the procedures of another Federal agency.

**§ 137.296 How does a Self-Governance Tribe comply with NEPA and NHPA?**

Self-Governance Tribes comply with NEPA and the NHPA by adopting and following:

(a) their own environmental review procedures;

(b) the procedures of the IHS; and/or

(c) the procedures of another Federal agency.

**§ 137.297 If the environmental review procedures of a Federal agency are adopted by a Self-Governance Tribe, is the Self-Governance Tribe responsible for ensuring the agency's policies and procedures meet the requirements of NEPA, NHPA, and related environmental laws?**

No, the Federal agency is responsible for ensuring its own policies and procedures meet the requirements of NEPA, NHPA, and related environmental laws, not the Self-Governance Tribe.

**§ 137.298 Are Self-Governance Tribes required to comply with Executive Orders to fulfill their environmental responsibilities under section 509 of the Act [25 U.S.C. 458aaa–8]?**

No, but Self-Governance Tribes may at their option, choose to voluntarily comply with Executive Orders. For facilities where ownership will vest with the Federal Government upon completion of the construction, Tribes and the Secretary may agree to include the goals and objectives of Executive Orders in the codes and standards of the construction project agreement.

**§ 137.299 Are Federal funds available to cover the cost of Self-Governance Tribes carrying out environmental responsibilities?**

Yes, funds are available:

(a) for project-specific environmental costs through the construction project agreement; and

(b) for environmental review program costs through a funding agreement and/or a construction project agreement.

**§ 137.300** Since Federal environmental responsibilities are new responsibilities, which may be assumed by Tribes under section 509 of the Act [25 U.S.C. 458aaa–8], are there additional funds available to Self-Governance Tribes to carry out these formerly inherently Federal responsibilities?

Yes, the Secretary must transfer not less than the amount of funds that the Secretary would have otherwise used to carry out the Federal environmental responsibilities assumed by the Self-Governance Tribe.

**§ 137.301** How are project and program environmental review costs identified?

(a) The Self-Governance Tribe and the Secretary should work together during the initial stages of project development to identify program and project related costs associated with carrying out environmental responsibilities for proposed projects. The goal in this process is to identify the costs associated with all foreseeable environmental review activities.

(b) If unforeseen environmental review and compliance costs are identified during the performance of the construction project, the Self-Governance Tribe or, at the request of the Self-Governance Tribe, the Self-Governance Tribe and the Secretary (with or without amendment as required by § 137.363) may do one or more of the following:

- (1) Mitigate adverse environmental effects;
- (2) Alter the project scope of work; and/or
- (3) Add additional program and/or project funding, including seeking supplemental appropriations.

**§ 137.302** Are Federal funds available to cover start-up costs associated with initial Tribal assumption of environmental responsibilities?

(a) Yes, start-up costs are available as provided in section 508(c) of the Act [25 U.S.C. 458aaa–7(c)]. During the initial year that these responsibilities are assumed, the amount required to be paid under section 106(a)(2) of the Act [25 U.S.C. 450j–1(a)(2)] must include startup costs consisting of the reasonable costs that have been incurred or will be incurred on a one-time basis pursuant to the agreement necessary:

(1) To plan, prepare for, and assume operation of the environmental responsibilities; and

(2) To ensure compliance with the terms of the agreement and prudent management.

(b) Costs incurred before the initial year that the agreement is in effect may not be included in the amount required to be paid under section 106(a)(2) of the

Act [25 U.S.C. 450j–1(a)(2)] if the Secretary does not receive a written notification of the nature and extent of the costs prior to the date on which such costs are incurred.

**§ 137.303** Are Federal or other funds available for training associated with Tribal assumption of environmental responsibilities?

Yes, Self-Governance Tribes may use construction program and project funds for training and program development. Training and program development funds may also be available from other Federal agencies, such as the Environmental Protection Agency and the National Park Service, state and local governments, and private organizations.

**§ 137.304** May Self-Governance Tribes buy back environmental services from the IHS?

Yes, Self-Governance Tribes may “buy back” project related services in their construction project agreement, including design and construction engineering, and environmental compliance services from the IHS in accordance with Section 508(f) of the Act [25 U.S.C. 458aaa–7(f)] and § 137.95, subject to the availability of the IHS’s capacity to conduct the work.

**§ 137.305** May Self-Governance Tribes act as lead, cooperating, or joint lead agencies for environmental review purposes?

Yes, Self-Governance Tribes assuming Federal environmental responsibilities for construction projects under section 509 of the Act [25 U.S.C. 458aaa–8] are entitled to receive equal consideration, on the same basis as any Federal agency, for lead, cooperating, and joint lead agency status. For informational purposes, the terms “lead,” “cooperating,” and “joint lead agency” are defined in the CEQ regulations at 40 CFR 1508.16, 1508.5, and 1501.5 respectively.

**§ 137.306** How are Self-Governance Tribes recognized as having lead, cooperating, or joint lead agency status?

Self-Governance Tribes may be recognized as having lead, cooperating, or joint lead agency status through funding or other agreements with other agencies. To the extent that resources are available, the Secretary will encourage and facilitate Federal, state, and local agencies to enter into agreements designating Tribes as lead, cooperating, or joint lead agencies for environmental review purposes.

**§ 137.307** What Federal environmental responsibilities remain with the Secretary when a Self-Governance Tribe assumes Federal environmental responsibilities for construction projects under section 509 of the Act [25 U.S.C. 458aaa–8]?

(a) All environmental responsibilities for Federal actions not directly related to construction projects assumed by Tribes under section 509 of the Act [25 U.S.C. 458aaa–8] remain with the Secretary. Federal agencies, including the IHS, retain responsibility for ensuring their environmental review procedures meet the requirements of NEPA, NHPA and related provisions of law, as called for in § 137.297.

(b) The Secretary will provide information updating and changing IHS agency environmental review policy and procedures to all Self-Governance Tribes implementing a construction project agreement, and to other Indian Tribes upon request. If a Self-Governance Tribe participating under section 509 of the Act [25 U.S.C. 458aaa–8] does not wish to receive this information, it must notify the Secretary in writing. As resources permit, at the request of the Self-Governance Tribe, the Secretary will provide technical assistance to the Self-governance tribe to assist the Self-governance Tribe in carrying out Federal environmental responsibilities.

**§ 137.308** Does the Secretary have any enforcement authority for Federal environmental responsibilities assumed by Tribes under section 509 of the Act [25 U.S.C. 458aaa–8]?

No, the Secretary does not have any enforcement authority for Federal environmental responsibilities assumed by Tribes under section 509 of the Act [25 U.S.C. 458aaa–8].

**§ 137.309** How are NEPA and NHPA obligations typically enforced?

NEPA and NHPA obligations are typically enforced by interested parties who may file lawsuits against Federal agencies alleging that the agencies have not complied with their legal obligations under NEPA and NHPA. These lawsuits may only be filed in Federal court under the provisions of the APA, 5 U.S.C. 701–706. Under the APA, a Federal judge reviews the Federal agency’s actions based upon an administrative record prepared by the Federal agency. The judge gives appropriate deference to the agency’s decisions and does not substitute the court’s views for those of the agency. Jury trials and civil discovery are not permitted in APA proceedings. If a Federal agency has failed to comply with NEPA or NHPA, the judge may grant declaratory or injunctive relief to

the interested party. No money damages or fines are permitted in APA proceedings.

**§ 137.310 Are Self-Governance Tribes required to grant a limited waiver of their sovereign immunity to assume Federal environmental responsibilities under section 509 of the Act [25 U.S.C. 458aaa–8]?**

Yes, but only as provided in this section. Unless Self-Governance Tribes consent to the jurisdiction of a court, Self-Governance Tribes are immune from civil lawsuits. Self-Governance Tribes electing to assume Federal environmental responsibilities under section 509 of the Act [25 U.S.C. 458aaa–8] must provide a limited waiver of sovereign immunity solely for the purpose of enforcing a Tribal certifying officer's environmental responsibilities, as set forth in this subpart. Self-Governance Tribes are not required to waive any other immunity.

**§ 137.311 Are Self-Governance Tribes entitled to determine the nature and scope of the limited immunity waiver required under section 509(a)(2) of the Act [25 U.S.C. 458aaa–8(a)(2)]?**

(a) Yes, Section 509(a)(2) of the Act [25 U.S.C. 458aaa–8(a)(2)] only requires that the waiver permit a civil enforcement action to be brought against the Tribal certifying officer in his or her official capacity in Federal district court for declaratory and injunctive relief in a procedure that is substantially equivalent to an APA enforcement action against a Federal agency. Self-Governance Tribes are not required to subject themselves to suit in their own name, to submit to trial by jury or civil discovery, or to waive immunity for money damages, attorneys fees, or fines.

(b) Self-Governance Tribes may base the grant of a limited waiver under this subpart on the understanding that:

(1) Judicial review of the Tribal certifying official's actions are based upon the administrative record prepared by the Tribal official in the course of performing the Federal environmental responsibilities; and

(2) Actions and decisions of the Tribal certifying officer will be granted deference on a similar basis as Federal officials performing similar functions.

**§ 137.312 Who is the proper defendant in a civil enforcement action under section 509(a)(2) of the Act [25 U.S.C. 458aaa–8(a)(2)]?**

Only the designated Tribal certifying officer acting in his or her official capacity may be sued. Self-Governance Tribes and other Tribal officials are not proper defendants in lawsuits brought under section 509(a)(2) of the Act [25 U.S.C. 458aaa–8(a)(2)].

**Notification (Prioritization Process, Planning, Development and Construction)**

**§ 137.320 Is the Secretary required to consult with affected Indian Tribes concerning construction projects and programs?**

Yes, before developing a new project resource allocation methodology and application process the Secretary must consult with all Indian Tribes. In addition, before spending any funds for planning, design, construction, or renovation projects, whether subject to a competitive application and ranking process or not, the Secretary must consult with any Indian Tribe that would be significantly affected by the expenditure to determine and honor Tribal preferences whenever practicable concerning the size, location, type, and other characteristics of the project.

**§ 137.321 How do Indian Tribes and the Secretary identify and request funds for needed construction projects?**

In addition to the requirements contained in section 513 of the Act [25 U.S.C. 458aaa–12], Indian Tribes and the Secretary are encouraged to jointly identify health facility and sanitation needs at the earliest possible date for IHS budget formulation. In developing budget justifications for specific projects to be proposed to Congress, the Secretary shall follow the preferences of the affected Indian Tribe(s) to the greatest extent feasible concerning the size, location, type, and other characteristics of the project.

**§ 137.322 Is the Secretary required to notify an Indian Tribe that funds are available for a construction project or a phase of a project?**

(a) Yes, within 30 days after the Secretary's allocation of funds for planning phase, design phase, or construction phase activities for a specific project, the Secretary shall notify, by registered mail with return receipt in order to document mailing, the Indian Tribe(s) to be benefitted by the availability of the funds for each phase of a project. The Secretarial notice of fund allocation shall offer technical assistance in the preparation of a construction project proposal.

(b) The Secretary shall, within 30 days after receiving a request from an Indian Tribe, furnish the Indian Tribe with all information available to the Secretary about the project including, but not limited to: construction drawings, maps, engineering reports, design reports, plans of requirements, cost estimates, environmental assessments, or environmental impact reports and archeological reports.

(c) An Indian Tribe is not required to request this information prior to either submitting a notification of intent or a construction project proposal.

(d) The Secretary shall have a continuing responsibility to furnish information to the Indian Tribes.

**Project Assumption Process**

**§ 137.325 What does a Self-Governance Tribe do if it wants to perform a construction project under section 509 of the Act [25 U.S.C. 458aaa–8]?**

(a) A Self-Governance Tribe may start the process of developing a construction project agreement by:

(1) Notifying the Secretary in writing that the Self-Governance Tribe wishes to enter into a pre-agreement negotiation phase as set forth in section 105(m)(3) of the Act [25 U.S.C. 450j(m)(3)]; or

(2) Submitting a proposed construction project agreement. This proposed agreement may be the final proposal, or it may be a draft for consideration and negotiation, or

(3) A combination of the actions described in paragraphs (a)(1) and (2) of this section.

(b) Upon receiving a Self-Governance Tribe's request to enter into a pre-negotiation phase the Secretary shall take the steps outlined in section 105(m)(3) of the Act [25 U.S.C. 450j(m)(3)].

**§ 137.326 What must a Tribal proposal for a construction project agreement contain?**

A construction project proposal must contain all of the required elements of a construction project agreement as defined in § 137.280. In addition to these minimum requirements, Self-Governance Tribes may propose additional items.

**§ 137.327 May multiple projects be included in a single construction project agreement?**

Yes, a Self-Governance Tribe may include multiple projects in a single construction project agreement proposal or may add additional approved projects by amendment(s) to an existing construction project agreement.

**§ 137.328 Must a construction project proposal incorporate provisions of Federal construction guidelines and manuals?**

(a) No, the Self-Governance Tribe and the Secretary must agree upon and specify appropriate building codes and architectural and engineering standards (including health and safety) which must be in conformity with nationally recognized standards for comparable projects.

(b) The Secretary may provide, or the Self-Governance Tribe may request, Federal construction guidelines and

manuals for consideration by the Self-Governance Tribe in the preparation of its construction project proposal. If Tribal construction codes and standards (including national, regional, State, or Tribal building codes or construction industry standards) are consistent with or exceed otherwise applicable nationally recognized standards, the Secretary must accept the Tribally proposed standards.

**§ 137.329 What environmental considerations must be included in the construction project agreement?**

The construction project agreement must include:

(a) Identification of the Tribal certifying officer for environmental review purposes,

(b) Reference to the Tribal resolution or equivalent Tribal action appointing the Tribal certifying officer and accepting the jurisdiction of the Federal court for enforcement purposes as provided in §§ 137.310 and 137.311.

(c) Identification of the environmental review procedures adopted by the Self-Governance Tribe, and

(d) An assurance that no action will be taken on the construction phase of the project that would have an adverse environmental impact or limit the choice of reasonable alternatives prior to making an environmental determination in accordance with the Self-Governance Tribe's adopted procedures.

**§ 137.330 What happens if the Self-Governance Tribe and the Secretary cannot develop a mutually agreeable construction project agreement?**

The Self-Governance Tribe may submit a final construction project proposal to the Secretary. No later than 30 days after the Secretary receives the final construction project proposal, or within a longer time agreed to by the Self-Governance Tribe in writing, the Secretary shall review and make a determination to approve or reject the construction project proposal in whole or in part.

**§ 137.331 May the Secretary reject a final construction project proposal based on a determination of Tribal capacity or capability?**

No, the Secretary may not reject a final construction project proposal based on a determination of Tribal capacity or capability.

**§ 137.332 On what basis may the Secretary reject a final construction project proposal?**

(a) The only basis for rejection of project activities in a final construction project proposal are:

(1) The amount of funds proposed in the final construction project proposal

exceeds the applicable funding level for the construction project as determined under sections 508(c) [25 U.S.C. 458aaa–7(c)] and 106 of the Act [25 U.S.C. 450j–1].

(2) The final construction project proposal does not meet the minimum content requirements for construction project agreements set forth in section 501(a)(2) of the Act [25 U.S.C. 458aaa(a)(2)]; and

(3) The final construction project proposal on its face clearly demonstrates that the construction project cannot be completed as proposed.

(b) For construction programs proposed to be included in a construction project agreement, the Secretary may also reject that portion of the proposal that proposes to assume an inherently Federal function that cannot legally be delegated to the Self-Governance Tribe.

**§ 137.333 What procedures must the Secretary follow if the Secretary rejects a final construction project proposal, in whole or in part?**

Whenever the Secretary rejects a final construction project proposal in whole or in part, the Secretary must:

**§ 137.424 Is the recommended decision from the informal conference final for the Secretary?**

No. If the Indian Tribe is dissatisfied with the recommended decision from the informal conference, it may still appeal the initial decision within 30 days of receiving the recommended decision and the report of the informal conference. If the Indian Tribe does not file a notice of appeal within 30 days, or before the expiration of the extension it has received under § 137.426, the recommended decision of the informal conference becomes final for the Secretary and may be appealed to Federal court pursuant to section 110 of the Act [25 U.S.C. 450m–1].

**§ 137.425 How does an Indian Tribe appeal the initial decision if it does not request an informal conference or if it does not agree with the recommended decision resulting from the informal conference?**

(a) If the Indian Tribe decides to appeal, it must file a notice of appeal with the IBIA within 30 days of receiving either the initial decision or the recommended decision from the informal conference.

(b) The Indian Tribe may either hand-deliver the notice of appeal to the IBIA, or mail it by certified mail, return receipt requested. If the Indian Tribe mails the Notice of Appeal, it will be considered filed on the date the Indian Tribe mailed it by certified mail. The Indian Tribe should mail the notice of appeal to: Board of Indian Appeals, U.S. Department of the Interior, 4015 Wilson Boulevard, Arlington, VA 22203.

(c) The Notice of Appeal must:

- (1) Briefly state why the Indian Tribe thinks the initial decision is wrong;
- (2) Briefly identify the issues involved in the appeal; and
- (3) State whether the Indian Tribe wants a hearing on the record, or

whether the Indian Tribe wants to waive its right to a hearing.

(d) The Indian Tribe must serve a copy of the notice of appeal upon the official whose decision it is appealing. The Indian Tribe must certify to the IBIA that it has done so.

(e) The authorized representative of the Secretary will be considered a party to all appeals filed with the IBIA under the Act.

(f) In lieu of filing an administrative appeal an Indian Tribe may proceed directly to Federal court pursuant to section 110 of the Act [25 U.S.C. 450m–1].

**§ 137.426 May an Indian Tribe get an extension of time to file a notice of appeal?**

Yes, if the Indian Tribe needs additional time, the Indian Tribe may request an extension of time to file its Notice of Appeal with the IBIA within 60 days of receiving either the initial decision or the recommended decision resulting from the informal conference. The request of the Indian Tribe must be in writing, and must give a reason for not filing its notice of appeal within the 30-day time period. If the Indian Tribe has a valid reason for not filing its notice of appeal on time, it may receive an extension.

**§ 137.427 What happens after an Indian Tribe files an appeal?**

(a) Within 5 days of receiving the Indian Tribe's notice of appeal, the IBIA will decide whether the appeal falls under § 137.415. If so, the Indian Tribe is entitled to a hearing.

(b) If the IBIA cannot make that decision based on the information included in the notice of appeal, the IBIA may ask for additional statements from the Indian Tribe, or from the appropriate Federal agency. If the IBIA asks for more statements, it will make its decision within 5 days of receiving those statements.

(c) If the IBIA decides that the Indian Tribe is not entitled to a hearing or if the Indian Tribe has waived its right to a hearing on the record, the IBIA will dismiss the appeal and inform the Indian Tribe that it is not entitled to a hearing or has waived its right to a hearing.

**§ 137.428 How is a hearing arranged?**

(a) If a hearing is to be held, the IBIA will refer the Indian Tribe's case to the Hearings Division of the Office of Hearings and Appeals of the U.S. Department of the Interior. The case will then be assigned to an Administrative Law Judge (ALJ), appointed under 5 U.S.C. 3105.

(b) Within 15 days of the date of the referral, the ALJ will hold a pre-hearing

conference, by telephone or in person, to decide whether an evidentiary hearing is necessary, or whether it is possible to decide the appeal based on the written record. At the pre-hearing conference the ALJ will provide for:

- (1) A briefing and discovery schedule;
  - (2) A schedule for the exchange of information, including, but not limited to witness and exhibit lists, if an evidentiary hearing is to be held;
  - (3) The simplification or clarification of issues;
  - (4) The limitation of the number of expert witnesses, or avoidance of similar cumulative evidence, if an evidentiary hearing is to be held;
  - (5) The possibility of agreement disposing of all or any of the issues in dispute; and
  - (6) Such other matters as may aid in the disposition of the appeal.
- (c) The ALJ shall order a written record to be made of any conference results that are not reflected in a transcript.

**§ 137.429 What happens when a hearing is necessary?**

- (a) The ALJ must hold a hearing within 90 days of the date of the order referring the appeal to the ALJ, unless the parties agree to have the hearing on a later date.
- (b) At least 30 days before the hearing, the Secretary must file and serve the Indian Tribe with a response to the notice of appeal.
- (c) If the hearing is held more than 50 miles from the Indian Tribe's office, the Secretary must arrange to pay transportation costs and per diem for incidental expenses to allow for adequate representation of the Indian Tribe.
- (d) The hearing shall be conducted in accordance with the Administrative Procedure Act, 5 U.S.C. 556.

**§ 137.430 What is the Secretary's burden of proof for appeals covered by § 137.415?**

As required by section 518 of the Act [25 U.S.C. 458aaa-17], the Secretary must demonstrate by clear and convincing evidence the validity of the grounds for the decision made and that the decision is fully consistent with provisions and policies of the Act.

The recommended decision must contain the ALJ's findings of fact and conclusions of law on all the issues. The recommended decision shall also state that the Indian Tribe has the right to object to the recommended decision.
