

within the Department of Defense and its agencies, as well as other government and non-government organizations (including those initiated since September 11). The Task Force will prepare recommendations that are relevant to red teaming that portrays both state and non-state adversaries. It will also look at how the Department should work with other government departments and agencies to foster effective red teaming. The Task Force will address issues of red team products, processes and organization.

In accordance with section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended (5 U.S.C. App. II), it has been determined that this Defense Science Board Task Force meeting concerns matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, this meeting will be closed to the public.

Dated: September 6, 2002.

Patricia L. Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-08-M

DEPARTMENT OF DEFENSE

Office of the Secretary

Strategic Environmental Research and Development Program, Scientific Advisory Board

AGENCY: Office of the Secretary, Department of Defense.

ACTION: Notice.

SUMMARY: In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), announcement is made of the following Committee meeting:

DATE(S): October 15, 2002 from 0800 a.m. to 1710 p.m.

ADDRESSES: Holiday Inn Arlington at Ballston, 4610 North Fairfax Drive, Arlington, VA 22203.

FOR FURTHER INFORMATION CONTACT: Ms. Veronica Rice, SERDP Program Office, 901 North Stuart Street, Suite 303, Arlington, VA or by telephone at (703) 696-2119.

SUPPLEMENTARY INFORMATION:

Matters To Be Considered

Research and Development proposals and continuing projects requesting Strategic Environmental Research and Development Program funds in excess of \$1M will be reviewed.

This meeting is open to the public. Any interested person may attend,

appear before, or file statements with the Scientific Advisory Board at the time and in the manner permitted by the Board.

Dated: September 6, 2002.

Patricia L. Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-08-M

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before November 15, 2002.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance

the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: September 11, 2002.

John Tressler,

Leader, Regulatory Information Management Group, Office of the Chief Information Officer.

Federal Student Aid

Type of Review: Extension.

Title: Lender's Application Process (LAP).

Frequency: Quarterly, Annually.

Affected Public: State, Local, or Tribal Gov't, SEAs or LEAs; businesses or other for-profit.

Reporting and Recordkeeping Hour Burden:

Responses: 121. Burden Hours: 20.

Abstract: The Lender's Application Process is submitted by lenders who are eligible for reimbursement of interest and special allowance, as well as Federal Insured Student Loan (FISL) claims payment, under the Federal Family Education Loan Program. The information will be used by ED to update Lender Identification Numbers (LIDs) lender's names, addresses with 9-digit zip codes, and other pertinent information.

Requests for copies of the proposed information collection request may be accessed from <http://edicsweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 2148. When you access the information collection, click on "Download Attachments" to view. Written requests for information should be addressed to Vivian Reese, Department of Education, 400 Maryland Avenue, SW., Room 4050, Regional Office Building 3, Washington, DC 20202-4651 or to the e-mail address vivian_reese@ed.gov. Requests may also be electronically mailed to the e-mail address OCIO_RIMG@ed.gov or faxed to 202-708-9346. Please specify the complete title of the information collection when making your request.

Comments regarding burden and/or the collection activity requirements should be directed to Joseph Schubart at Joe.Schubart@ed.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION

National Center for Education Statistics (NCES)

AGENCY: Department of Education.

ACTION: Notice of meeting of the Advisory Council on Education Statistics.

SUMMARY: This notice sets forth the schedule and proposed agenda of a forthcoming meeting of the Advisory

Council on Education Statistics (ACES). Notice of this meeting is required under section 10(a)(2) of the Federal Advisory Committee Act. This document is intended to notify the general public of their opportunity to attend.

DATES: October 10–11, 2002.

TIMES: October 10, 2002—Full Council meeting, 9 a.m.–4:30 p.m.; October 11, 2002—Full Council meeting 9 a.m.–12 noon.

LOCATION: Loews L'Enfant Plaza Hotel, 480 L'Enfant Plaza, SW., Washington, DC 20024

FOR FURTHER INFORMATION CONTACT: Laurence T. Ogle, National Center for Education Statistics, 1990 K Street, NW., Room 9115, Washington DC 20006

SUPPLEMENTARY INFORMATION: The Advisory Council on Education Statistics (ACES) is established under section 46(c)(1) of the Education Amendments of 1974, Public Law 93–380. The Council is established to review general policies for the operation of the National Center for Education Statistics (NCES) in the Office of Educational Research and Improvement (OERI) and is responsible for advising on standards to ensure that statistics and analyses disseminated by NCES are of high quality and are not subject to political influence. In addition, ACES is required to advise the Commissioner of NCES and the National Assessment Governing Board on technical and statistical matters related to the National Assessment of Educational Progress (NAEP). This meeting of the Council is open to the public, with the exception of budget discussions. Individuals who will need accommodations for a disability in order to attend the meeting (*i.e.*, interpreting services, assistive listening devices, materials in alternate format) should notify Laurence T. Ogle at (202) 502–7426 by no later than October 3, 2002. We will attempt to meet requests after this date, but cannot guarantee availability of the requested accommodation. The meeting site is accessible to individuals with disabilities.

The proposed agenda includes the following:

- Review of Division activity within NCES
- Legislative and budget updates
- Ethics training
- Statistical adjustments in primary NCES Reports

Records kept of Council proceedings and are available for public inspection. Records are also available for public inspection at the Office of the Acting Executive Director, Laurence T. Ogle, Advisory Council on Education

Statistics, National Center for Education Statistics, 1990 K Street NW., Room 9115, Washington, DC 20006.

Grover J. Whitehurst,

Assistant Secretary for Educational Research and Improvement.

BILLING CODE 4000–01–M

DEPARTMENT OF ENERGY

National Nuclear Security Administration Office of Los Alamos Site Operations; Floodplain Statement of Findings for the Proposed Access Control and Traffic Improvements at Los Alamos National Laboratory, Los Alamos, NM

AGENCY: National Nuclear Security Administration, Office of Los Alamos Site Operations, Department of Energy.

ACTION: Floodplain Statement of Findings.

SUMMARY: This Floodplain Statement of Findings is for the construction and operation of proposed access control and traffic improvements at Los Alamos National Laboratory (LANL). Construction actions could occur near and over the floodplains of Mortandad and Los Alamos Canyons; there would be no action within established wetland areas (see Figure 1). In accordance with 10 CFR Part 1022, the Department of Energy (DOE), National Nuclear Security Administration (NNSA) Office of Los Alamos Site Operations has prepared a floodplain/wetland assessment and will perform this proposed action in a manner so as to avoid or minimize potential harm to or within the affected floodplains.

FOR FURTHER INFORMATION CONTACT: Elizabeth Withers, U.S. Department of Energy, National Nuclear Security Administration, Office of Los Alamos Site Operations, 528 35th Street, Los Alamos, NM 87544. Telephone (505) 667–8690; facsimile (505) 667–9998; or electronic address: ewithers@doeal.gov. For Further Information on General DOE Floodplain Environmental Review Requirements, contact: Carol M. Borgstrom, Director, Office of NEPA Policy and Compliance, EH–42, Department of Energy, 100 Independence Avenue, SW., Washington DC 20585–0119. Telephone (202) 586–4600 or (800) 472–2756, facsimile (202) 586–7031.

SUPPLEMENTARY INFORMATION: In accordance with DOE regulations for compliance with floodplain and wetlands environmental review requirements (10 CFR part 1022), NNSA

prepared a floodplain/wetland assessment for this action. The NNSA included the floodplain/wetland assessment document as part of an Environmental Assessment issued on July 23, 2002 by the NNSA. No comments were received on the proposed floodplain action.

Project Description: NNSA considered a proposal for the construction of various access control and traffic improvements to be installed at Los Alamos National Laboratory (LANL). One of the elements of the proposed action would be the construction of a short road around the east side of Technical Area 3 at LANL along the mesa tops. Bridges would be constructed from either side of the road to span over floodplains located at the heads of Mortandad and Sandia Canyons. No actions would be taken directly in the floodplains nearby. This project is estimated to occur over the next three years from 2003 through 2005.

Alternatives: The No Action Alternative was considered. Under the No Action Alternative access control into LANL would continue to be provided by the implementation of temporary measures as needed. No safety improvements of the intersections would be undertaken.

Floodplain Impacts: The proposed action would have the potential for minimal impacts on the floodplains. Should a rain event occur during construction activities, there may be some sediment movement down canyon because of the loosened condition of the soil from the clearing and construction activities.

Floodplain Mitigation: Placement of Best Management Practices (such as silt fences, straw bales or wattles, or wooden or rock structures to slow down water runoff and run-on at cleared sites) at the construction areas and post-construction reseeding and re-vegetation of the construction sites will minimize soil disturbance and reduce or prevent the potential for soil erosion. Upon completion of the construction activities the downstream flow and function of the floodplain will not be impeded. No debris will be left at the work site. No vehicle maintenance or fueling within 100 feet of the floodplain would occur. Any sediment movement from the sites would be short term and temporary.

Issued in Los Alamos, NM on September 9, 2002.

E. Dennis Martinez,

Deputy Director, U.S. Department of Energy, National Nuclear Security Administration, Los Alamos Site Office.
