

is "more in balance with deliverable supplies" for the live cattle futures contract. In particular, the Exchange states that deliverable supplies of live cattle meeting the futures contract's existing weight specifications have been adversely impacted by the "significant increase in slaughter weights of cattle in the U.S." As a result, "a growing proportion of the U.S. fed steer population is rapidly becoming ineligible for delivery against the Live Cattle contract." In this regard, the futures contract does not permit the delivery on a live-graded basis of individual steers weighing more than 1,350 pounds (or 1,375 pounds effective with the June 2003 contract month). However, the average carcass weight for steers has increased steadily in recent years, and in August 2002 was 837 pounds, for a live-weight equivalent of 1,329 pounds.

The Exchange has proposed to implement the subject proposed amendments only for existing contracts, beginning with the December 2002 contract month through the October 2003 contract month. The Exchange has separately notified the Commission that it will delay listing of the December 2003 contract month, pending its consideration of additional contract changes. In this regard, the Exchange notes that it is contemplating amendments that will increase the weight specifications for the live cattle futures contract to accommodate the higher observed weights in the cash market and will make additional amendments to the spot-month speculative position limits.

The Division is requesting comment on the proposal. Copies of the Exchange's proposed amendments will be available for inspection at the Office of the Secretariat, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581. Copies of the proposed amendments can also be obtained through the Office of the Secretariat by mail at the above address or by phone at (202) 418-5100.

Other materials submitted by the CME in support of the request for approval may be available upon request pursuant to the Freedom of Information Act (5 U.S.C. 552) and the Commission's regulations there under (17 CFR part 145 (2000)), except to the extent they are entitled to confidential treatment as set forth in 17 CFR 145.5 and 145.9. Requests for copies of such materials should be made to the FOI, Privacy and Sunshine Act Compliance Staff of the Office of Secretariat at the Commission's headquarters in accordance with 17 CFR 145.7 and 145.8.

Any person interested in submitting written data, views, or arguments pertaining to the proposed amendments or with respect to other materials submitted by the CME should send such comments to Jean A. Webb, Secretary, Commodity Futures Trading Commission, Three Lafayette Centre 1155 21st Street, NW., Washington, DC 20581 by the specified date.

Issued in Washington, DC on October 24, 2002.

GENERAL SERVICES ADMINISTRATION

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[OMB Control No. 9000-0069]

Federal Acquisition Regulation; Submission for OMB Review; Indirect Cost Rates

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for public comments regarding an extension to an existing OMB clearance (9000-0069).

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Federal Acquisition Regulation (FAR) Secretariat has submitted to the Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information collection requirement concerning indirect cost rates. A request for public comments was published at 67 FR 19558 in the **Federal Register** on April 22, 2002 and a correction to dates published at 67 FR 39473 on June 7, 2002. Comments were received. Differences in numbers from previous submissions are the result of revised estimates after considering comments received.

DATES: Submit comments on or before November 29, 2002.

ADDRESSES: Submit comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: FAR Desk Officer, OMB, Room 10102, NEOB, Washington, DC 20503, and a copy to the General Services Administration, Regulatory Secretariat (MVA), 1800 F Street, NW, Room 4035, Washington, DC 20405. Please cite OMB Control No. 9000-0069,

Indirect Cost Rates, in all correspondence.

FOR FURTHER INFORMATION CONTACT:
Linda Klein, Acquisition Policy
Division, GSA (202) 501-3775.

SUPPLEMENTARY INFORMATION:

A. Purpose

The contractor's proposal of final indirect cost rates is necessary for the establishment of rates used to reimburse the contractor for the costs of performing under the contract. The supporting cost data are the cost accounting information normally prepared by organizations under sound management and accounting practices. The proposal and supporting data is used by the contracting official and auditor to verify and analyze the indirect costs and to determine the final indirect cost rates or to prepare the Government negotiating position if negotiation of the rates is required under the contract terms.

B. Annual Reporting Burden

Respondents: 3,000.

Responses Per Respondent: 1.

Annual Responses: 3,000.

Hours Per Response: 2,188.

Total Burden Hours: 6,564,000.

Burden hours are based on an estimated 3000 business segments that have overhead rates established annually. The hours per response are based on the sum of estimated hours per response for reporting and estimated hours per response for recordkeeping. The estimated total burden hours increased substantially from 2,469 hours to 6,564,000 hours for all respondents because we changed the method of estimating, not because the burden has increased. Prior estimates were based on the time to generate a proposal document. The new estimate is based on the time necessary to keep records, analyze information and generate a proposal document.

Obtaining copies of proposals:

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat (MVA), Room 4035, 1800 F Street, NW, Washington, DC 20405, telephone (202) 501-4755. Please cite OMB Control No. 9000-0069, Indirect Cost Rates, in all correspondence.

Dated: October 24, 2002.

Director, Acquisition Policy Division.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests.
