

Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<http://www.usitc.gov>). The public record for these investigations may be viewed on the Commission's electronic docket (EDIS-ON-LINE) at <http://dockets.usitc.gov/eol/public>.

SUPPLEMENTARY INFORMATION:

Background.—The final phase of these investigations is being scheduled as a result of affirmative preliminary determinations by the Department of Commerce that certain benefits which constitute subsidies within the meaning of section 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in Hungary of sulfanilic acid, and that such products from Hungary and Portugal are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). The investigations were requested in a petition filed on September 28, 2001, by Nation Ford Chemical Co., Fort Mill, SC.

Participation in the investigations and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in § 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.—Pursuant to § 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations,

provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Staff report.—The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on July 10, 2002, and a public version will be issued thereafter, pursuant to § 207.22 of the Commission's rules.

Hearing.—The Commission will hold a hearing in connection with the final phase of these investigations beginning at 9:30 a.m. on July 24, 2002, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before July 17, 2002. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on July 19, 2002, at the U.S. International Trade Commission Building. Oral testimony and written materials to be submitted at the public hearing are governed by §§ 201.6(b)(2), 201.13(f), and 207.24 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 days prior to the date of the hearing.

Written submissions.—Each party who is an interested party shall submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of § 207.23 of the Commission's rules; the deadline for filing is July 17, 2002. Parties may also file written testimony in connection with their presentation at the hearing, as provided in § 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of § 207.25 of the Commission's rules. The deadline for filing posthearing briefs is July 31, 2002; witness testimony must be filed no later than three days before the hearing. In addition, any person who has not entered an appearance as a party to the investigations may submit a written statement of information pertinent to the subject of the investigations on or

before July 31, 2002. On August 14, 2002, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before August 16, 2002, but such final comments must not contain new factual information and must otherwise comply with § 207.30 of the Commission's rules. In addition, parties may submit comments on Commerce's final determination with respect to sulfanilic acid from Portugal no later than three working days after Commerce's notice of final determination is published in the **Federal Register**. All written submissions must conform with the provisions of § 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means.

In accordance with §§ 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Authority: These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to § 207.21 of the Commission's rules.

Issued: May 16, 2002.

By order of the Commission.

Marilyn R. Abbott,
Secretary.

BILLING CODE 7020-02-P

INTERNATIONAL TRADE COMMISSION

Request for Information Concerning Draft Miscellaneous Tariff Legislation

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The United States International Trade Commission is seeking non-confidential general information from interested parties, including proponents, on approximately 400 pending bills proposing duty suspensions or other tariff modifications on imported goods, from among the total number of such bills already introduced (over 600). The Commission

regularly provides this information to the Committee on Ways and Means of the House of Representatives and to the Committee on Finance of the Senate, based on longstanding requests from the two Committees. These bills are under consideration for possible enactment later this year; many of them are covered by a recent press release issued by the Subcommittee on Trade of the Committee on Ways and Means (see <http://waysandmeans.house.gov/trade/107cong/tr-9.htm>). Because of the large number of bills introduced in recent weeks and the likely scheduling of Congressional proceedings for this summer, the normal Commission process for collecting and compiling this information is being suspended for the remainder of the 107th Congress, based on communications with the staffs of the two Committees. This notice is intended to advise interested parties of the introduction of these bills and to supplement the Commission's efforts to contact interested parties and collect the information needed by the two Committees.

EFFECTIVE DATE: To be useful to the Congress in its consideration, information is sought as soon as possible but not later than July 15, 2002.

ADDRESSES: A single copy of the information being supplied pursuant to this notice can be sent by facsimile transmission to the Office of Tariff Affairs and Trade Agreements, 202–205–2616. Information or questions on bills concerning chemicals, pharmaceuticals or related goods can be sent by electronic mail to David Beck, Nomenclature Analyst, at dbeck@usitc.gov or mailed to the Office of Tariff Affairs and Trade Agreements, United States International Trade Commission, Room 404-M, 500 E Street SW, Washington, DC 20436. Information or questions on other bills can be sent by electronic mail to Janis L. Summers, Esq., at jsummers@usitc.gov or mailed to Room 404-J at the above address.

FOR FURTHER INFORMATION CONTACT: David Beck, Nomenclature Analyst (202–205–2603); Janis L. Summers, Esq. (202–205–2605); or Eugene A. Rosengarden, Director, Office of Tariff Affairs and Trade Agreements (202–205–2592).

SUPPLEMENTARY INFORMATION: As indicated above, due to the volume of pending legislation and the likely scheduling of Congressional proceedings, the normal Commission process for collecting and compiling general information on miscellaneous tariff bills is being suspended for the remainder of the 107th Congress, based on communications with the staffs of

the two Congressional Committees. To expedite the collection of the information needed by the Committees, the Commission is posting a list of bills for which general information is being sought, indicating the subject of each bill, on its Internet site, www.usitc.gov (under "New and Notable"), and will be updating this list as additional bills are introduced. A link enabling users to obtain these bills over the Internet will be supplied as well. Persons without access to the Internet can contact the Office of Tariff Affairs and Trade Agreements (202–205–2592) to obtain copies of the list of bills under review or copies of individual bills. Information supplied to the Commission will be compiled for use by the Congress in its consideration of these bills; aggregate information on each bill will be made available to the Congress and to government agencies requested by Congress to evaluate each bill. While Commission analysts will be communicating directly with individual firms, it is requested that firms and other interested parties, particularly firms that may produce goods covered by pending bills in the United States, supply particular general information to ensure its availability to the Committees in a timely manner. Information need not be supplied on all of the above items but can be supplied to the Commission as it is available. Persons desiring to register support for or objections to particular bills should contact the relevant Congressional Committees directly so that such views are available to the Members as quickly as possible.

Accordingly, non-confidential information of the following general types is being sought for each bill, as appropriate to the bill's subject matter, and information may be supplied on any or all of these topics:

- (1) Chemical name of the product, if the proposed tariff provision contains only a trade or proprietary name; the Chemical Abstracts Service registry number, if missing from or incorrect in a bill dealing with a chemical product; and the Colour Index name, for chemical dyes and pigments;
- (2) Suggested changes in product description or in Harmonized Tariff Schedule of the United States classification, and basis therefor;
- (3) Estimated annual dutiable import levels (aggregate and for your firm) for each product covered by the bill for 2002 and each year of the bill's effective period or, if the proposal is for a permanent tariff change, through 2006;
- (4) Current, past, or future domestic production of each product covered by the bill by your firm and by other firms; if none, any efforts by your firm to

locate a domestic producer or reasons prohibiting domestic production (such as patent coverage);

(5) Estimated annual revenue loss (dutiable imports times applicable duty rate) for each product covered by the bill for 2002 and each year of the bill's effective period or, if the proposal is for a permanent tariff change, through 2006;

(6) Other recommended technical changes and information relevant to consideration of the bill.

Issued: May 16, 2002.

By order of the Commission.

Marilyn R. Abbott,

Secretary.
