AGENCY: Institute of Museum and Library Services.

ACTION: Notice.

SUMMARY: The Institute of Museum and Library Services, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. SUPPLEMENTARY INFORMATION:

I. Background

The Institute of Museum and Library Services is an independent Federal grant-making agency authorized by the Museum and Library Services Act, Public Law 104-208. IMLS provides a variety of grant programs to assist the nation's museums and libraries in improving their options and enhancing their services to the public. Museums and libraries of all sizes and types may receive support from IMLS programs.

The President's FY 2003 Budget Request submitted to Congress in early February, 2002, proposes a \$10 million initiative to educate and train librarians. Anticipating the loss of as many as 68% of the current cohort of professional librarians by 2019, the initiative will be designed to "help recruit a new generation of librarians."

The President's proposed initiative recognizes the key role of libraries and librarians in maintaining the flow of information that is critical to support formal education; to guide intellectual, scientific, and commercial enterprise; to

strengthen individual decisions; and to create the informed populace that lies at the core of democracy."

Draft applications and guidelines are prepared contingent upon availability of funding.
