

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

**DATES:** Submit comments on or before March 11, 2002.

**ADDRESSES:** Submit comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: FAR Desk Officer, OMB, Room 10102, NEOB, Washington, DC 20503, and a copy to the General Services Administration, FAR Secretariat (MVP), 1800 F Streets, NW., Room 4035, Washington, DC 20405.

**FOR FURTHER INFORMATION CONTACT:** Ralph DeStefano, Acquisition Policy Division, GSA (202) 501-1758.

**SUPPLEMENTARY INFORMATION:**

**A. Purpose**

When a mistake in bid is discovered by the contracting officer (CO) after bid opening but before award, the CO obtains verification of the bid intended. This verification is needed to establish the bidder's correct bid. If the bidder requests permission to correct the bid, the bidder must submit clear and convincing evidence that a mistake was made. If the bidder requests permission to correct the bid and submits evidence that a mistake was made, the evidence is analyzed by the CO to determine whether or not the bidder should be allowed to correct the bid. The data (evidence) submitted by the bidder is attached to the bidder's bid and placed in the contract file along with the CO's determination.

The verification of the correct bid is attached to the original bid and a copy of the verification is attached to the duplicate bid and placed in the contract file.

**B. Annual Reporting Burden**

*Respondents:* 4,673.

*Responses Per Respondent:* 1.

*Total Responses:* 4,673.

*Hours Per Response:* .5.

*Total Burden Hours:* 2,337.

*Obtaining Copies of Proposals:*

Requesters may obtain a copy of the

proposal from the General Services Administration, FAR Secretariat (MVP), 1800 F Street, NW, Room 4035, Washington, DC 20405, telephone (202) 501-4755. Please cite OMB Control No. 9000-0038, Mistakes in Bids, in all correspondence.

Dated: January 24, 2002.

**Al Matera,**

*Director, Acquisition Policy Division.*

**BILLING CODE 6820-EP-P**

**DEPARTMENT OF DEFENSE**

**Department of the Army**

**Proposed Collection; Comment Request**

**AGENCY:** Department of the Army, DOD.

**ACTION:** Notice.

**SUMMARY:** In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Department of the Army announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

**DATES:** Consideration will be given to all comments received by April 9, 2002.

**ADDRESSES:** Written comments and recommendations on the proposed information collection should be sent to the U.S. Total Army Personnel Command, Officer Personnel Management Directorate, 200 Stovall Street, Alexandria, Virginia 22332-0314. ATTN: TAPC-OPD-C (Annette Bush). Consideration will be given to all comments received within 60 days of the date of publication of this notice.

**FOR FURTHER INFORMATION CONTACT:** To request more information on this proposed information or to obtain a copy of the proposal and associated collection instruments, please write to the above address, to call Department of the Army Reports clearance officer at (703) 692-1451.

*Title, Associated Form, and OMB Number:* Application and Contract for

Establishment of a Junior Reserve Officer's Training Corps (JROTC) Unit, DD Form 3126, OMB Control Number 0702-0021.

**Needs and Uses:** Educational institutions desiring to host a Junior ROTC Unit may apply by using DA Form 3126. The form documents the agreement and becomes a contract signed by both the institution and the U.S. Government. The DA Form 3126 provides information on the school's facilities and states specific conditions, if a JROTC Unit is placed at the institution. The data provided is used to determine which schools are selected.

**Affected Public:** Not-For-Profit Institutions.

*Annual Burden Hours:* 70.

*Number of Respondents:* 70.

*Responses per Respondents:* 1.

*Average Burden per Response:* 1 hour.

*Frequency:* On occasion.

**SUPPLEMENTARY INFORMATION:** Region commanders are responsible for operating and administering the JROTC training conducted within their areas.

Completed DA 3126 forms are submitted to the regional ROTC commanders. Data provided on the application is used to determine which schools are selected and addresses such factors as: (1) Receipt of signed applications and agreements; (2) enrollment potential; (3) capacity of the institution to conduct the program; (4) accreditation status; (5) ability to comply with statutory and contractual requirements; and (6) fair and equitable distributions of units throughout the nation.

**Availability for Non-Exclusive, Exclusive, or Partially Exclusive Licensing of U.S. Patent Application Concerning Electronic Drink-O-Meter To Monitor Fluid Intake and Provide Consumption Guidance.**

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice.

**SUMMARY:** In accordance with 37 CFR 404.6, announcement is made of the availability for licensing of U.S. Patent Application No. 09/812,271 entitled "Electronic Drink-O-Meter to monitor Fluid Intake and Provide Consumption Guidance" filed March 19, 2001. The United States Government as

represented by the Secretary of the Army has rights in this invention.

**ADDRESSES:** Commander, U.S. Army Medical Research and Materiel Command, ATTN: Command Judge Advocate, MCMR-JA, 504 Scott Street, Fort Detrick, Frederick, Maryland 21702-5012.

**FOR FURTHER INFORMATION CONTACT:** For patent issues, Ms. Elizabeth Arwine, Patent Attorney, (301) 619-7808. For licensing issues, Dr. Paul Mele, Office of Research & Technology Assessment, (301) 619-6664. Both at telefax (301) 619-5034.

**SUPPLEMENTARY INFORMATION:** An apparatus for monitoring fluid intake includes a bladder having a known volume and capable of holding fluid, the bladder having a fill opening and an extraction opening; a first section of tubing connected to the extraction opening; a fluid monitoring unit having a downstream end and an upstream end, the first section of tubing being connected to the fluid monitoring unit at the downstream end; a check valve disposed at the upstream end of the fluid monitoring unit; a second section of tubing connected to the check valve; and a bite valve connected to an end of the second section of tubing.

### Department of the Army

#### **Availability for Non-Exclusive, Exclusive, or Partially Exclusive Licensing of U.S. Patent Application Concerning Method for Self-Detection of Pupillary Response**

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice.

**SUMMARY:** In accordance with 37 CFR 404.6, announcement is made of the availability for licensing of U.S. Patent Application No. 60/278,615 entitled "Method for Self-Detection of Pupillary Response" filed March 26, 2001. The United States Government as represented by the Secretary of the Army has rights in this invention.

**ADDRESSES:** Commander, U.S. Army Medical Research and Materiel Command, ATTN: Command Judge Advocate, MCMR-JA, 504 Scott Street, Fort Detrick, Frederick, Maryland 21702-5012.

**FOR FURTHER INFORMATION CONTACT:** For patent issues, Ms. Elizabeth Arwine,

Patent Attorney, (301) 619-7808. For licensing issues, Dr. Paul Mele, Office of Research & Technology Assessment, (301) 619-6664. Both at telefax (301) 619-5034.

**SUPPLEMENTARY INFORMATION:** A method for self-detection of exposure to organophosphates includes (a) providing a device for monitoring pupillary response; (b) switching the device on and placing the eyeglass cup over the eye to be tested; (c) blocking light from entering the other eye; and (d) observing whether or not the pupil in the eye to be tested dilates. The device for monitoring pupillary response includes a housing; an eyeglass cup attached to the housing, the eyeglass cup including an insert tower and a glass aperture disposed on an end of the insert tower; a power supply disposed in the housing; a light source connected to the power supply; and a switch for controlling power to the light source.

## DEPARTMENT OF DEFENSE

### Department of the Army; Corps of Engineers

#### **Intent Prepare a Draft Environmental Impact Statement (DEIS) for the Bogue Banks Shore Protection Feasibility Study, in Carteret County, NC**

**AGENCY:** Army Corps of Engineers, DoD.

**ACTION:** Notice of intent.

**SUMMARY:** The Bogue Banks study area is located on the coast of North Carolina, about 80 miles of north Wilmington, North Carolina. This area is at risk from hurricanes and winter storms, which regularly erode the shoreline, causing damages to structures and environmental resources. The proposed shoreline protection study will evaluate several alternatives for implementing solutions to shore protection and related issues on Bogue Banks. These alternatives may include restoration of berms and dunes, with stabilizing vegetation on dunes, removal and/or relocation of structures, and the no-action alternative. The potential project area may be up to 24 miles in length (*i.e.*, from Beaufort to Bogue Inlets). Potential benefits from the proposed project, include the protection of structures and their related infrastructure (*i.e.*, roads, utility lines, etc.), improved aesthetic and recreation opportunities, and improved habitat conditions for endangered species.

#### **FOR FURTHER INFORMATION CONTACT:**

Questions about the proposed action and DEIS can be answered by: Mr. Hugh Heine; Environmental Resources Section; U.S. Army Engineer District, Wilmington; Post Office Box 1890; Wilmington, North Carolina 28402-1890; telephone: (910) 251-4070.

**SUPPLEMENTARY INFORMATION:** The proposed shore protection project may consist of a berm or combination of berm and dune to be constructed along various reaches of the oceanfront within the study area. Additionally, the removal and/or relocation of structures from the shoreline will be evaluated. The selection of final project features and reaches for inclusion in the recommended plan will be based on a maximization of net benefits. During the feasibility study, potential offshore sources of borrow material and quantities of sand required for project construction will be determined. Maintenance of project reaches are expected to require renourishment every 3 to 5 years; however, renourishment of portions of the project area could be required more frequently.

Alternative methods of beach nourishment and dredging of offshore borrow areas will also be evaluated including the use of an ocean-certified hydraulic pipeline or hopper dredge.

All private parties and Federal, State, and local agencies having an interest in the study are hereby notified of the study and are invited to comment at this time. Also, a scoping letter requesting input to the study was sent to all known interested parties on December 29, 1999.

Based on comments received to date, a scoping meeting will not be needed. All comments received as a result of this notice of intent and the scoping letter will be considered in the preparation of the DEIS.

Significant environmental resources to be addressed in project development include: (1) Benthic resources, (2) sea turtles and marine mammals, and (3) cultural resources. Efforts will be made to enhance resource conditions and minimize impacts.

The lead agency for this project is the U.S. Army Corps of Engineers District, Wilmington. Cooperating agency status has not been assigned to, nor requested by, any other agency. The DEIS is being prepared in accordance with the requirements of the National Environmental Policy Act of 1969, as amended, and will address the relationship of the proposed action to all other applicable Federal and State Laws and Executive Orders. The DEIS is
