GENERAL SERVICES ADMINISTRATION

Federal Supply Service; Household Goods Tender of Service (HTOS); Conversion of Centralized Household Goods Traffic Management Program (CHAMP) Flat Industrial Funding Fee (IFF) to a Percentage IFF

AGENCY: Federal Supply Service, GSA.

ACTION: Notice of final implementation of new CHAMP percentage IFF.

SUMMARY: This notice announces GSA's conversion of the CHAMP IFF from a \$145 flat fee to a comparable percentage IFF computed on a shipment's total net transportation charge (excluding storage in transit (SIT) fees) as follows: 2.5 percent (.025) for shipments that move between points wholly within the continental United States, and 1.5 percent (.015) for all other shipments. The change merely is procedural in nature and not intended to result in additional cost to customer agencies. Its purpose is to align the CHAMP IFF with the percentage IFF calculation method the Federal Supply Service uses to fund most of its other programs, and to automatically keep pace with inflation.

DATES: This change is effective November 1, 2002.

FOR FURTHER INFORMATION CONTACT: Ms. Lynn Ju, Transportation Programs Branch, by phone at 703-305-7060 or by e-mail at lynnette.ju@gsa.gov.

SUPPLEMENTARY INFORMATION: GSA published a notice in the **Federal Register** on June 21, 2002 (67 FR 42259) soliciting comments on our proposal to convert the CHAMP IFF from a \$145 flat fee to a comparable fee of 2.75 percent of a shipment's total net transportation charge (excluding storage in transit (SIT) fees). We received comments, categorized as follows, from 3 federal agencies, 4 transportation service providers, and 2 industry associations:

Shipments Moving Wholly Within the Continental United States

- Moyer & Sons Moving and Storage, Inc., Department of Interior, and Bureau of Prisons recommended an IFF of less than 2.75 percent.
- American Moving and Storage Association (AMSA) recommended a 3.0 percent IFF.

Shipments Other Than Shipments Moving Wholly Within the Continental United States

- Atlas Van Lines International, RBI Global Relocation Services, Department of State, and Department of Interior recommended an IFF of less than 2.75 percent.
- Bureau of Prisons recommended an IFF of no more than 2 percent.
- AMSA recommended a 1.75 percent IFF.
- Arpin International Group and the Household Goods Forwarders Association of America, Inc. recommended a 1.5 percent IFF.

Following publication of the request for comments, GSA met with the household goods carrier and forwarder associations and with GSA customer agencies. We analyzed agencies' shipment data (volume, net shipment charges, and IFF's submitted), and carefully considered all comments received. Based on the comments, our data analysis, and careful deliberation, we have established the new percentage IFF at 2.5 percent for shipments that move between points wholly within the continental United States, and 1.5 percent for all other shipments. These percentage levels, reflecting the concerns of our customers expressed in their comments, will generate an IFF charge per shipment generally equivalent to the current \$145 flat fee. The percentage will be applied as reflected in the Request for Offers; *i.e.* on a multiple component shipment (household goods, privately owned

vehicle (POV), and/or unaccompanied baggage) it will be applied to the highest weighted component shipped within a 6-month period; it will be separately applied to any component shipped more than 6 months after shipment of the initial component.

This change aligns the CHAMP IFF with the Federal Supply Service's funding mechanism for most of its other programs and automatically will adjust to the level of inflation. The method of collection will remain the same. That is, transportation service providers will continue to incorporate the IFF in the discounted rates they file with GSA and will pay the IFF to GSA, albeit based on the applicable percentage of a shipment's net transportation charge (absent SIT) instead of a flat fee.

GSA will monitor agencies' shipment volumes, net transportation charges, and IFF's calculated under the new percentages to determine the need for any future adjustments. We value our customers and want to ensure CHAMP funding is commensurate with providing quality service while covering our costs and no higher.

The conversion to a percentage IFF requires certain revisions to the HTOS which are reflected in the attachment to this notice. The currently effective percentage IFF will be specified in each GSA Request for Offers.

Dated: August 2, 2002.

Jeffrey J. Thurston,

Acting Assistant Commissioner, Officer of Transportation and Property Management.
