The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the "Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department of Commerce's ("Department") regulations are to 19 CFR part 351 (2001).

Background

On February 25, 1997, the Department issued the antidumping duty orders on dinnerware from Indonesia, China, and Taiwan, and amended final determination of sales at less than fair value on dinnerware from Indonesia (62 FR 8426). Pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act") and 19 CFR 351.218, the Department initiated sunset reviews of these orders by publishing a notice of the initiation in the **Federal Register**, January 2, 2002, (67 FR 57). In addition, as a courtesy to interested parties, the Department sent letters, via certified and registered mail, to each party listed on the Department's most current service list for these proceedings to inform them of the automatic initiation of a sunset review of these orders.

No domestic interested parties in any of these sunset reviews of these orders responded to the notice of initiation by the January 17, 2002, deadline (*see* 351.218 (d)(1)(i)).

Determination to Revoke

Pursuant to section 751(c)(3)(A) of the Act and 19 CFR 351.218(d)(1)(iii)(B)(3), if no domestic interested party responds to the notice of initiation, the Department shall issue a final determination, within 90 days after the initiation of the review, revoking the order. Because no domestic interested party responded to the notice of initiation by the applicable deadline, January 17, 2002 (*see* 19 CFR 351.218 (d)(1)(i) and 19 CFR 351.218 (e)(1)(i)(C)(1)) of the Sunset Regulations)), we are revoking these antidumping duty orders.

Effective Date of Revocation

In accordance with sections 751(c)(3)(A) and 751(d)(2) of the Act, and 19 CFR 351.222(i)(2)(i), the Department will instruct the Customs Service to terminate the suspension of liquidation of the merchandise subject

to these orders entered, or withdrawn from warehouse, on or after February 25, 2002. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and antidumping/countervailing duty deposit requirements. The Department will complete any pending administrative reviews of these orders and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

Dated: February 12, 2002.

Assistant Secretary for Import Administration.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Changed Circumstances Review, and Revocation in Part of Antidumping Duty Order.

SUMMARY:

On December 31, 2001, the Department of Commerce ("the Department") published a notice of initiation and preliminary results of a changed circumstances review with the intent to revoke, in part, the antidumping duty order on certain corrosion-resistant carbon steel flat products from Japan. See *Certain Corrosion-Resistant Carbon Steel Flat Products From Japan: Notice of Initiation and Preliminary Results of Changed Circumstances Review of the Antidumping Order and Intent to Revoke Order in Part*, 66 FR 67507 (December 31, 2001) ("Initiation and Preliminary Results"). In our Initiation and Preliminary Results, we gave interested parties an opportunity to comment; however, we did not receive any comments. We are now revoking this order, in part, with respect to the particular carbon steel flat products described below, based on the fact that

domestic parties have expressed no interest in the continuation of the order with respect to these particular carbon steel flat products.

EFFECTIVE DATE: February 19, 2002.

THE APPLICABLE STATUTE AND REGULATIONS

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 ("the Act") by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations as codified at 19 C.F.R. Part 351 (2001).

SUPPLEMENTARY INFORMATION:

Background

On November 21, 2001, Dana Glacier Daido America, LLC ("Dana") requested that the Department revoke in part the antidumping duty order on certain corrosion-resistant carbon steel flat products from Japan. Specifically, Dana requested that the Department revoke the order with respect to imports meeting the following specifications: carbon steel coil or strip, measuring a minimum of and including 1.10 millimeters to a maximum of and including 4.90 millimeters in overall thickness, a minimum of and including 76.00 millimeters to a maximum of and including 250.00 millimeters in overall width, with a low carbon steel back comprised of: carbon under 0.10%, manganese under 0.40%, phosphorus under 0.04%, sulfur under 0.05%, and silicon under 0.05%; clad with aluminum alloy comprised of: under 2.51% copper, under 15.10% tin, and remainder aluminum as listed on the mill specification sheet.

On November 29, 2001, domestic producers of the like product, Bethlehem Steel Corporation, LTV Steel Company, Inc., National Steel Corporation, and U.S. Steel Group LLC, informed the Department that they have no interest in the importation or sale of steel from Japan with these specialized characteristics. Subsequently, as noted above, we gave interested parties an opportunity to comment on the Initiation and Preliminary Results. We received no comments from interested parties.

Scope of Changed Circumstances Review

The merchandise covered by this changed circumstances review is certain corrosion-resistant carbon steel flat products from Japan. This changed circumstances administrative review covers all manufacturers/exporters of carbon steel flat products meeting the following specifications: carbon steel coil or strip, measuring a minimum of and including 1.10 millimeters to a maximum of and including 4.90 millimeters in overall thickness, a minimum of and including 76.00 millimeters to a maximum of and including 250.00 millimeters in overall width, with a low carbon steel back comprised of: carbon under 0.10%, manganese under 0.40%, phosphorous under 0.04%, sulfur under 0.05%, and silicon under 0.05%; clad with aluminum alloy comprised of: under 2.51% copper, under 15.10% tin, and remainder aluminum as listed on the mill specification sheet.

Final Results of Review; Partial Revocation of Antidumping Duty Order

The affirmative statement of no interest by petitioners concerning carbon steel flat products, as described herein, constitutes changed circumstances sufficient to warrant partial revocation of this order. Also, no party commented on the Initiation and Preliminary Results. Therefore, the Department is partially revoking the order on certain corrosion-resistant carbon steel flat products from Japan with regard to products which meet the specifications detailed above, in accordance with sections 751(b) and (d) and 782(h) of the Act and 19 CFR 351.216(d). We will instruct the U.S. Customs Service ("Customs") to liquidate without regard to antidumping duties, as applicable, and to refund any estimated antidumping duties collected for all unliquidated entries of certain corrosion-resistant carbon steel flat products meeting the specifications indicated above, and not subject to final results of an administrative review as of the date of publication in the Federal Register of the final results of this changed circumstances review in accordance with 19 CFR 351.222.

This notice serves as a reminder to parties subject to administrative protective orders ("APOs") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.306. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested.

Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This changed circumstances administrative review, partial revocation of the antidumping duty order and notice are in accordance with sections 751(b) and (d) and 782(h) of the Act and sections 351.216(e) and 351.222(g) of the Department's regulations.

Notice of Extension of Time Limit of Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from France

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: February 19, 2002.

FOR FURTHER INFORMATION CONTACT: Alex Villanueva, AD/CVD Enforcement Group III, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-0408.

SUPPLEMENTARY INFORMATION:

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act) are to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are to 19 CFR part 351 (April 2001).

Background

On October 1, 2001, the Department published a notice of initiation of the administrative review of the antidumping duty order on Stainless Steel Sheet and Strip in Coils from France, covering the period July 1, 2000, through June 30, 2001 (66 FR 49924). The preliminary results are currently due no later than April 2, 2002.

Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Act states that the administering authority shall make a preliminary determination within 245 days after the last day of the month in which occurs the anniversary of the date of publication of the order, finding, or suspension agreement for which the review under paragraph (1) is requested. If it is not practicable to complete the review within the foregoing time, the administering authority may extend that 245 day period to 365 days. Completion of the preliminary results within the 245 day period is impracticable for the following reasons: (1) This review involves certain complex issues (e.g., home market downstream sales); (2) this review involves certain complex U.S. further manufacturing; (3) the corporate structure has changed from previous administrative reviews which affects several calculations including, but not limited to, warehouse expenses, inland freight, and inventory. See also 19 CFR 351.213(h)(2).

Because it is not practicable to complete this review within the time specified, we are extending the time limit of the preliminary results of the administrative review of stainless steel sheet and strip in coils from France by 120 days, in accordance with section 751(a)(3)(A) of the Act.

The deadline for issuing the preliminary results is extended from April 2, 2002, to July 31, 2002.
