

NEPA for the preparation of the EIS/EIR and the California Board of Corrections will be preparing the EIS/EIR under a provision of NEPA that allows an agency of statewide jurisdiction with responsibility for the proposed action (pursuant to the VOI/TIS grant) to prepare an EIS. The County of Alameda will be the lead agency under CEQA for the preparation of the EIS/EIR for the Juvenile Justice Facility and related projects as appropriate. The related projects include the East County Hall of Justice and the County Office projects at the East County Government Center in Dublin.

Alternatives

A Notice of Intent for this project was published in the **Federal Register** on January 15, 2002. That NOI identified a proposed project site in Dublin, California, and stated that additional alternative sites could be identified during the environmental review process. The County of Alameda has since identified several other potentially feasible alternative sites for the Juvenile Justice Facility. The original site and the additional alternative sites now being considered are described below.

No Action/No Project: The EIS/EIR will consider the No Action/No Project Alternative, as required by NEPA and CEQA. Under such a scenario, the existing Juvenile Hall and associated support facilities would remain in their present locations and no expansion or major improvements would occur.

East County Government Center Site: The County of Alameda owns a vacant 40-acre site, known as the East County Government Center site, located at the northern terminus of Hacienda Drive in Dublin, California. The proposed Alameda County Juvenile Justice Facility project could be one component of that Government Center. Other projects on that site could include a new Hall of Justice (including 15 to 19 adult courts and related functions in a 250,000 square-foot building) and other County offices (approximately 200,000 square feet).

Pardee & Swan Site: The Port of Oakland owns a vacant 34-acre property at the northern terminus of Pardee Drive at Swan Way in Oakland, California. If the County were to acquire this site, it could develop a Juvenile Justice Facility similar to the plan for the East County Government Center site in Dublin. Existing juvenile justice facilities in Oakland would be vacated, the existing facility in San Leandro would be demolished, and all of the County's juvenile justice functions would be consolidated to this location.

Glenn Dyer Detention Center: This site is a half-block area in downtown Oakland, located at 550 Sixth Street. It is currently occupied by the County's North County Jail for adults (also known as the Glenn Dyer Detention Facility). This facility will be closing in the coming months; therefore, the County is exploring the possibility of converting the eight-story facility into a juvenile detention center. The facility would not accommodate all of the planned court and office support functions, so some of the existing juvenile justice functions in downtown Oakland would remain at their current locations. The existing functions in San Leandro would be relocated to downtown Oakland and that existing facility would be demolished.

Existing San Leandro Property: This 80-acre site is located at 2200 Fairmont Drive in San Leandro, California. It is presently occupied by the existing Juvenile Hall, a day facility, and two detention camps. A new detention center, courts, administration, and other functions could be developed in an area that is currently occupied by one of the juvenile camps. The site conditions present certain constraints that could limit the size of the facility. Existing office and court uses in Oakland would be relocated to the new facility, and the existing Juvenile Hall would be demolished if this alternative were implemented.

Size Variations: At any of the alternative sites described above, the County could develop a Juvenile Justice Facility that would accommodate fewer or more detainees. As the number of detainees changes, so would the number of courts and other associated functions and spaces, though not in strict proportion to the number of beds. The EIS/EIR will consider a range of sizes, from 330 beds (approximately the same size as the existing facility in San Leandro) to 540 beds (based on projections contained in the County's Needs Assessment and grant application).

Additional Alternative: In addition to the Juvenile Justice Facility alternatives described in this NOI, the County of Alameda will be evaluating an alternative site for the proposed East County Hall of Justice as part of the EIR under its CEQA responsibilities. That site, known as the Transit Center Site, comprises 20 acres of land on two parcels located at Arnold Road and Dublin Blvd. in the City of Dublin, California. The two vacant properties could be used separately or in combination for the development of a

15- to 19-court building, parking, and plaza areas.

Deborah Daniels,

Assistant Attorney General.

DEPARTMENT OF JUSTICE

Office of Justice Programs

[OJP(OJP)-1345]

Notice of Intent to Prepare an Environmental Impact Statement For The Expansion of a Juvenile Hall in Sacramento County, California

AGENCY: Office of Justice Programs, Justice.

ACTION: Notice of intent (NOI).

SUMMARY: Pursuant to the requirements of the National Environmental Policy Act (NEPA), codified at 42 U.S.C. 4321 *et seq.*, the U.S. Department of Justice, Office of Justice Programs, Corrections Program Office (OJP/CPO) announces the Notice of Intent (NOI) for the preparation of an EIS for the Expansion of a Juvenile Hall in Sacramento County, California. The construction and operation of the Juvenile Hall is being proposed by Sacramento County, which is applying for OHP/CPO grants funds obtained by the California Board of Corrections (BOC) through the Violent Offender Incarceration/Truth-in-Sentencing (VOI/TIS) Incentive Grants Program. This project is subject to NEPA review because it may be funded in part with federal funding available under the VOI/TIS Grant Program.

DATES: During the preparation of the draft EIS there will be opportunities for public involvement in order to determine the issues to be examined. Two public scoping meetings will be held on July 9, 2002. The first meeting will be held from 2-4 p.m. in the 5th Floor Training Room at 800 H Street, Sacramento California. The second meeting will be held from 6-8 p.m. in the Assembly Room at 4100 Traffic Way, Sacramento, California.

The meetings will be held to solicit input on the scope of the EIS to be conducted, and to identify significant issues related to the proposed action. The purpose of the agency Scoping Meetings will be to gather comments from interested and affected agencies, and the public. Maps and information on the proposed action will be available at the meetings. The scoping meetings are being held for individuals to formally express their views on the proposed action and to identify those

environmental issues or concerns with respect to implementation of the proposed action and its alternatives so that these issues can be analyzed in depth in the EIS. Community input will be solicited throughout this process, and community comments will be incorporated into the decision-making process.

FOR FURTHER INFORMATION CONTACT:

Public notice will be given concerning the availability of the draft EIS for public review and comment. Questions concerning the proposed action and the draft EIS may be directed to: Jill Young, Environmental Coordinator, Corrections Program Office, Office of Justice Programs, U.S. Department of Justice, 810 7th Street, NW., Washington DC 20531, Telephone: 202.307-3914, Telefacimile 202.307-2019, or Michael A. Houghtby, Field Representative, State of California Board of Correction, Corrections Planning and Programs Division, 600 Bercut Drive, Sacramento, CA 95814, Telephone: 916.322-7085, Telefacimile: 916.445.5796, or Antonia Barry, Department of Environmental Review and Assessment, County of Sacramento, 827 7th Street, Sacramento, CA 95814, Telephone: 916.874-6990, Telefacimile: 916.874-8343.

SUPPLEMENTARY INFORMATION:

Proposed Action

Sacramento County is proposing to expand and operate its Juvenile Hall to better serve the community and the existing and future juvenile justice populations. The need for this action is based on the conditions of the existing juvenile justice facilities, additional space requirements needed to accommodate projected growth rates in the at risk youth population that will enter the juvenile justice system, and the County's desire to increase efficiency by expanding the existing facility rather than fragmenting the facilities to different locations. The Proposed Action would include the construction of two 30-bed housing units within the existing footprint, a 30-bed housing unit adjacent to the existing building, security modifications, a new visitor's center, a central plant expansion, classroom, dayroom and exam room additions, expansion of food service, laundry, staff dining and training rooms, expansion of the warehouse and a new space for the relocation of the intake/release function.

The project also allows for the future construction of 8 podular designed sleeping rooms, each consisting of 30 beds, for a total of 240 additional beds. These additional beds would be constructed sometime within the next

15 years, when funds become available and after the initial construction of the 90 beds described above.

Alternatives

The draft EIS will address the potential impacts of the 'no action' alternative, and one or more alternatives involving the construction of the proposed expansion at the existing site.

Tracy A. Henke for Deborah J. Daniels,
Assistant Attorney General.

ADS Machinery Corp., Warren, Ohio; Notice of Termination of Investigation

Pursuant to section 221 of the Trade Act of 1974, an investigation was initiated on January 28, 2002 in response to a worker petition, which was filed on behalf of workers at ADS Machinery Corp., Warren, Ohio.

The petitioning group of workers are subject to an ongoing investigation for which a determination has not yet been issued (TA-W-41,119). Consequently, further investigation in this case would serve no purpose, and the investigation has been terminated.

Signed in Washington, DC this 29th day of May, 2002.

Linda G. Poole,
Certifying Officer, Division of Trade Adjustment Assistance.

Agilent Technologies, Roseville, California; Notice of Termination of Investigation

Pursuant to section 221 of the Trade Act of 1974, an investigation was initiated on February 4, 2002, in response to a petition filed on behalf of workers at Agilent Technologies, Roseville, California.

The investigation revealed that one of the three petitioners was not an employee of the Roseville, California plant. Only a company official or authorized representative such as a

union representative may submit a Trade Adjustment Assistance petition for more than one location of a company.

Consequently further investigation in this case would serve no purpose, and the investigation has been terminated.

Signed in Washington, DC, this 6th day of May, 2002.

Linda G. Poole,
Certifying Officer, Division of Trade Adjustment Assistance.

Alox Corporation, Niagara Falls, New York; Notice of Termination of Investigation

Pursuant to section 221 of the Trade Act of 1974, an investigation was initiated on April 1, 2002 in response to a petition that was filed by a company official on behalf of workers at Alox Corporation, Niagara Falls, New York.

The date of the petition is March 4, 2002. In accordance with section 223(b) of the Act, no certification may apply to any worker whose last total or partial separation from the subject firm occurred before March 4, 2001, one year prior to the date of the petition. The company official reported that in March 2000 the company was sold, at which time the workers were separated from employment with Alox Corporation.

Consequently, further investigation in this case would serve no purpose, and the investigation has been terminated.

Signed in Washington, DC, this 15th day of May, 2002.

Linda G. Poole,
Certifying Officer, Division of Trade Adjustment Assistance.
