

28, 2001 deadline, but such FCC Forms 486 shall still be subject to the normal 120 day rule.

4. Third, for those Funding Year 2001 library applicants that filed an FCC Form 486 by October 28, 2001 without completing the CIPA certifications, SLD shall accept these forms and process them without penalty for the lack of certification.

5. Fourth, SLD shall determine if there are consortia applicants that include library members and that either filed their FCC Forms 486 late or reduced the shared discount rate requested by eliminating the library members through an FCC Form 500. In the former case, SLD shall deal with these consortia in a manner consistent with the measures specified above. In the latter case, the consortia shall be given an opportunity, within 120 days of the release date of this Order, to request funded discounts at the original rate requested.

6. The measures specified above shall be taken only for library applicants. Because the court's decision does not address the constitutionality of the CIPA requirements as they apply to schools, all of the CIPA requirements as codified at sections 254(h)(5) and 254(l) and implemented by the Commission's rules remain in effect for schools. This includes schools that are members of consortia, including consortia comprised of both schools and libraries.

7. In addition, because the court's decision holds invalid only the filtering requirements set forth in section 254(h)(6) and does not address the validity of section 254(l), section 254(l) remains in effect with respect to libraries. Because the current FCC Form 486 and FCC Form 479 do not permit library applicants to certify to compliance only with section 254(l) without also certifying to compliance with section 254(h)(6), a change in these forms will be necessary so that libraries may certify to compliance with section 254(l) only. We therefore direct the Administrator, in consultation with the Bureau, to make any changes necessary to the procedures and to FCC Form 486 and FCC Form 479 consistent with this Order and the court's decision.

8. Accordingly, IT IS ORDERED that, pursuant to the authority of sections 1–5 and 254 of the Communications Act of 1934, as amended, 47 U.S.C. 151–155, and 254, and the Children's Internet Protection Act, Public Law 106–554 §§ 1701 *et seq.* as codified at 47 U.S.C. 254(h) and (l), this Order is ADOPTED. The modifications to a collection of information contained within this Report and Order is contingent upon

approval by the Office of Management and Budget.

9. IT IS FURTHER ORDERED that enforcement of §§ 54.520(c)(2)(i) and (iii), 54.520(c)(3), 54.520(d), and 54.520(g)(1) of the Commission's rules, 47 CFR 54.520, as they apply to all libraries and to the extent that they require any library to filter or certify to such filtering under 47 U.S.C. 254(h)(6), is SUSPENDED consistent with the terms of this Order.

10. IT IS FURTHER ORDERED that AUTHORITY IS DELEGATED to the CHIEF OF THE WIRELINE COMPETITION BUREAU pursuant to section 5(c) of the Communications Act of 1934, 47 U.S.C. 155(c), to modify any forms that are necessary to implement the decisions adopted in this Order.

11. IT IS FURTHER ORDERED that THIS ORDER IS EFFECTIVE August 5, 2002. Good cause exists to make this effective immediately upon publication in the **Federal Register**. The actions we take in this Order are intended to bring implementation of the CIPA into compliance with the judgment of the federal court. It is necessary that this Order take effect as soon as possible in order to best fulfill this purpose.

Federal Communications Commission.

Marlene H. Dortch,
Secretary.

Rule Changes

For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 54 as follows:

PART 54—UNIVERSAL SERVICE

1. The authority citation for part 54 continues to read as follows:

Authority: 47 U.S.C. 1, 4(i), 201, 205, 214, and 254 unless otherwise noted.

2. The following note is added to § 54.520:

§ 54.520 Children's Internet Protection Act certifications required from recipients of discounts under the federal universal service support mechanism for schools and libraries.

* * * * *

Note to § 54.520: Enforcement of paragraphs (c)(2)(i) and (iii), (c)(3), (d), and (g)(1), as they apply to all libraries and to the extent that they require any library to filter or to certify to such filtering under 47 U.S.C. 254(h)(6), is suspended as of August 5, 2002.

50 CFR Part 648

[Docket No.; I.D. 073002A]

Fisheries of the Northeastern United States; Black Sea Bass Fishery; Commercial Quota Harvested for Quarter 3 Period

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS announces that the black sea bass commercial quota available in the Quarter 3 period to the coastal states from Maine through North Carolina has been harvested. Commercial vessels may not land black sea bass in these states north of 35°15.3' N. lat. for the remainder of the 2002 Quarter 3 quota period (through September 30, 2002). Regulations governing the black sea bass fishery require publication of this notification to advise the coastal states from Maine through North Carolina that the quota has been harvested and to advise vessel permit holders and dealer permit holders that no commercial quota is available for landing black sea bass in these states north of 35°15.3' N. lat.

DATES: Effective 0001 hrs local time, August 6, 2002, through 2400 hrs local time, September 30, 2002.

FOR FURTHER INFORMATION CONTACT: Richard A. Pearson, Fishery Policy Analyst, at (978) 281-9279.

SUPPLEMENTARY INFORMATION:

Regulations governing the black sea bass fishery are found at 50 CFR part 648. The regulations require annual specification of a commercial quota that is allocated into four quota periods, based upon percentages of the annual quota. The Quarter 3 (July through September) commercial quota is distributed to the coastal states from Maine through North Carolina. The process to set the annual commercial quota is described in § 648.140.

The total commercial quota for black sea bass for the 2002 calendar year was

initially set at 3,332,000 lb (1,511,370 kg) and then adjusted downward to 3,294,758 lb (1,494,477 kg) for research quota set-asides (66 FR 66351; December 26, 2001). The Quarter 3 period quota, which is equal to 12.33 percent of the annual commercial quota, is 406,244 lb (184,269 kg). The quota allocation was adjusted downward to compensate for 2001 Quarter 3 landings in excess of the 2001 Quarter 3 quota, consistent with the procedures specified at § 648.140. The final adjusted 2002 Quarter 3 quota is 400,101 lb (181,483 kg).

The Regional Administrator, Northeast Region, NMFS (Regional Administrator) monitors the commercial black sea bass quota for each quota period using dealer reports, state data, and other available information to determine when the commercial quota has been harvested. NMFS is required to publish a notification in the **Federal Register** advising and notifying commercial vessels and dealer permit holders that, effective upon a specific date, the black sea bass commercial quota has been harvested and no commercial quota is available for landing black sea bass for the remainder of the Quarter 3 period, north of 35°15.3' N. lat. The Regional Administrator has determined, based upon dealer reports and other available information, that the black sea bass commercial quota for the 2002 Quarter 3 period has been harvested.

The regulations at § 648.4(b) provide that Federal black sea bass moratorium permit holders agree, as a condition of the permit, not to land black sea bass in any state after NMFS has published a notification in the **Federal Register** stating that the commercial quota for the period has been harvested and that no commercial quota for black sea bass is available. The Regional Administrator has determined that the Quarter 3 period for black sea bass no longer has commercial quota available. Therefore, effective 0001 hrs local time, August 6, 2002, further landings of black sea bass in coastal states from Maine through North Carolina, north of 35°15.3' N. lat., by vessels holding commercial Federal fisheries permits are prohibited through September 30, 2002. The 2002 Quarter 4 period for commercial black sea bass harvest will open on October 1, 2002. Effective August 6, 2002, federally permitted dealers are also advised that they may not purchase black sea bass from federally permitted black sea bass moratorium permit holders who land in coastal states from Maine through North Carolina, north of 35°15.3' N. lat., for the remainder of the Quarter 3 period (through September 30, 2002).

The regulations at § 648.4(b) also provide that, if the commercial black sea bass quota for a period is harvested and the coast is closed to the possession of black sea bass north of 35°15.3' N. lat., any vessel owners who hold valid commercial permits for both the black sea bass and the NMFS Southeast Region snapper-grouper fisheries may surrender their black sea bass moratorium permit by certified mail addressed to the Regional Administrator (see table 1 at § 600.502) and fish pursuant to their snapper-grouper permit, as long as fishing is conducted exclusively in waters, and landings are made, south of 35°15.3' N. lat. A moratorium permit for the black sea bass fishery that is voluntarily relinquished or surrendered will be reissued upon the receipt of the vessel owner's written request after a minimum period of 6 months from the date of cancellation.

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch in the Western Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting retention of Pacific ocean perch in the Western Regulatory Area of the Gulf of Alaska (GOA). NMFS is requiring that catch of Pacific ocean perch in this area be treated in the same manner as prohibited species and discarded at sea with a minimum of injury. This action is necessary because the allocation of the Pacific ocean perch 2002 total
