

NMFS, through another notification in the **Federal Register**. The restrictions, both mandatory and voluntary, will be announced to state officials, fishermen, Atlantic Large Whale Take Reduction Team (ALWTRT) members, and other interested parties through e-mail, phone contact, NOAA website, and other appropriate media immediately upon filing with the **Federal Register**.

Classification

In accordance with section 118(f)(9) of the MMPA, the AA has determined that this action is necessary to implement a take reduction plan to protect North Atlantic right whales.

This action falls within the scope of alternatives and impacts analyzed in the Final EA prepared for the ALWTRP's DAM program. Further analysis under the National Environmental Policy Act (NEPA) is not required.

Providing prior notice and an opportunity for public comment on this action would prevent NMFS from executing its functions to protect and reduce serious injury and mortality of endangered right whales. To meet the goals of the DAM program, the agency needs to be able to create a DAM zone and implement restrictions on fishing gear as soon as possible once the criteria are triggered and NMFS determines that a DAM restricted zone is appropriate. The criteria were triggered with respect to this rule on June 18, 2002. If NMFS were to provide notice and an opportunity for public comment prior to the creation of a DAM restricted zone, the aggregated right whales would be vulnerable to entanglement which could result in serious injury and mortality. Therefore, pursuant to 5 U.S.C. 553(b)(B), the AA finds that good cause exists to waive notice and an opportunity to comment on this action to implement a DAM restricted zone to reduce the risk of entanglement of endangered right whales in commercial lobster trap and anchored gillnet gear as such procedures would be impracticable.

For the same reasons, the AA finds that, under 5 U.S.C. 553(d)(3), good cause exists to waive the 30-day delay in effective date. If NMFS were to delay for 30 days the effective date of this action, the aggregated right whales would be vulnerable to entanglement which could result in serious injury and mortality. Nevertheless, NMFS recognizes the need for fishermen to have time to remove their gear from a DAM zone once one is approved. Thus, NMFS makes this action effective beginning at 0001 hours July 1, 2002, through 2400 hours July 15, 2002. NMFS will also endeavor to provide

notice of this action to fishermen through other means as soon as possible.

NMFS determined that the regulations establishing the DAM program and actions such as this one taken pursuant to those regulations are consistent to the maximum extent practicable with the enforceable policies of the approved coastal management program of the U.S. Atlantic coastal states. This determination was submitted for review by the responsible state agencies under section 307 of the Coastal Zone Management Act. Following state review of the regulations creating the DAM program, no state disagreed with NMFS' conclusion that the DAM program is consistent to the maximum extent practicable with the enforceable policies of the approved coastal management program for that state.

The DAM program under which NMFS is taking this action contains policies with federalism implications warranting preparation of a federalism assessment under Executive Order 13132. Accordingly, in October 2001, the Assistant Secretary for Intergovernmental and Legislative Affairs, DOC, provided notice of the DAM program to the appropriate elected officials in states to be affected by actions taken pursuant to the DAM program. Federalism issues raised by state officials were addressed in the final rule implementing the DAM program. A copy of the federalism Summary Impact Statement for that final rule is available upon request (see **ADDRESSES**).

This rule has been determined to be not significant under Executive Order 12866.

Authority: 16 U.S.C. 1361 *et seq.* and 50 CFR 229.32(g)(3)

Dated: June 26, 2002.

[Docket No. 020620154-2154-01; I.D. 052902A]

RIN 0648-AQ10

Fisheries of the Exclusive Economic Zone Off Alaska; Change of the Name of the Salmon Fisheries Management Plan

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Technical correction.

SUMMARY: NMFS is correcting the title of the Fishery Management Plan for the Salmon Fisheries in the Exclusive Economic Zone (EEZ) off Alaska (FMP). This action is necessary to make the name of the FMP in Federal regulations consistent with the actual name of the FMP as approved by the Secretary of Commerce (Secretary). The intended effect of this action is regulatory consistency, and it will have no effect on any person fishing in the EEZ for any species.

DATES: Effective on July 31, 2002.

FOR FURTHER INFORMATION CONTACT:

Patsy A. Bearden, 907-586-7228.

SUPPLEMENTARY INFORMATION: Salmon fisheries in the EEZ off Alaska are managed pursuant to the FMP prepared by the North Pacific Fishery Management Council (Council) and approved and implemented by the Secretary under authority of the Magnuson-Stevens Fishery Conservation and Management Act. The original title of the salmon FMP was the "Fishery Management Plan for the High Seas Salmon Fishery off the Coast of Alaska East of 175 Degrees East Longitude."

Over time, the international regime affecting salmon fisheries changed and the Council revisited its salmon management policies. In 1989, the Council adopted an amendment to the FMP (Amendment 3) which, among other things, changed the title of the FMP to, "Fishery Management Plan for the Salmon Fisheries in the EEZ off the Coast of Alaska." The Secretary approved Amendment 3 to the FMP in 1990, and published implementing rules on November 15, 1990 (55 FR 47773).

NMFS has discovered that regulations implementing Amendment 3 did not include the new title of the FMP. This change should have been included in

the 1990 regulatory changes implementing Amendment 3 but was not due to oversight. No public comment was received on these or any of the other changes made by Amendment 3. Subsequent consolidation of all Federal fishery regulations off Alaska pursuant to President Clinton's Regulatory Reform Initiative did not correct the error (62 FR 19686, April 23, 1997).

This action corrects this error by changing the title of the FMP as it appears in regulations codified at 50 CFR part 679 to be consistent with the FMP as amended and approved by the Secretary. This action will not have any substantive regulatory effect.

Classification

This action changes the title of the salmon FMP, a non-discretionary technical change with no substantive effects. Therefore, the Assistant

Administrator for Fisheries, NOAA, finds good cause to waive the requirement to provide prior notice and opportunity for public comment under 5 U.S.C. 553(b)(B), as such procedure would be unnecessary. Because prior notice and opportunity for comment is not required for this action by 5 U.S.C. 553 or any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.* are not applicable.

List of Subjects in 50 CFR Part 679

Alaska, Fisheries, Recordkeeping and reporting requirements.

Dated: June 25, 2002.

William T. Hogarth
*Assistant Administrator for Fisheries,
National Marine Fisheries Service.*

For the reasons set out in the preamble, 50 CFR part 679 is amended as follows:

PART 679—FISHERIES OF THE EXCLUSIVE ECONOMIC ZONE OFF ALASKA

1. The authority citation for part 679 continues to read as follows:

Authority: 16 U.S.C 773 *et seq.*; 1801 *et seq.*; 3631 *et seq.*; Title II Division C, Pub. L. 105–277; Sec. 3027, Pub. L. 106–31; 113 Stat. 57; 16 U.S.C. 1540(f); and Sec. 209, Pub. L. 106–554. *et seq.*

2. In § 679.1, the heading of paragraph (i) is revised to read as follows:

§ 679.1 Purpose and scope.

* * * * *

(i) *Fishery Management Plan for the Salmon Fisheries in the EEZ off the Coast of Alaska (Salmon FMP).* * * *
