INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-1010 (Preliminary)]

Lawn and Garden Steel Fence Posts From China**Determinations**

On the basis of the record ¹ developed in the subject investigation, the United States International Trade Commission determines,² pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. § 1673b(a)) (the Act), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports from China of U-shaped or hat-shaped lawn and garden fence posts made of steel and/or any other metal, weighing one pound or less per foot, provided for in subheading 7326.90.85 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (LTFV).

On the basis of the record developed in the subject investigation, the Commission also determines,³ pursuant to section 733(a) of the Act, that there is no reasonable indication that an industry in the United States is materially injured or threatened with material injury, or that the establishment of an industry in the United States is materially retarded, by reason of imports from China of other fence posts made of steel and/or other metal including tee, farm, and sign posts weighing one pound or less per foot, provided for in subheading 7326.90.85 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at LTFV.

Commencement of Final Phase Investigation

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigation. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules, upon notice from the Department of Commerce of an affirmative preliminary determination in the investigation under section 733(b) of the Act, or, if the preliminary determination is negative, upon notice of an affirmative final determination in

that investigation under section 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigation need not enter a separate appearance for the final phase of the investigation. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigation.

Background

On May 1, 2002, a petition was filed with the Commission and Commerce by Steel City Corporation, Youngstown, OH, alleging that an industry in the United States is materially injured or threatened with material injury by reason of LTFV imports of lawn and garden steel fence posts from China. Accordingly, effective May 1, 2002, the Commission instituted antidumping duty investigation No. 731-TA-1010 (Preliminary).

Notice of the institution of the Commission's investigation and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of May 8 (67 FR 30963, May 8, 2002). The conference was held in Washington, DC, on May 22, 2002, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determination in this investigation to the Secretary of Commerce on June 17, 2002. The views of the Commission are contained in USITC Publication 3521 (June 2002), entitled *Lawn and Garden Steel Fence Post from China: Investigation No. 731-TA-1010* (Preliminary).

By order of the Commission.

Issued: June 18, 2002.

Secretary.

BILLING CODE 4410-15-M

DEPARTMENT OF LABOR

Employment and Training Administration

Notice of Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance and NAFTA Transitional Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974, as amended, the Department of Labor herein presents summaries of determinations regarding eligibility to apply for trade adjustment assistance for workers (TA-W) issued during the period of June 2002.

In order for an affirmative determination to be made and a certification of eligibility to apply for worker adjustment assistance to be issued, each of the group eligibility requirements of section 222 of the Act must be met.

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated,

(2) that sales or production, or both, of the firm or sub-division have decreased absolutely, and

(3) that increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have contributed importantly to the separations, or threat thereof, and to the absolute decline in sales or production.

Negative Determinations for Worker Adjustment Assistance

In each of the following cases the investigation revealed that criterion (3) has not been met. A survey of customers indicated that increased imports did not contribute importantly to worker separations at the firm.

TA-W-39,646; *L.B. Foster Co., Pomeroy, OH*

TA-W-40,533; *Froedtert Malting, A Div. Of International Malting Co LLC, Milwaukee, WI*

TA-W-41,088; *Crompton and Knowles Colors, Inc., Reading, PA*

TA-W-41,537; *AmeriSteel Corp., Dust Processing Div., Jackson, TN*

TA-W-41,143; *Liebert Corp., Delaware, OH: "All workers who are engaged in the production of surge suppressors are denied eligibility to apply for adjustment assistance"*

In the following cases, the investigation revealed that the criteria for eligibility have not been met for the reasons specified.

The workers firm does not produce an article as required for certification under Section 222 of the Trade Act of 1974.
