BILLING CODE 4710-08-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Intent to Rule on Application To Impose and Use the Revenue From a Passenger Facility Charge (PFC) at Roswell Industrial Air Center, Roswell, NM

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to rule on application.

SUMMARY: The FAA proposes to rule and invites public comment on the application to impose and use the revenue from a PFC at Roswell Industrial Air Center under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990) (Pub. L. 101-508) and part 158 of the Federal Aviation Regulations (14 CFR part 158). **DATES:** Comments must be received on or before April 21, 2003.

ADDRESSES: Comments on this application may be mailed or delivered in triplicate copies to the FAA at the following address: Mr. G. Thomas Wade, Federal Aviation Administration, Southwest Region, Airports Division, Planning and Programming Branch, ASW-611, Fort Worth, Texas 76193-0610.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Dennis B. Ybarra, Air Center Manager of Roswell Industrial Air Center at the following address: Roswell Industrial Air Center, 1 Jerry Smith Circle, Roswell, NM 88201.

Air carriers and foreign air carriers may submit copies of the written comments previously provided to the Airport under section 158.23 of part 158.

FOR FURTHER INFORMATION CONTACT: Mr. G. Thomas Wade, Federal Aviation Administration, Southwest Region, Airports Division, Planning and Programming Branch, ASW-611, Fort Worth, Texas 76193-0610, (817) 222-5613.

The application may be reviewed in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA proposes to rule and invites public

comment on the application to impose and use the revenue from a PFC at Roswell Industrial Air Center under the provisions of the Aviation Safety and Capacity Expansion Act of 1990 (Title IX of the Omnibus Budget Reconciliation Act of 1990) (Pub. L. 101-508) and part 158 of the Federal Aviation Regulations (14 CFR part 158).

On March 11, 2003, the FAA determined that the application to impose and use the revenue from a PFC submitted by the Airport was substantially complete within the requirements of section 158.25 of part 158. The FAA will approve or disapprove the application, in whole or in part, no later than July 8, 2003.

The following is a brief overview of the application.

Level of the proposed PFC: \$4.50.

Proposed charge effective date: October 1, 2003.

Proposed charge expiration date: December 1, 2008.

Total estimated PFC revenue: \$267,460.

PFC application number: 03-02-C-00-ROW.

Brief description of proposed project(s):

Projects To Impose and Use PFC'S

1. Reconstruct Runway 17/35.
2. Construct ARFF Perimeter Roads.
3. Airfield Safety Improvements.
4. Install PAPI and REIL.
5. Upgrade Runway 17/35 Shoulders.
6. PFC Administrative Costs.

Proposed class or classes of air carriers to be exempted from collecting PFC's: None.

Any person may inspect the application in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT** and at the FAA regional Airports office located at: Federal Aviation Administration, Southwest Region, Airports Division, Planning and Programming Branch, ASW-610, 2601 Meacham Blvd., Fort Worth, Texas 76137-4298.

In addition, any person may, upon request, inspect the application, notice and other documents germane to the application in person at Roswell Industrial Air Center.

Issued in Fort Worth, Texas on March 12, 2003.

Joseph G. Washington,

Acting Manager, Airports Division.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

[FHWA Docket No. 2003-14683]

Request for Clearance of a New Information Collection: Information on Tribal Government Transportation Programs

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the requirements in section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, this notice announces the intention of FHWA to request the Office of Management and Budget's (OMB) approval for a new information collection identified below under Supplementary Information. The collection involves information on Tribal governments' transportation programs. The information to be collected will be used for evaluating tribal transportation programs and identifying best practices.

DATES: Please submit comments on or before May 20, 2003.

ADDRESSES: You may mail or hand deliver comments to the U.S. Department of Transportation, Dockets Management Facility, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590; telefax comments to (202) 493-2251; or submit electronically at <http://dmses.dot.gov/submit>. All comments should include the docket number in this notice's heading. All comments may be examined and copied at the above address from 9 a.m. to 5 p.m., Monday through Friday, except Federal holidays. If you desire a receipt you must include a self-addressed stamped envelope or postcard or, if you submit your comments electronically, you may print the acknowledgment page.

FOR FURTHER INFORMATION CONTACT: Mr. Tim Penney, (202) 366-2698, Office of Planning, Federal Highway Administration, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590. Office hours are from 7:30 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: Information on Tribal Government Transportation Programs.

Background: FHWA proposes to fund a project through the National Cooperative Highway Research Program Synthesis project. The project goal is to gather information on tribal

governments' transportation programs. The information will include funding information, staffing, and administration of transportation projects and programs. Information will also be requested of tribal governments on cooperative projects with state and local governments.

The information will be used to prepare a summary of how tribal transportation programs are funded and staffed and how tribal governments administer programs with the Bureau of Indian Affairs, FHWA, and state and local governments. Information will be evaluated and best practices will be identified. The information will be shared with tribal governments and states for their use in developing and enhancing effective transportation programs for tribal governments.

Respondents: 100 tribal government transportation staff.

Frequency: The information will be collected one time for purposes of the synthesis study.

Estimated Average Burden per Response: The estimated average reporting burden per response is 2 hours.

Estimated Total Annual Burden Hours: The estimated average burden is 2 hours per respondent. The FHWA goal is to get information from 100 tribal governments as minimum. The estimated total annual burden is 200 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burdens could be minimized, including use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Electronic Access: Internet users may access all comments received by the U.S. DOT Dockets, Room PL-401, by using the universal resource locator (URL): <http://dms.dot.gov>. It is available 24 hours each day, 365 days each year. Please follow the instructions online for more information and help. An electronic copy of this document may be downloaded using a modem and suitable communications software from the Government Printing Office Electronic Bulletin Board Service at telephone number 202-512-1661. Internet users may reach the **Federal Register's** home page at <http://>

www.nara.gov/fedreg and the Government Printing Office's database at <http://www.access.gpo.gov/nara>.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: March 17, 2003.

James R. Kabel,

Chief, Management Programs and Analysis Division.

BILLING CODE 4910-22-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Wayne County, MI

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is reissuing this notice (originally published March 13, 2002) to advise the public that an environmental impact statement (EIS) will be prepared for proposed intermodal freight terminal(s) in Wayne County and/or Oakland Counties, Michigan. This Notice revises the published Notice of Intent of March 13, 2002.

FOR FURTHER INFORMATION CONTACT:

James A. Kirschensteiner, Assistant Division Administrator, Federal Highway Administration, 315 West Allegan Street, Room 207, Lansing, Michigan 48933, Telephone: (517) 702-1835, or Ms. GERALYN AYERS, Supervisor, Environmental Section, Bureau of Transportation Planning, Michigan Department of Transportation, P.O. Box 30050, Lansing Michigan 48909, Telephone: (517) 373-2227.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Michigan Department of Transportation, will prepare an environmental impact statement (EIS) for a proposed project to develop existing individual intermodal terminals or a complex of terminals operated by several railroads to provide consolidated intermodal freight service to business and industry. The project could include roadway and rail improvements to the existing terminal sites, known as the Detroit-Livernois Yard, CP Expressway, CP Oak, and CN Moterm. Improvements are considered necessary to meet the future need for improved intermodal efficiencies regionally and on a national scale. The purpose of the project is to support the economic competitiveness of southeastern Michigan and the state of Michigan by improving freight

transportation opportunities and efficiencies for business and industry.

Existing intermodal rail terminals are generally located as follows: (a) The Detroit-Livernois Yard owned/operated by CSX and Norfolk Southern Railroads and located west of Livernois Avenue and south of John Kronk Street, in Wayne County; (b) the CP (Canadian Pacific)—Expressway, east of I-75 and south of Michigan Avenue, behind the Michigan Central Depot, in Wayne County; (c) the CP (Canadian Pacific)—Oak, in the northwest quadrant of the interchange of I-96 with the Southfield Freeway, in Wayne County; (d) the CN (Canadian National)—Moterm, north of 8 Mile Road and east of Woodward Avenue, in Oakland County; and, (e) the NS (Norfolk Southern) intermodal terminals in Southwest Detroit and Melvindale known as NS Delray and NS Triple Crown, respectively. Norfolk Southern Railroad intends to consolidate its intermodal activity at these last two terminals into the Detroit-Livernois Yard, leaving that as the only NS intermodal terminal location for analysis in the Detroit Intermodal Freight Terminal Project. Mazda has an intermodal terminal at Flat Rock in Wayne County, which is not part of this project because it is not available for non-Mazda, commercial business purposes.

Alternatives under consideration include: (1) Taking no action, which involves the affected railroads mentioned above, proceeding with improvements and developments on the railroads' own schedule to meet their current intermodal market demands; (2) improving/expanding existing intermodal terminals (a through d, mentioned above) at their current locations; and (3) consolidation of regional intermodal operations at the Detroit-Livernois Yard. Alternative 3 is to be a refinement of the concept identified as Rail Strategy 3 in the Detroit Intermodal Freight Terminal Project Feasibility Study, Technical Report No. 4. This alternative was the focus of the Notice of Intent published March 13, 2002, that notice being hereby revised. The draft EIS will describe alternatives for improving intermodal activity in Southwest Michigan including those that were considered during the Feasibility Study of the Detroit Intermodal Freight Terminal Project. Those alternatives considered prudent and feasible will be studied further.

Letters describing the proposed action and soliciting comments will be sent to appropriate federal, state, and local agencies, and to private organizations and citizens who have previously
