(b) To request reconsideration, persons should clearly indicate that the communication is a Request for Reconsideration; should reference Section 515 of the Treasury and General Government Appropriations Act for Fiscal Year 2001; and should include a copy of the request for correction previously submitted to ONDCP and ONDCP's response. Resubmission should be made to the ONDCP Chief-of-Staff by mail using the contact information in Section II, paragraph (a), above. Requests for Reconsideration must be submitted within thirty (30) days of the date of ONDCP's notification to the requester of the disposition of the underlying request for correction.

(c) ONDCP's Chief-of-Staff will consider the request for reconsideration applying the standards and procedures set out in Section II, and will make a determination regarding the request. In most cases, the requestor will be notified of the determination and, if appropriate, the corrective action to be taken, within 60 days. ONDCP will give reasonable notice to affected persons of any corrections made.

Section IV. Definitions

(a) *Affected* persons are those who may benefit or be harmed by the disseminated information. This includes both: (1) Persons seeking to address information about themselves or about other persons to whom they are related or associated; and (2) persons who use the information.

(b) *Dissemination* means agency initiated or sponsored distribution of information to the public (see 5 CFR 1320.3(d) "Conduct or Sponsor"). Dissemination does not include distributions of information or other materials that are:

(1) Intended for government employees or agency contractors or grantees;

(2) Intended for U.S. Government agencies;

(3) Produced in responses to requests for agency records under the Freedom of Information Act, the Privacy Act, the Federal Advisory Committee Act or similar law;

(4) Correspondence or other communication limited to individuals or to other persons, within the meaning of paragraph 7, below; or

(5) Communications such as press releases, interviews, speeches, and similar statements.

Also excluded from the definition are archival records; public filings; responses to subpoena or compulsory document productions; or documents

prepared and released in the context of adjudicative processes. These guidelines do not impose any additional requirements on agencies during adjudicative proceedings and do not provide parties to such adjudicative proceedings any additional rights of challenge or appeal.

(c) *Influential*, when used in the phrase "influential scientific, financial, or statistical information," refers to disseminated information that ONDCP determines will have a clear and substantial impact on important public policies or important private sector decisions.

(d) *Information*, for purposes of these guidelines, including the administrative mechanism described in Sections II and III, above, means any communication or representation of facts or data, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual forms. This definition does not include:

(1) Opinions or policy, where the presentation makes clear that the statements are subjective opinions, rather than facts. Underlying information upon which the opinion or policy is based may be subject to these guidelines only if that information is published by ONDCP;

(2) Information originated by, and attributed to, non-ONDCP sources, provided ONDCP does not expressly rely upon it. Examples include: non-U.S. government information reported and duly attributed in materials prepared and disseminated by ONDCP; hyperlinks on ONDCP's website to information that others disseminate; and reports of advisory committees published on ONDCP's website;

(3) Statements related solely to the internal personnel rules and practices of ONDCP and other materials produced for ONDCP employees, contractors, or agents;

(4) Descriptions of the agency, its responsibilities and its organizational components;

(5) Statements, the modification of which might cause harm to the national security, including harm to the national defense or foreign relations of the United States;

(6) Statements of Administration policy; however, any underlying information published by ONDCP upon which a statement is based may be subject to these guidelines;

(7) Testimony or comments of ONDCP officials before courts, administrative bodies, Congress, or the media;

(8) Investigatory material compiled pursuant to U.S. law or for law enforcement purposes in the United States; or

(9) Statements which are, or which reasonably may be expected to become, the subject of litigation, whether before a U.S. or foreign court or in an international arbitral or other dispute resolution proceeding.

(e) *Integrity* refers to the security of information—protection of the information from unauthorized access or revision, to prevent the information from being compromised through corruption or falsification.

(f) *Objectivity* addresses whether disseminated information is being presented in an accurate, clear, complete, and unbiased manner, including background information where warranted by the circumstances.

(g) *Person* means an individual, partnership, association, corporation, business trust, or legal representative, an organized group of individuals, a regional, national, State, territorial, tribal, or local government or branch thereof, or a political subdivision of a State, territory, tribal, or local government or a branch of a political subdivision, or an international organization;

(h) *Quality* is an encompassing term comprising utility, objectivity, and integrity. Therefore, the guidelines sometimes refer these four statutory terms, collectively, as *quality*.

(i) *Utility* refers to the usefulness of the information to its intended users, including the public.

EXPORT-IMPORT BANK OF THE UNITED STATES
Financing or Operating Lease Coverage
Explanation of Application Form for Export Credit Insurance

THIS EXPLANATION IS GIVEN ONLY FOR THE PURPOSE OF ASSISTING YOU IN REVIEWING THE APPLICATION FORM. THE COMPLETE TERMS AND CONDITIONS OF COVERAGE ARE SET FORTH IN THE POLICY ITSELF. PLEASE NOTE THAT ALL UNDERLINED WORDS IN THIS EXPLANATION AND THE APPLICATION FORM ARE DEFINED IN THE POLICY.

INTRODUCTION - Two Types of Coverage: Operating and Financing Leases

The Export-Import Bank of the United States (Ex-Im Bank) has created two credit insurance policies for the leasing industry, one entitled Operating Lease Policy, and the other Financing Lease Policy. Each provides a unique system of coverage which is described below. It is important to know that the terms operating lease and financing lease are used herein as descriptive titles for the purposes of the policies only. Definitions of an operating lease, true lease, financing or full payout lease vary depending upon whether one is speaking in the context of accounting, taxes, commercial law, or international trade. These definitions do not affect your choice between the two Ex-Im Bank policies. The choice between the Operating Lease Policy or Financing Lease Policy depends upon the characteristic of the transaction. The Finance Lease Policy must be used if the transaction is essentially a conditional sale and the intent of the lessor is to transfer title at the end of the lease period. Usually there is no or little residual value. The Operating Lease Policy must be used if the transaction is not essentially a sale, but involves the rental concept (i.e, the lessor does not intend to transfer title to the lessee at the end of the lease period). Usually there is a significant residual value. All transactions which have residual value greater than or equal to 25% of the full value of the leased products must use the Operating Lease Policy.

The separation between the two types of coverage is due in part to the necessities of compliance with certain international agreements pertinent to medium-term sales. For those purposes, the financing lease is viewed as a medium-term sale and therefore an advance payment from the lessee to the lessor is required. An operating lease, however, which embodies the expectation of repossession of a leased product, which product may or may not have retained its expected market value, can be viewed by Ex-Im Bank as a rental and thereby can be underwritten by Ex-Im Bank without the imposition of an advance payment requirement.

Coverage is made available for leased products of United States origin as defined by the current underwriting guidelines. Used products may be covered. Refer to Ex-Im Bank's Fact Sheet on Used Equipment Guidelines EIB92-63. Lessors may be located in the United States, the country where the lessee is located, or a third country. Coverage is available for products which have been previously exported from the United States, however, products which have been exported as a sale or financing lease must be returned to the United States for at least one year to be eligible for coverage. Products which have been exported under an operating lease must also be returned to the United States but there is no minimum repatriation period required.

STRUCTURE OF EX-IM BANK'S FINANCING LEASE POLICY

Similar to the structure of a medium-term sale transaction, there is a requirement of a 15% advance payment from the lessee to the lessor (applicant/insured) on or before the delivery of the leased products. The advance payment may be financed. You can only insure the remaining 85% of the lease transaction.

Should the lessee default, coverage is provided for the insured percentage of each lease payment as it falls due until the end of the lease term. Coverage is usually provided at 100%. At the time of claim payment, the insured is obligated to transfer to Ex-Im Bank all remaining obligations of the lease, as well as title to the leased products. The coverage of lease payments as they become due remains effective regardless of failed repossession efforts for any reason or Ex-Im Bank's own

subsequent repossession of a leased product which has lost its market value.

STRUCTURE OF EX-IM BANK'S OPERATING LEASE POLICY

Coverage for Stream of Payments During Repossession Efforts - This policy divides coverage into two distinct parts, the first being for the stream of payments which fall due during a limited repossession efforts period after default of the lessee. Although the length of the repossession efforts period will be underwritten on a case-by-case basis, it will generally extend to cover those periodic and approved non-periodic payments which fall due during a maximum period of five months after the default. The intention of this first coverage is to maintain the insured's stream of payments while he takes action to repossess the leased products. Coverage for the stream of payments is usually provided at 100% for sovereign lessees and 90% for all others.

Coverage for Governmental Prevention of Repossession - If the insured has elected to purchase this coverage and is unable to effect repossession during the repossession efforts period, he may then claim under Risk 5 coverage, but only if repossession is prevented by the type of government action specifically described under Risk 5 of the Operating Lease Policy. Generally, those risks are referred to as expropriation or confiscation. Coverage will be limited to the actions of the governments of those countries which the insurer agrees to specify in the declarations. A failure of the insured to effect repossession for reasons other than those specified in Risk 5 is not covered. Note that the valuation of coverage under Risk 5 is the fair market value of the leased products at the time of claim submission. The coverage percentage under Risk 5 is 100%.

POLICY ISSUANCE

Both the Operating Lease Policy and Financing Lease Policy are of the single transaction type, meaning that a separate policy is issued for each separate lease you insure with Ex-Im Bank. Upon the review and approval of your application, Ex-Im Bank will issue a commitment notice for 90 days, reflecting the coverage parameters, including the credit limits and premium due, for your lease transaction. The policy is issued once you pay the applicable premium which is due prior to the expiration of the commitment notice.

The Operating Lease Policy offers "limits" type coverage:

Under Risks 1, 2, 3, 4 on the stream of payments, you may purchase an amount of insurance up to the credit limit which Ex-Im Bank has approved, or less, if you deem it appropriate. Ex-Im Bank's maximum claim payment for these risks would be the insured percentage of the loss up to the lesser of the actual amount of the limited number of periodic and non-periodic payments specified in the policy declarations or the coverage credit limit you have purchased.

In a similar manner, for Risk 5, you may purchase an amount of insurance up to the credit limit which Ex-Im Bank approves, or less if you desire, to cover the value of the leased products should their repossession after a default be prevented by one of the forms of governmental intervention set forth in the policy. Under Risk 5, the claim payment would be the insured percentage of the fair market value at the time of claim, but limited by the credit limit of coverage you have purchased.

Note that prior to the time of policy issuance you must make the final decision on your credit limits, taking into consideration whatever factors you choose, including the possibilities that a default and prevention of repossession

may occur very early during the life of the lease.

Under the Financing Lease Policy, Ex-Im Bank's maximum claim payment for Risks 1, 2, 3, 4 would be the insured percentage of the amount of the insured's loss on approved non-periodic payments and on the principal and covered interest of each actual periodic payment as set forth on the schedule in the policy declarations.

FURTHER POINTS OF CLARIFICATION

- o Ex-Im Bank coverage under both the Operating and Financing Lease Policies is available for both the rental portion of the lease, which is referred to as periodic payments, and also other non-rental type payments, referred to as approved non-periodic payments. Periodic payments must be due from the lessee to the insured under the lease at equal time periods, but the amounts of such payments may be unequal.
- o The concept of a non-periodic payment is intended to include those payments which are obligations of the lessee under the lease, but for which payment is due upon the occurrence of certain specified contingencies other than the passage of equal periods of time. Such obligations might include service or maintenance payments payable by the lessee to the insured lessor. If such non-periodic payments are payable to a third party, however, they can be insured only if the lease contains an obligation of the lessee to reimburse the insured if such payments are not made to the third party by the lessee when due and are instead made by the insured. Your application for coverage of such non-periodic payments will be underwritten by Ex-Im Bank, and a credit limit will be entered for each approved non-periodic payment.
- o Both policies require that the lease documentation set forth certain obligations. Before Ex-Im Bank can realistically underwrite a transaction, it is usually necessary to review at least a draft of the lease documentation prepared for the transaction you wish to insure. That draft should be as complete as possible when submitted.

Fees for bank, legal, or other technical services, may be financed, see Financing of Fees for Ancillary Services EBD-M-13

Ex-Im has cooperative agreements with some foreign export credit agencies like itself. Ex-Im may be able to provide full support for goods and services which do not meet the domestic content requirements if the foreign content is from one of those nations and there is no other U.S. competition. Ex-Im's Reinsurance Questionnaire Attachment H to EIB95-10 will be required. See Cooperative Insurance Agreements with Foreign Export Credit Agencies (ECAs) EIB99-11.

Capital equipment used to manufacture/produce **exportable goods**, including agricultural commodities, from the country of importation will require a detailed description including changes in the level of production.

6. The **PAYMENT TERMS** to be insured are a maximum of 5 years and will be determined by the details of the transaction or credit including price, buyer, borrower, guarantor, goods, services and use. Sales to dealers, distributors or others for **resale** are limited to 2 years. Some exceptions, such as, sales of certain aircraft or to match confirmed foreign government supported competition, may be eligible for up to 7 years. "Grace" periods and "balloon" payments are **not allowed**. Further details may be found in Ex-Im Bank Standard Repayment Terms EBD-M-26. **EXPORTER'S SUPPLY CONTRACT** **MAXIMUM TERM**

less than \$80,000	2 years
\$80,000 - less than \$175,000	3 years
\$175,000 - less than \$350,000	4 years
\$350,000 or more	5 years

The **NET CONTRACT PRICE** is the amount to be shown in the exporter's invoice related to the goods and services to be exported and services to be performed by U.S. based personnel. If there is more than one exporter or supplier under a transaction, the Net Contract Price is the sum of the Net Contract Price specified in each of the exporter's or supplier's Exporter's Certificates EBD-M-56. The Net Contract Price **includes** eligible foreign content but **excludes** local costs. Shipping and insurance charges may be included in the Net Contract Price but, if from a foreign source, are considered part of eligible foreign content. Ancillary service fees may be included in the Net Contract Price if approved by Ex-Im Bank. The term "Net Contract Price" as used in the Exporter's Certificate, has the same meaning as the term "contract price" as used in medium term policies.

The **FINANCED/INSURED PORTION** of the contract price is the amount left after a **required minimum 15% cash payment** due prior to delivery or, for bank policyholders, funding. The cash payment may be financed separately, but is not included in the financed/insured portion.

The **FINANCED/INSURED PORTION** may not be more than the **lesser of**:

- **\$10 million**, excluding interest and the premium; or
- **85% of the Net Contract Price**; or
- the **U.S. content** of the Exporter's Supply Contract.

The premium may be included in the insured financed amount without paying "premium on premium." This will increase the premium rate (see the Ex-Im website Exposure Fee Calculator).

The **STARTING POINT** of the payment obligation and corresponding first installment are determined by the shipment date(s), installation period (if any), consolidation of notes, and frequency of payments. See Guidelines for Starting Points EIB99-16. For semi-annual payments after a single shipment without installation, the starting point is the shipment date and the first installment is due within 6 months.

7. The **BORROWER, GUARANTOR, BUYER and END-USER** must be foreign entities in **COUNTRIES** for which Ex-Im is able to provide support, see Ex-Im's **Country Limitation Schedule (CLS)** at www.exim.gov. There may not be trade sanctions in force against them. For a list of products and countries with Anti-Dumping or Countervailing Duty sanctions see <http://205.197.120.60/oinv/sunset.nsf/AllDocID/96DAF5A6C0C5290985256A0A004DEE7D>. There may not be trade measures against them under Section 201 of the Trade Act of 1974, see <http://dockets.usitc.gov/eol/public/> click on 201. You may call Ex-Im Bank's Policy and Planning Division at 202-565-3770 for details. Also, see Part 3 of the application and EBD-M-39 for **credit information** required.

A **GUARANTOR** may be required when the borrower is not creditworthy or under certain other circumstances. See EBD-M-39. For example: guarantors are **required** for the **primary source of repayment (PSR)**, which may be **either** the borrower **or** guarantor, under the following circumstances:

- if the PSR is a "start-up" company;
 - if the ability of the PSR to pay the debt depends on cash flow from an expansion or new line of business (see EBD-M-39, Part II for exceptions to this requirement on transaction of \$1 million or more);
 - if more than 25% of PSR sales are **to** or **from** a related/commonly owned company, its guarantee is required;
 - if the PSR is a private, non-financial institution with sales revenue of less than U.S. \$50 million, the insurance requires the personal guarantee of:
 - an owner holding at least 50%, **or**
 - if no individual has a majority position, of any owner(s) holding 20% or more. This requirement is not applicable when no individual holds at least 20%, however a guarantor may still be required.
8. Ex-Im has published **MEDIUM TERM CREDIT STANDARDS, EBD-M-39**, in order to expedite service. Transactions meeting all of the standards have a high probability of being favorably considered, absent any unusual circumstances.
- PART I**, transactions of up to and including \$1 million - describes the standards and what can be done if they are not met.
- PART II**, transactions of greater than \$1 million, up to and including \$5 million - describes the standards and what can be done if they are not met.
- PART III**, transactions of greater than \$5 million - describes the standards and under what circumstances **required supplemental financial information in Attachment C** of EBD-M-39 must be provided.

Applicants are **encouraged to review the standards**. Applicants should determine if transactions of up to and including \$5 million conform to standards and submit calculations showing the standards are met or provide the additional information described therein when standards are not met. This will **significantly reduce the time** to process the application.

INSURANCE COVER offered:

1. Sales must be to a single or to "joint and several" borrower(s). There are **no medium term "multi-buyer"** policies, except those issued on bank-to-bank lines. Applicants may request cover for:
 - Single sale, single shipment** transactions with or without installation by the exporter;
 - Single sale, multiple shipments** transactions, with or without installation by the exporter;
 - Repetitive sales** under a line of credit extended by a financial institution or exporter to a buyer, or sales by multiple exporters to multiple buyers under a medium term line of credit from one bank to another.

Applicants will receive a time sensitive binding Commitment from Ex-Im to issue single shipment insurance if approved. Multiple shipment and repetitive sales policies are automatically issued if approved and have a final shipment date. Applicants, their brokers or city/state participants are typically advised by a facsimile letter of decisions to approve, deny or require additional information on applications.
2. **COVERAGE:** Applicants may request:
 - COMPREHENSIVE cover** against all the commercial (including devaluation) and political (excluding devaluation, including transfer/inconvertibility) risks specified in the policy which may cause default, **or**
 - POLITICAL risks cover** only.

Transactions with **sovereign** buyers or guarantors (those offering the full faith and credit of the country of importation) receive comprehensive cover. Applicants related to the borrower will receive political risks cover only.

3. **PRE-SHIPMENT:** Applicants may also request pre-shipment cover against certain commercial and political events which may cause the transaction to fail prior to shipment. However, this does not include cover against contract cancellation. Pre-shipment insurance cover may not be combined with an Ex-Im Direct Loan. A minimum 5% cash payment is required at contract signing or before the effective date of pre-shipment cover. If the CLS requires that a letter of credit be used for the payment, the letter of credit must be issued in order for pre-shipment cover to be in effect. Applicants may also request cover for **progress payments** if such payments are for goods and services to be delivered, see Ex-Im Bank Fact Sheet EIB01-04.
4. **PERCENTAGE OF COVER:** The cover is on **100%** of the principal and interest of the insured loan. Post default interest is covered at 100% of the original rate of interest and only if it is specified in the note. Interest is covered until the date of claim payment or 270 days after default, whichever is earlier. There is a 180 day waiting period to file claims due to commercial risk defaults other than insolvency. There is no waiting period for claims resulting from insolvency or political risk defaults.
5. **CONDITIONALITY:** Insurance is a conditional risk protection product which requires the insured to provide evidence of conformance to the insurance contract (policy) by submission of documents at the time a claim is filed. Insureds are required to report borrowers who are 60 days past due. Single sale, single shipment policies require **PAYMENT OF PREMIUM** prior to shipment. Multiple shipment and repetitive sales policies require insured exporters to pay premium by the 15th day after the end of the month in which shipment takes place. Insured bank premiums are due by the 30th day after the end of the month in which financing takes place. Claims must be filed **within 240 days** after a default.
6. **ASSIGNMENTS:** The insurance policy may be assigned by an insured exporter to a financial institution. Financial institutions receive a "documentary" assignment which provides significant protection against both a foreign debtor's default and the risk of non-conformance to the policy by the insured exporter. Insured financial institutions will receive a documentary policy providing the same type of cover as the assignment. Financial institutions may sell insured promissory notes but may not assign the proceeds of the policy.
7. **EXCLUSIONS:** Applicants and potential assignees should read the policy text, declarations, endorsements and special conditions carefully. Exclusions for policies issued to exporters, in addition to those already mentioned, typically include: loss due to the fault of the insured; product disputes unless settled in favor of the exporter; and losses insurable under American Institute of Marine Underwriter's War Risks and Strikes, Riots and Civil Commotion Clauses insurance. The documentary assignment and policy eliminate such exclusions for a financial institution.
