Bureau of Land Management

[BC-621-1830-PF-24 1A]

Extension of Approved Information Collection, OMB Approval Number 1004-0187

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) requests the office of Management and Budget (OMB) to extend an existing approval to collect social security numbers or taxpayer identification numbers (SSN/TIN) from entities doing business with BLM. The BLM needs this information in case an entity fails to timely pay money owed, in which case BLM may refer the matter to the Treasury Department for collection. BLM uses Form 1372-6 to collect this information for debt collection purposes

only under the Debt Collection Improvement Act of 1996.

DATES: You must submit your comments to BLM at the address below on or before October 7, 2002. BLM will not necessarily consider any comments received after the above date.

ADDRESSES: You may mail comments to: Regulatory Affairs Group (WO-630), Eastern States Office, 7450 Boston Blvd., Springfield, Virginia 22153.

You may send comments via Internet to: WOComment@blm.gov. Please include "ATTN: 1004-0187" and your name and address with your comments.

You may deliver comments to the Bureau of Land Management, Administrative Record, Room 401, 1620 L Street, NW., Washington, DC.

Comments will be available for public review at the L Street address during regular business hours (7:45 a.m. to 4:15 p.m.) Monday through Friday.

FOR FURTHER INFORMATION CONTACT: You may contact Dorothy Butler, Branch Chief, Collection and Billings (BC-621), National Business Center, Denver, Colorado, on (303) 236-6332 (Commercial or FTS). Persons who use a telecommunication device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) on 1-800-877-8330, 24 hours a day, seven days a week, to contact Ms. Butler.

SUPPLEMENTARY INFORMATION: 5 CFR 1320.12(a) requires that we provide a 60-day notice in the **Federal Register** concerning a collection of information to solicit comments on:

(a) Whether the collection of information is necessary for the proper functioning of the agency, including whether the information will have practical utility;

(b) the accuracy of our estimates of the information collection burden, including the validity of the methodology and assumptions we use;

(c) ways to enhance the quality, utility, and clarity of the information collected; and

(d) ways to minimize the information collection burden on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

The Debt Collection Improvement Act of 1996 (DCIA), 31 U.S.C. 3701, contains a number of provisions that affect how BLM does business. One of the more significant provisions allows BLM to refer debts delinquent over 180 days to the Treasury Department for collection. Another provision gives the Treasury Department increased flexibility in seeking to collect the debts by various

offsets of payments, including tax refunds.

The DCIA requires that all Federal disbursements include the payee's SSN/TIN. This information aids the Treasury Department in matching debtors to payments and in seeking those payments from the debtors. BLM uses Form 1372-6 to collect the payee's full name, address, and the SSN/TIN. The SSN/TIN data is protected under the Privacy Act.

Based on BLM's experience administering this program, we estimate the public reporting burden is 1 minute to complete Form 1372-6. These estimates include the time spent on research, gathering, and assembling information, reviewing instructions, and completing the respective form. In FY 1999, BLM estimated 120,000 respondents the first year with a total annual burden of 20,000 hours. The number was expected to decrease the second year to 5,000 respondents with a total annual burden of 83 hours. Respondents are those entities who do business with BLM which include licensees, permittees, lessees, and contract holders. Individuals who pay one-time recreation fees are not affected.

Any member of the public may request and obtain, without charge, a copy of BLM Form 1372-6 by contacting the person identified under **FOR FURTHER INFORMATION CONTACT**.

BLM will summarize all responses to this notice and include them in the request for OMB approval. All comments will become a matter of a public record.

Dated: August 1, 2002.

Bureau of Land Management, Information Collection Clearance Officer.

Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Title: Right-of-Use Application.

OMB No.: 1006-0003.

Abstract: Reclamation is responsible for over 8 million acres of land in the 17 western States. Parties wishing to use any of that land must submit a Right-of-Use application. Reclamation will review the application and determine whether the granting of the right-of-use is compatible with the present or future uses of the land. After preliminary review of the application, the applicant will be advised of the estimated administrative costs for processing the application. In addition to the administrative costs, the applicant will also be required to pay a land use fee based on the fair market value for such land use, as determined by Reclamation. If the Right-of-Use application is for a bridge, building, or other type of major structure, Reclamation may require that all plans and specifications be signed and sealed by a professional engineer licensed by the State where the work is proposed. Linear facilities such as roads, pipelines, and transmission lines require a centerline survey defining the limits of the requested right-of-use.

Description of respondents:

Individuals, corporations, companies,

and State and local entities that desire to use Reclamation lands.

Frequency: Each time a Right of Use is requested.

Estimated completion time: An average of 2 hours per respondent.

Annual responses: 500 respondents.

Annual burden hours: 1,000.

Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

Dated: July 23, 2002.

Deputy Director, Office of Policy.
