#### Vartec CRM, Incorporated, Waco, TX; Notice of Negative Determination Regarding Application for Reconsideration

By application of March 14, 2002, the petitioner, requested administrative reconsideration of the Department's negative determination regarding eligibility for workers and former workers of the subject firm to apply for Trade Adjustment Assistance (TAA). The denial notice was signed on February 19, 2002 and published in the **Federal Register** on February 28, 2002 (67 FR 9324).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a mis-interpretation of facts or of the law justified reconsideration of the decision.

The petition, filed on behalf of workers at Vartec CRM, Incorporated, Waco, Texas engaged in providing customer relations management was denied because the workers did not produce an article within the meaning of Section 222(3) of the Act.

The petitioner alleges that the subject plant workers manufactured a product and refers to the product as information.

The activities of the customer relations management workers of providing information does not qualify as an article of production, but is considered a service function.

The subject workers do not produce an article within the meaning of Section 222(3) of the Act.

#### Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed at Washington, DC, this 9th day of May, 2002.

#### Xerox Corporation (SOHO) Small Office/Home Office Division Canandaigua, NY and Farmington, NY; Notice of Negative Determination Regarding Application for Reconsideration

By application April 8, 2002, the Union of Needletrades, Industrial & Textile Employees, Local 2541 requested administrative reconsideration of the Department's negative determination regarding eligibility to apply for Trade Adjustment Assistance (TAA), applicable to workers and former workers of the subject firm. The denial notice was signed on March 8, 2002, and published in the **Federal Register** on March 29, 2002 (67 FR 15226).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) if it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) if in the opinion of the Certifying Officer, a mis-interpretation of facts or of the law justified reconsideration of the decision.

The petition for the workers of Xerox Corporation, (SOHO) Small Office/ Home Office Division, Canandaigua, New York (TA-W-40,405) and Xerox Corporation, (SOHO) Small Office/ Home Office Division, Farmington, New York (TA-W-40,405A) was denied because the "contributed importantly" group eligibility requirement of Section 222(3) of the Trade Act of 1974, as amended, was not met. The "contributed importantly" test is generally demonstrated through a survey of customers of the workers' firm. The survey revealed that none of the respondents increased their purchases of imported print heads or ink tanks.

The petitioner states that the ink tanks and print heads made in the United States are shipped overseas and boxed with ink jet printers that were manufactured in foreign countries. The boxed jet printer, which includes the ink tank and print head were then imported to the United States.

The petitioner also states that the Department should examine competitor's imports of ink jet printers.

The importing of a boxed ink jet printer with the ink tanks and print head included is not "like or directly competitive" with the product produced (print heads or ink tanks) by the subject firm.

### Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed at Washington, DC this 14th day of May 2002.

## NUCLEAR REGULATORY COMMISSION

### Advisory Committee on Nuclear Waste; Notice of Amendment of Charter

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** This notice is to announce the amendment of the Charter of Advisory Committee on Nuclear Waste (ACNW).

**SUPPLEMENTARY INFORMATION:** The U.S. Nuclear Regulatory Commission (NRC) is planning to amend the Charter for the Advisory Committee on Nuclear Waste. The changes in the Charter wording are intended to more accurately reflect the Committee's current efforts, as well as prospective activities noted in its Action Plan. The changes recognize the wide range of activities undertaken by the Committee in materials-related issues of interest to the Commission. This action

is being taken in accordance with the Federal Advisory Committee Act, after consultation with the Committee Management Secretariat, General Services Administration.

Under the amended charter the Committee's objectives, scope of activities and duties are as follows: (underlined material added, strikeout deleted.)

The Committee shall report to and advise the Nuclear Regulatory Commission (NRC) on nuclear *materials and* waste management. The bases of ACNW reviews include 10 CFR parts 20, 40, 50, 60, 61, 63, 70, 71 and 72, and other *closely related* regulations and legislative mandates. In performing its work, the Committee will examine and report on those areas of concern referred to it by the Commission and may undertake studies and activities on its own initiative, as appropriate. Emphasis will be on protecting the public health and safety in the disposal of nuclear waste *and the handling and processing of nuclear materials*. The Committee will undertake studies and activities related to nuclear *materials and* waste management such as transportation, storage and disposal facilities, the effects of low levels of ionizing radiation, decommissioning, materials safety, application of risk-informed, performance-based regulations, and evaluation of licensing documents, rules and regulatory guidance. The Committee will interact with representatives of the public, NRC, ACRS, other Federal agencies, State and local agencies, Indian Tribes, and private, international and other organizations as appropriate to fulfill its responsibilities.
