

Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214).

Absent a request to be heard in opposition within this period, Shoreham and Edgewood are authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Shoreham or Edgewood, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Shoreham's or Edgewood's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is July 29, 2002.

Copies of the full text of the Order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

Linwood A. Watson, Jr.,
Deputy Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. ER02-1942-000]

Tenaska Virginia Partners, L.P.; Notice of Issuance of Order

July 11, 2002.

Tenaska Virginia Partners, L.P. (TVP) submitted for filing a rate schedule under which TVP will engage in the sales of wholesale energy and capacity at market-based rates and for the reassignment of transmission capacity. TVP also requested waiver of various Commission regulations. In particular, TVP requested that the Commission

grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by TVP.

On July 3, 2002, pursuant to delegated authority, the Director, Office of Markets, Tariffs and Rates-East, granted requests for blanket approval under Part 34, subject to the following:

Any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by TVP should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214).

Absent a request to be heard in opposition within this period, TVP is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of TVP, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of TVP's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is August 2, 2002.

Copies of the full text of the Order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

Federal Energy Regulatory Commission

[Docket Nos. ER02-517-000, ER02-517-001, and ER02-517-002]

UtiliGroup, Inc.; Notice of Issuance of Order

July 11, 2002.

UtiliGroup, Inc. (UtiliGroup) submitted for filing a Petition for Acceptance of Initial Rate Schedule and Blanket Authority. UtiliGroup also requested waiver of various Commission regulations. In particular, UtiliGroup requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by UtiliGroup.

On June 26, 2002, pursuant to delegated authority, the Director, Office of Markets, Tariffs and Rates-East, granted requests for blanket approval under Part 34, subject to the following:

Any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by UtiliGroup should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214).

Absent a request to be heard in opposition within this period, UtiliGroup is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of UtiliGroup, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of UtiliGroup's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is July 26, 2002.

Copies of the full text of the Order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426. BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7246-9]

Agency Information Collection Activities: Proposed Collection; Comment Request; Information Collection Activities Associated With EPA's Energy Star® Product Labeling

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit the following proposed Information Collection Request (ICR) to the Office of Management and Budget (OMB): Information Collection Activities Associated with EPA's ENERGY STAR® Product Labeling, EPA ICR No. 2078.01. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before September 16, 2002.

ADDRESSES: Climate Protection Partnerships Division, US EPA (MC-6202J), 1200 Pennsylvania Ave, NW., Washington, DC 20460. ICR may be obtained electronically by contacting Rachel Schmeltz via e-mail at schmeltz.rachel@epa.gov.

FOR FURTHER INFORMATION CONTACT: Rachel Schmeltz, phone: 202-564-9124, fax: 202-565-2077, schmeltz.rachel@epa.gov

SUPPLEMENTARY INFORMATION:

Affected entities: Entities potentially affected by this action are product manufacturers which are Partners in EPA's ENERGY STAR program.

Title: Information Collection Activities Associated with EPA's ENERGY STAR® Product Labeling, EPA ICR No. 2078.01. This is a new collection.

Abstract: ENERGY STAR is a voluntary program developed in collaboration with industry to create a self-sustaining market for energy efficient products. The center piece of the program is the

ENERGY STAR label, a registered certification label that helps consumers identify products that save energy, save money, and help protect the environment without sacrificing quality or performance. In order to protect the integrity of the label and enhance its effectiveness in the marketplace, EPA must ensure that products carrying the label meet appropriate program requirements. Since ENERGY STAR is a self-certification program, it is important that program participants submit signed Partnership Agreements indicating that they will adhere to logo-use guidelines and that participating products meet specified energy performance criteria based on a standard test method.

As part of our contribution to the overall success of the program, EPA has agreed to facilitate the sale of qualifying products by providing consumers with easy-to-use information about the products. To be effective, EPA must receive qualifying product information from participating manufacturers. Partners will be requested to submit updates to qualifying product information on an annual basis, so as to ensure that EPA information is recent and accurate. The information will be compiled into a complete qualifying products list per product category, posted on the ENERGY STAR Web site, and supplied to those purchasers who request it via phone, fax, or e-mail. In addition, because of the nature of these products, manufacturer of roof products and residential light fixtures will be requested to submit testing reports in order to verify qualification.

In order to monitor progress and support the best allocation of resources, EPA will also ask manufacturers to submit annual shipment data for their ENERGY STAR qualifying products. EPA is flexible as to the methods by which manufacturers may submit unit shipment data. For example, if manufacturers already submit this type of information to a third party, such as a trade association, manufacturers are given the option of arranging for shipment data to be sent to EPA via this third party to avoid duplication of efforts and to ensure confidentiality. In using any shipment data received directly from a partner, EPA will mask the source of the data so as to protect confidentiality.

Finally, Partners that wish to receive recognition for their efforts in ENERGY STAR may submit an application for the Partner of the Year Award.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB

control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Burden Statement: The estimated total cost for respondents is \$8,245,116 and the hourly burden is approximately 129,623 hours. The estimated total cost for the Agency is \$413,361 and the hourly burden is approximately 9,549 hours. A grand total of \$8,658,477 and an hourly burden of approximately 139,172 hours is expected for all information collection activities under ENERGY STAR product labeling.

EPA collects initial information in the Partnership Agreement (PA), which is completed and submitted by every Partner participating in ENERGY STAR. One overarching PA has been developed by EPA for ENERGY STAR product labeling. It is expected that 118 new Partners will join each year for the three years of this ICR. The reporting burden for information collection requirements associated with completing the PA for each respondent is estimated to be 12.85 hours. This estimate includes times for reviewing the instructions on the PA, completing and reviewing the information requested by the PA, and submitting the PA.

Every manufacturing Partner is required to submit information on each of their qualifying products. Annual updates, notifying EPA of any changes in qualifying product information, are required as well. Thirty-two different product categories are covered by EPA under ENERGY STAR. Each product category has specific qualifying product information that must be submitted by each Partner for at least one qualifying product. Qualifying product information is expected for 3,112 new qualifying
