## RAILROAD RETIREMENT BOARD

### Proposed Data Collection Available for Public Comment and Recommendations

**SUMMARY:** In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collection.

*Comments are invited on:* (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

*Title and purpose of information collection:* Request to Non-Railroad Employer for Information About Annuitant's Work and Earnings; OMB 3220-0107.

Under Section 2 of the Railroad Retirement Act (RRA), a railroad employee's retirement annuity or an annuity paid to the spouse of a railroad employee is subject to work deduction in the Tier II component of the annuity and any employee supplemental annuity for any month in which the

annuitant works for a Last Pre-Retirement Non-Railroad Employer (LPE). LPE is defined as the last person, company, or institution, other than a railroad employer, that employed an employee or spouse annuitant. In addition, the employee, spouse or divorced spouse Tier I annuity benefit is subject to work reductions under Section 2(F)(1) of the RRA for earnings from any non-railroad employer that are over the annual exempt amount. The regulations pertaining to non-payment of annuities by reason of work are contained in 20 CFR 230.1 and 230.2.

The RRB utilizes Form RL-231-F, Request to Non-Railroad Employer for Information About Annuitant's Work and Earnings, to obtain the information needed for determining if any work deduction should be applied because an annuitant worked in non-railroad employment after the annuity beginning date. One response is requested of each respondent. Completion is voluntary. The RRB is proposing a minor non-burden impacting editorial change to Form RL-231-F.

### Estimate of Annual Respondent Burden

The estimated annual respondent burden is as follows:

Form Nos.	Annual re-sponses	Time (min)	Burden (hrs)
RL-231-F ..	300	30	150
Total ....	300	.....	150

*Additional Information or Comments:* To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751-3363. Comments regarding the information collection should be addressed to Ronald J. Hodapp, Railroad Retirement Board, 844 N. Rush Street, Chicago, Illinois 60611-2092. Written comments should be received within 60 days of this notice.
