The ATP is a competitive cost-sharing program designed for the Federal government to work in partnership with industry, universities, and states to accelerate the development and broad dissemination of challenging, high-risk technologies that offer the potential for significant commercial payoffs and widespread benefits for the nation.

The Technology Conference title, "Are You Sure, It is Secure?" and "How to Secure Your Share of Federal Funding," will consist of three Tracks. The Advanced Technology Program will host a robust track on Advanced Technology Development and Commercialization Opportunities. This track will focus on information about the over \$1 billion of funding opportunities available for advanced technology research from Federal government agencies. Sessions will emphasize and highlight minority businesses' and universities' participation in these programs. Hampton University will host two tracks, the first "Cyber Crimes: An In-depth Understanding", and the second, "Information Security and Assurance."

Information on the meeting agenda and the registration requirements can be found at the ATP website at [www.atp.nist.gov](http://www.atp.nist.gov) with a link to the Hampton website or visit the Hampton Website at [www.hamptonu.edu](http://www.hamptonu.edu) and click on 'Hot News' to learn about this Conference and to access the registration form. **Description:** AmeriCorps Education Award Utilization Survey.

One of the goals of the AmeriCorps program is furthering the educational opportunities of its members. The

AmeriCorps Education Award provides up to \$4,725 to help a member pay for further education or to repay student loans. Part-time members get a pro-rated portion of that amount. (42 U.S.C. 12601 *et seq.*) The Corporation's National Service Trust data showed that about half of the AmeriCorps graduates who have earned Education Awards had begun to use them. Through the proposed study, the Corporation seeks to identify reasons for non-use of Education Awards. In addition, a thorough exploration of trends in non-use and reasons for non-use will identify ways in which the Corporation can meaningfully increase the use of Education Awards, thus furthering educational opportunity. The Corporation seeks to conduct a survey of former members of the AmeriCorps\*State and National, AmeriCorps\*VISTA and AmeriCorps\*NCCC programs. This survey will entail telephone interviews of approximately 30 minutes in length with 1,000 former AmeriCorps members. It will identify trends in and reasons for non-use of the Educational Awards.
