Energy West Development, Inc.;
Notice of Application

On October 3, 2002, Energy West Development, Inc. (Energy West), PO Box 2229, Great Falls, Montana, 59403, filed an application pursuant to section 7 of the Natural Gas Act (NGA), as amended, and sections 157 Subparts A and F and 284 Subpart G of the Federal Energy Regulatory Commission's (Commission) Rules and Regulations thereunder. Energy West requests authorization: to convert about 34 miles of oil pipeline to natural gas pipeline operation; for a Subpart F construction, operation and abandonment blanket certificate (CP03-3-000); and, for a Subpart G transportation blanket certificate (CP03-4-000). The facilities are necessary to provide additional incremental firm and interruptible transportation service of 13,500 Decatherms per Day(Dth/d) for market area load, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is available for

Energy West also seeks acceptance of an initial tariff and initial rates, and requests that the Commission accept for filing a negotiated rate transaction with Prairielands Energy Marketing, Inc. that does not conform to the proposed initial rates. Energy West submitted precedent agreements with Prairielands Energy Marketing, Inc.(10,000 Dth/d) and Howell Petroleum Corp.(5,000 Dth/d) for interruptible transportation service; and, with Energy West Resources, Inc. for 10,000 Dth/d of firm transportation service.
