

**DEPARTMENT OF THE INTERIOR****Bureau of Land Management****Coteau Coal Lease Application**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of intent to prepare an environmental impact statement for coal lease application and notice of scoping.

**SUMMARY:** The Coteau Properties Company applied for a lease of Federal coal reserves at the Freedom Mine, Mercer County, North Dakota. The Bureau of Land Management (BLM) will analyze the proposed action in accordance with the National Environmental Policy Act (NEPA). At least two alternatives will be considered: (a) A no-action alternative in which federal coal reserves would not be available for lease, and (b) an alternative in which all or portions of the federal coal reserves would be made available for lease.

After an initial review, BLM has determined that an environmental impact statement (EIS) will be prepared to disclose effects that may result from strip mining. A public scoping period will be held to allow interested parties to submit comments or information relevant to preparation of the EIS.

**DATES:** Publication of this notice will initiate the public scoping comment process, which will end after 30 days. Comments on issues may be submitted in writing to BLM at the address listed below.

**Public Participation:** A goal of public involvement is to identify issues pertinent to the proposal. The BLM invites written comments and suggestions on this action, particularly in terms of issues and development of alternatives. People may visit with BLM officials at any time during the analysis.

**ADDRESSES:** Please send comments, concerns or questions to Field Office Manager, North Dakota Field Office, Bureau of Land Management, 2933 3rd Avenue West, Dickinson, ND 58601. For further information and/or to have your name added to our mailing list, please write to the address above, or contact Lee Jefferis (701-227-7713), or Mary Ramsey (701-227-7706) by telephone.

**SUPPLEMENTARY INFORMATION:** On January 18, 2002, The Coteau Properties Company filed an application with BLM to lease 5, 571 acres of Federal coal at the following locations:

The tracts include an estimated 90 million tons of recoverable coal.

The Office of Surface Mining Reclamation and Enforcement (OSM) will be a cooperating agency in the preparation of the EIS. If Federal lands are leased, they must be incorporated into the existing mine plan before Federal coal reserves can be mined. OSM is responsible for recommending approval, approval with conditions, or disapproval of the revised mine plan to the Secretary of the Interior.

The primary issue raised during our initial review of the application involves American Indian Traditional/Cultural features. Mining will result in impacts to cultural resources. Based on cultural resource inventories, 200 archeological sites with 1,700 stone features have been identified. Forty of these sites have been determined eligible for listing in the National Register of Historic Places. Native American tribes have voiced concerns about the cumulative effects of mining on these cultural resources.

Comments, including names and street addresses of respondents, will be available for public inspection at the BLM North Dakota Field Office. Individual respondents may request confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this at the beginning of your written comment. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

## DEPARTMENT OF JUSTICE

### Drug Enforcement Administration

[Docket No. 00-12]

#### Jeffrey Martin Ford, D.D.S. Grant of Restricted Registration

On October 29, 1999, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration (DEA), issued an Order to Show Cause to Jeffrey Martin Ford, D.D.S. (Respondent), proposing to deny his application for a DEA Certificate of Registration pursuant to 21 U.S.C. 823(f) and 824(a).

By letter dated November 22, 1999, the Respondent requested a hearing on the issues raised by the Order to Show Cause. Following prehearing procedures, a hearing was held on June 15, 2000, in Boston, Massachusetts. At the hearing, the Government called two witnesses to testify and the Respondent testified on his behalf. Both parties also introduced documentary evidence. After the hearing, both parties submitted proposed findings of fact, conclusions of law, and argument. On February 6, 2001, Administrative Law Judge Mary Ellen Bittner (Judge Bittner) issued her Opinion and Recommended Ruling, Findings of Fact, Conclusions of Law and Decision, recommending that Respondent's application for registration be granted subject to various conditions. Neither party filed exceptions to Judge Bittner's opinion, and on March 6, 2001, Judge Bittner transmitted the record of these proceedings to the then-Deputy Administrator.

The Deputy Administrator has considered the record in its entirety, and pursuant to 21 CFR 1316.67, hereby issues his final order based upon findings of fact and conclusions of law as hereinafter set forth. The Deputy Administrator adopts in full the recommended rulings of fact, conclusions of law and decision of the Administrative Law Judge. His adoption is in no manner diminished by any recitation of facts, issues, or conclusions herein, or of any failure to mention a matter of fact or law.

The Deputy Administrator finds that the Respondent graduated from dentistry school in 1972, and following 24-month residency in orthodontics at Case Western Reserve University School of Dentistry, he established an orthodontic practice in Boston Massachusetts in 1974. In 1983, the Respondent relocated to Phoenix, Arizona, where he became licensed to practice dentistry, and then established
