#### SUPPLEMENTARY INFORMATION

##### I. Background

Sections 5, 6(a)(3) and 8 of the Fair Labor Standards Act (FLSA), administered by the Wage Hour Division, provide that covered, nonexempt employees in American Samoa may be paid a minimum wage rate established by a special industry committee. The committee is to recommend to the Secretary of Labor the highest minimum wage rate (not to exceed the rate required under section 6(a)(1) of the FLSA) that it will not substantially curtail employment in the industry and will not give any industry in American Samoa a competitive advantage over any other industry in the United States outside of American Samoa. The Secretary of Labor must submit to the industry committee economic data to enable the committee to recommend the industry wage rates. The Economic Survey Schedule (WH-1) is a voluntary use form completed by employers in American Samoa to disclose certain economic data concerning their establishment.

This information collection is currently approved for use through August 31, 2003.

##### II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

#### SUPPLEMENTARY INFORMATION:

##### I. Background

It is also required that an itemized written statement of this information be provided to each worker each pay period. The WH-501 (English) and WH-501S (Spanish) are optional forms which an employer may use for this purpose. This information collection is currently approved for use through August 31, 2003.
