

**Notice of Intent To Prepare an EIS****1. Authority**

The NOI is published pursuant to the regulations (40 CFR 1501.7) implementing the provisions of the NEPA of 1969 as amended (42 U.S.C. 4321 *et seq.* (1988)).

**2. Purpose of the Notice of Intent**

Pursuant to the regulations implementing the procedural provisions of the NEPA, MMS is announcing its intent to prepare an EIS on the two proposed Eastern GOM oil and gas lease sales, tentatively scheduled for 2003 and 2005. The NOI also serves to announce the scoping process for this EIS. Throughout the scoping process, Federal, State, and local government agencies, and other interested parties have the opportunity to aid MMS in determining the significant issues and alternatives to be analyzed in the EIS.

The EIS analysis will focus on the potential environmental effects of oil and natural gas leasing, exploration, development, and production in the areas identified through the Area Identification procedure. Alternatives that may be considered for each sale are to delay the sale, cancel the sale, or modify the sale.

**3. Supplemental Information**

Federal regulations allow for multiple proposals to be analyzed in one EIS (40 CFR 1502.4). Since each sale proposal and projected activities are very similar, MMS is proposing to prepare a single EIS (multisale EIS) for the two Eastern Planning Area lease sales scheduled for 2003 and 2005 in the draft proposed *Outer Continental Shelf Oil and Gas Leasing Program: 2002–2007*. The multisale approach is intended to focus the NEPA/EIS process on differences between the proposed sales and on new issues and information. The multisale EIS will eliminate the repetitive issuance of complete draft and final EISs for each proposed lease sale. The resource estimates and scenario information for the EIS analyses will be presented as a range that would encompass the resources and activities estimated for either of the proposed lease sales. At the completion of this EIS process, a decision will be made only for proposed Sale 189, scheduled to be held in 2003. Subsequent to this first sale, a NEPA review will be conducted for proposed lease Sale 197 scheduled for 2005. Formal consultation with other Federal agencies, the affected States, and the public will be carried out to assist in the determination of whether or not the information and analyses in the original multisale EIS are still valid.

These consultations and the NEPA review will be completed before a decision is made on proposed Sale 197.

**5. Comments**

Federal, State, and local government agencies, and other interested parties are requested to send their written comments on the scope of the EIS, significant issues that should be addressed, and alternatives that should be considered to the Regional Supervisor, Leasing and Environment (MS 5410), Gulf of Mexico OCS Region, at the address under Item 4, **FOR FURTHER INFORMATION CONTACT**. Comments should be enclosed in an envelope labeled “Comments on the Eastern Multisale EIS.” Comments should be submitted no later than March 25, 2002. Scoping meetings will be held in appropriate locations to obtain additional comments and information regarding the scope of the EIS. Information on the dates and locations of the scoping meetings will be made available to interested parties via mailouts and advertisements in appropriate newspapers.

The public record for these investigations may be viewed on the Commission’s electronic docket (EDIS–ON–LINE) at <http://dockets.usitc.gov/eol/public>.

**SUPPLEMENTARY INFORMATION:**

<sup>1</sup> For purposes of these investigations, the Department of Commerce has defined the subject merchandise as “doubly-symmetric shapes, whether hot- or cold-rolled, drawn, extruded, formed or finished, having at least one dimension of at least 80 mm (3.2 inches or more), whether of carbon or alloy (other than stainless) steel, and whether or not drilled, punched, notched, painted, coated, or clad. These structural steel beams include, but are not limited to, wide-flange beams (“W” shapes), bearing piles (“HP” shapes), standard beams (“S” or “I” shapes), and M-shapes. All the products that meet the physical and metallurgical descriptions provided above are within the scope of these investigations unless otherwise excluded. The following products are outside and/or specifically excluded from the scope of these investigations: (1) Structural steel beams greater than 400 pounds per linear foot, (2) structural steel beams that have a web or section height (also known as depth) over 40 inches, and (3) structural steel beams that have additional weldments, connectors or attachments to I-sections, H-sections, or pilings; however, if the only additional weldment, connector or attachment on the beam is a shipping brace attached to maintain stability during transportation, the beam is not removed from the scope definition by reason of such additional weldment, connector or attachment.”

## Background

The final phase of these investigations is being scheduled as a result of affirmative preliminary determinations by the Department of Commerce that imports of certain structural steel beams from China, Germany, Russia, South Africa, and Taiwan are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). The investigations were requested in a petition filed on May 23, 2001, by Northwestern Steel & Wire Co., Sterling, IL; Nucor Corp., Charlotte, NC; Nucor-Yamato Steel Co., Blytheville, AR; and TXI-Chaparral Steel Co., Midlothian, TX.

Although the Department of Commerce has preliminarily determined that imports of certain structural steel beams from Italy, Luxembourg,<sup>2</sup> and Spain are not being and are not likely to be sold in the United States at less than fair value, for purposes of efficiency the Commission hereby waives rule 207.21(b)<sup>3</sup> so that the final phase of the investigations may proceed concurrently in the event that Commerce makes final affirmative determinations with respect to such imports.

**Participation in the investigations and public service list.**—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in § 201.11 of the Commission's rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of these investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

**Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.**—Pursuant to § 207.7(a) of the Commission's rules, the

Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

**Staff report.**—The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on May 1, 2002, and a public version will be issued thereafter, pursuant to § 207.22 of the Commission's rules.

**Hearing.**—The Commission will hold a hearing in connection with the final phase of these investigations beginning at 9:30 a.m. on May 15, 2002, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before May 6, 2002. A nonparty who has testimony that may aid the Commission's deliberations may request permission to present a short statement at the hearing. All parties and nonparties desiring to appear at the hearing and make oral presentations should attend a prehearing conference to be held at 9:30 a.m. on May 8, 2002, at the U.S. International Trade Commission Building. Oral testimony and written materials to be submitted at the public hearing are governed by §§ 201.6(b)(2), 201.13(f), and 207.24 of the Commission's rules. Parties must submit any request to present a portion of their hearing testimony *in camera* no later than 7 days prior to the date of the hearing.

## Written Submissions

Each party who is an interested party shall submit a prehearing brief to the Commission. Prehearing briefs must conform with the provisions of § 207.23 of the Commission's rules; the deadline for filing is May 8, 2002. Parties may also file written testimony in connection with their presentation at the hearing, as provided in § 207.24 of the Commission's rules, and posthearing briefs, which must conform with the provisions of § 207.25 of the Commission's rules. The deadline for filing posthearing briefs is May 22, 2002; witness testimony must be filed no later than three days before the

hearing. In addition, any person who has not entered an appearance as a party to the investigations may submit a written statement of information pertinent to the subject of the investigations on or before May 22, 2002. On June 10, 2002, the Commission will make available to parties all information on which they have not had an opportunity to comment. Parties may submit final comments on this information on or before June 12, 2002, but such final comments must not contain new factual information and must otherwise comply with § 207.30 of the Commission's rules. All written submissions must conform with the provisions of § 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means.

In accordance with §§ 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

**Authority:** These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to § 207.21 of the Commission's rules.

By order of the Commission.

Issued: February 1, 2002.
